cents) on each Basuto as a contribution to the funds being raised in England for the relief of the sufferers by the war. The government announces that his offer has been 'gratefully accepted.'

A levy such as that proposed by Chief Griffith would swell the relief fund by approximately \$100,000, as the total native population of Basutoland, according to the census of 1911 was 404,507.

IN SUSPICIOUS MOOD

London, Oct. 12.—Notwithstanding the reassuring statements issued by the home office last Thursday to the effect that the spy system established by Germany in this country has been completely broken up, Admiral Lord Charles Beresford, retired, is convinced that it still exists and constitutes a grave menace to the safety of the country.

In a letter published today Lord Charles calls upon his countrymen "to take strong action with regard to the crowd of alien enemies in our midst. He urges that meetings be held in every town and that resolutions be adopted protesting against the present state of affairs, and sent to the prime minister."

EXPECTS HOSTILE AIRCRAFT.

London, Oct. 12.—The only notice of the arrival of hostile aircraft in the mouth of the Thames and Medway, says the mayor of Gravesend, in a proclamation issued today, will be the firing of guns from the defences. The notice adds:

"Persons seeking to gratify their curiosity will do so at their own risk. When firing is heard the people should immediately take shelter in the lower rooms or cellars of their buildings."

PRUSSIAN CASUALTY LIST

London, Oct. 13.—The forty-four list of losses in the Prussian army, total of 211,000 killed, wounded and which have been published contain a missing, according to a Reuter despatch from Amsterdam.

The lists do not include losses among the Bavarians, Saxons and Wurttembergians.

loaded car to prevent it being shoved back by the C.P.R. force, who were immediately summoned. A C.P.R. locomotive was hurried out of the round-house and an effort was made to shove the rail-loaded car back to its old position and thus block the work again. During the attempts, however, the car was derailed and C.P.R. officials were helpless to further block the Valley Railway force from building the crossing.

The local police were called out and they were kept busy throughout the night endeavoring to prevent the almost constantly recurring clashes between the forces of the two railway companies.

Yesterday afternoon Mr. V. L. Harshaw, superintendent of this division of the C.P.R., arrived from Brownville Junction and took charge of the situation for the C.P.R. Mr. T. B. Kidmore, chief of the C.P.R. police on this division, and Mr. D. H. Ryan of St. John, who is Mr. Harshaw's assistant, were also here.

It is asserted that the C.P.R. must either allow the crossing to remain where it has been placed or show cause why it has been removed, and further developments will be awaited with interest.

CITY OF BERLIN

SETS FAST PACE

Ottawa, Oct. 12.—The City of Waterloo, population of six thousand, one of the chief German-Canadian centres of Ontario, has subscribed \$48,000 to the Canadian Patriotic Fund, according to the statement of William Weichel, M.P. This is at the rate of \$10 a head, or relatively larger than any contribution yet made by a Canadian city.

Berlin's contribution to the patriotic fund has exceeded the \$90,000 mark and the officers report that subscriptions have not ceased pouring into headquarters. It was reported that there will be nearly five hundred contributors to the fund in that city, most of whose eighteen thousand people are of German descent.

TO WED TOMORROW.

A wedding of interest will take place tomorrow when Miss Annie F. McMurtrie, daughter of Mr. and Mrs. Robert McMurtrie, will be united in marriage to Frederick Johnson of the post office staff.

Mr. G. M. McCready, of Hampton, spent the holiday in the city yesterday with his brother, City Clerk J. W. McCready.

FORMER FREDERICTONIAN ON MURDER CHARGE

Wainwright, Ala., Oct. 10.—T. G. Cook, who is charged with the murder of W. B. Crawford, his business partner, will be tried in the Supreme Court at Edmontan commencing Oct. 19th.

The evidence secured by detectives is all circumstantial, and the case will undoubtedly prove the move sensational the province has ever known.

A swarm of detectives worked on the case up until the time Cook was arrested on August 31st. Plainclothes men in the employ of the government, Mounted Police sleuths, as well as Pinkerton and former Scotland Yard men, were here. J. D. Nicholson, chief of Alberta detectives made the arrest at the accused's office here. Two months transpired from the time Crawford's body was found in an old well on a farm owned by Cook until the arrest was finally made.

CRAWFORD'S DISAPPEARANCE.

Crawford was seen for the last time alive on the night of May 14. At 11.15 a young couple passed him three blocks from his home going in that direction. Little concern was felt for some time as various reports were circulated as to where he had gone. Many were of the opinion that he had gone to the Calgary oil fields. Others thought he had gone away on a pleasure trip, perhaps accompanied by a female companion. His relatives showed little or no anxiety, which was probably due to the fact that it was not the first time he had disappeared. All kinds of theories were advanced, none of which seemed to work out.

A few days after his disappearance the report was brought to town by a homesteader that a well on a farm, owned by T. G. Cook, about five miles south of town, had been filled in for no apparent reason. This farm was leased a year ago last spring to a man named Wheaton for a period of three years. A dispute, however, over the purchase of some oats arose between Wheaton and Cook and the lessee moved off the farm.

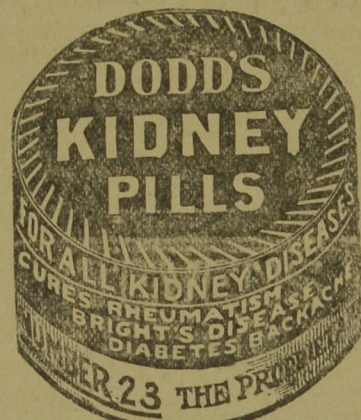

Since coming West six and a half years ago T. G. Cook has been very successful and is managing director of the Imperial Lumber Co., which is capitalized at a big figure. Branch yards of the company are located at six different towns along the line of the G.T.P. The estimate of his wealth is \$175,000, the greater part of which he has made since coming west. Many estimate his wealth at a much bigger figure.

There is no truth in this report, however, which grew out of the fact that Cook kept his business to himself and in every way was of a most conservative nature. The estimate of \$175,000 is approximately correct.

"THE COUNT OF MONTE CRISTO" Frederickton theatregoers will have an opportunity of seeing James O'Neill in his famous version of Dumas' masterpiece, "The Count of Monte Cristo," in five acts on Monday and Tuesday of next week at the Gaiety Theatre. Endorsed by three generations of continued popularity, this famous actor and fascinating play are too well known and admired to require extended comment. Dumas' powerful story illustrates with sweeping force the eternal triumph of right and its development is marked by the sustained charm of genius. This attraction will represent the first of the Famous Player Features which are now booked exclusively at the Gaiety Theatre.
