## UNITED STATES ELECTIONS

(Continued from page 1)

carried South Carolina by a majority over both his opponents of more than 50,000. Returns indicate all Democratic state and congressional candidates have been elected.

### WILSON SWEEPS NEW YORK CITY

New York, Nov. 5.—The city of New York, with thirty-seven election districts missing, gives the following vote. Wilson, 305,283; Taft, 123,482; Roosevelt, 184,516.

### ROOSEVELT LEADING IN IOWA

Des Moines, Ia., Nov. 5.—At 9.45 o'clock estimates on the returns from 26 counties out of 99 in the State indicated that Roosevelt would have an estimated majority of 4,150 over Wilson.

### CANNON LIKELY BEATEN

Danville, Ills., Nov. 5.—Meagre returns indicate the defeat of former speaker Cannon by Frank T. O'Hara, of Peoria, by 1,200 plurality in the Eighteenth District.

In New York, the Democrats carried the state and the legislature. In Illinois the Democratic candidate for governor had apparently carried the state. Democratic senators appeared as successors to Republicans from Colorado, New Jersey, Delaware, Montana and several states.

### TAFT CARRIED IDAHO.

Boise, Idaho, Nov. 6.—Returns this morning show that Taft has carried the state by 8,008 and the legislature will be safely Republican on a joint ballot, thus assuring the election of two Republican United States senators.

### A GREAT SWEEP.

New York, Nov. 6.—Overturning big Republican majorities in states never before captured by the Democrats in a presidential election, the Wilson-Marshall presidential ticket was swept into office yesterday on the wave of victory that carried with it state offices, congressional seats and the control of a number of legislatures that will have the opportunity to oust Republicans from the United States senate and add to the Democratic strength in that body. Second only in interest to the overwhelming victory of Governor Wilson and his running mate, Governor Marshall, was the strength shown by Colonel Roosevelt in Illinois, Pennsylvania and other states. On returns received up to this morning it appeared that Governor Wilson would have almost if not quite, 400 of the 531 votes in the electoral college, and that Col. Roosevelt would have nearly 100. President Taft had received 8 votes, those of Vermont and Utah, while the 51 votes of Idaho, Iowa, Minnesota, New Hampshire, South Dakota and Wyoming remained in the doubtful class.

In the hours that intervened between midnight and the receipt of fairly complete reports this morning there were many important changes in the results as earlier reported from closely contested states. In Pennsylvania based on returns from over half the states, the 38 votes were apparently certain for Roosevelt at eight o'clock today. The race between Taft, Roosevelt and Wilson was almost an even affair until over 185,000 ballots had been counted. At precincts outside the large cities began to report, Roosevelt and Wilson forged ahead and with something over half the votes counted Roosevelt this morning had a majority of over 20,000 with many strongholds yet to deliver their count.

Minnesota, conceded to Wilson at midnight, slipped back into the doubtful column in the early morning hours, when accessions to the Roosevelt strength reduced the proportion of the Democratic lead. Iowa, given to Roosevelt in the midnight returns, showed a strong reversal of form and at eight o'clock this morning returns from a portion of the state gave Wilson a slight lead.

### CLOSE IN NEW HAMPSHIRE.

The race in New Hampshire was so close as to make predictions of the result impossible. Taft and Wilson ran neck and neck throughout the night as the count progressed, Taft's lead varying from 13 to something over 100 and with many districts yet to be counted, the electoral vote remained at issue between the Democratic and Republican candidates.

### THE ILLINOIS VOTE.

The Roosevelt victory in Illinois showed signs of being greatly reduced as the down state precincts came in during the early morning hours. Reports from Chicago indicated that the big lead held by Colonel Roosevelt last night, gained chiefly through his large majority in Chicago and Cook County, was being steadily reduced by the vote from Democratic districts in the state at large, particularly in the southern counties. No efforts were made during the night to compute the popular vote for the presidential candidates. In the majority of states, however, the record vote was larger than at any previous presidential election and the final returns on the actual num-

ber of ballots cast for the three candidates is expected to exceed all records.

### THE REPUBLICAN SPLIT.

The defeat of President Taft, the division of the Republican vote between Taft and Roosevelt and the consequent division of Republican organizations, resulted in complete Democratic victories in many states.

### THE SOCIALIST VOTE

New York, Nov. 6.—A general increase in the Socialist vote polled by Eugene V. Debs, the Presidential candidate was accompanied by set-backs to the local socialist organizations in two of their strongholds. In Wisconsin Congressman Berger, the only Socialist in the house of representatives, was defeated with a number of other office holders, and Scheetady N.Y., where the party had elected almost a complete local ticket at the last election practically all of its candidates were defeated.

President Elect-Wilson will have behind him a greatly strengthened majority in the national house of representatives, and on the early returns, the Democrats apparently have a chance to secure control of the United States senate. In Illinois the progressives and Socialists hold the balance of power in the legislature, which is to select two United States Senators, in Colorado where two Senators are to be chosen, the Democrats are in apparent control, and in other states later returns may show a shift of the legislative power from Republican to Democratic hands.

Governor Wilson not only carried his own state, New Jersey, by a large majority, but he carried also the states of his opponents. The state of his own running mate, Indiana and the state of Col. Roosevelt's running mate, California. Control of the legislature in New Jersey assigns to the Democrats the choice of Governor Wilson's successor in the gubernatorial chair, and the choice of William Hughes as senator to succeed Senator Briggs, Republican.

### MARYSVILLE NEWS

Marysville, Nov. 6.—The new boilers for the Cotton Mill, which arrived over two weeks ago and were to be installed immediately, are still on the opposite side of the river, waiting to be unloaded. The Highway Bridge is not safe and would not stand the heavy weight of the boilers, so the government will not take any chances until the bridge is repaired. Mr. Logan and a crew of men were looking over the structure the other day and after boring a few holes they left. That is the way the matter stands at present, the Cotton Mill is in need of the new boilers which they cannot get across the river on account of the unexcusable neglect of the present government for not repairing their bridge. Perhaps it is a good thing that the boilers have arrived so as to test the strength of the bridge before it was neglected to such an extent as to fall down. Over four months ago the driveway on this bridge was badly in need of repairs but as yet it has not been attended to.

The regular monthly meeting of the Town Council was held at Town Hall last evening. His Worship Mayor C. H. Hatt was in the chair. Aldermen Robinson, Sloat and Savage were conspicuous by their absence. Town Clerk A. D. Macpherson was present and read the minutes of the previous meeting. The usual monthly bills were ordered paid and a check drawn for the same. No mention was made of the thirty-five dollars collected last spring as yet not accounted for. There was quite a heated discussion on the matter referring to the 250 loads of gravel and sand which the town had hauled off the premises of Mr. Chas. McConaught when he was road master and for which he is suing the town at the rate of ten cents per load. The matter has been placed in the hands of Ald. Percy Guthrie of Fredericton, for collection.

The sidewalks from the store corner to the residence of Mr. E. A. Tapley has been repaired and is now in first class condition. There has also been a wire fence erected the entire length, about one-quarter of a mile, through the untiring efforts of Ald. Millard Reid, who has been fighting for the past four years to bring it into effect and who is to be congratulated as the new sidewalk is one the town should be proud of.

The money granted by the government and secured through the efforts of County Councillor D. E. Pickard has all been expended on the roads. On motion the Council adjourned and the large crowd of ratepayers wended their way homeward debating on the different matters that had been brought before the board.

Mr. E. A. Woodman, representing the Success Cabinet Co., was a guest last evening and today at Robinson's Hotel.

Mr. Jas. A. Teller of Moncton is registered at the Barker House.

Mr. H. A. Powell, K. C., of St. John is in the city.
