WHERE ARE THE WARDENS?

To the Editor of The Mail,
 Sir--Is there any Game Warden this season in the southern part of the Province, and if any have been appointed do they expect to get any pay. Also is it necessary for a minor to have a license to shoot deer the impression in this part seems to be that any young lad can take an old gun and shoot a deer and it appears to be all right.

J. CLARK & SON FREDERICTON and ST. JOHN

A writer in the Philadelphia Ledger says with reference to the Carlislearsity game:--"There are a number of feature of Canadian football which are possible under American rules, and if adopted by our coaches would very much improve the American game. The style of play in which the Canadians excel is the passing game. The Canadian make a feature of long side passes in which the ball is passed from one man to another while both are one the dead run. This sort of football could be developed easily enough on this side if the coaches were not so set in their ways."
