CARDINALS GET RED CAPS

Impressive Ceremony in Connection With the Consistory

Thousands Thronged the Streets of Rome in the Vicinity of the Vatican

Rome, May 28—The concluding and most impressive ceremony connected with the creation of the new cardinals occurred today at the great public consistory at the Vatican, when the thirteen new princes of the church, including Cardinal Began of Canada, were invested with the red biretta and zucchetto, indicating their rank. The elaborate ceremonies were witnessed by hundreds of persons who were fortunate enough to obtain tickets, while thousands of others who could not obtain admission to the Vatican thronged the streets in the vicinity to witness the passing of the cardinals, the great clerical nobles, the ambassadors and other guests. The principal ceremonies of the day took place in the Hall of Beatification, an immense chamber, which had been specially prepared for the occasion. The arrival of the papal procession marked the opening of the ceremonies. When all of the prominent participants had taken the places assigned them the new cardinals approached the papal throne and one by one knelt before Pius X, kissing his hand and foot and receiving the papal embrace. An imposing mass and an eloquent sermon formed parts of the program. The bestowal of the red hat, the ring and the other insignia of their rank upon the new cardinals was carried out with all of the formalities which the custom of centuries has prescribed for the occasion. When all of the ceremonies were concluded the new cardinals proceeded to the Sistine Chapel to return thanks for the honor accorded them.

ROYALTON ROUTE SEEMS TO BE THE FAVORITE

Party Including Premier Flemming Inspected Both Routes Yesterday-- Meetings Next Week

The members of the provincial government, including Hon. J. K. Flemming, inspected the St. John & Quebec Railway between Woodstock and Centreville yesterday and by automobile went over the two alternative routes between Centreville and Andover. It is generally believed that the Royalton route will be decided upon as it is the better. The graft element in the government party in that section is extremely anxious, however, that the other route be selected.

The party that left Woodstock in a C.P.R. coach over the Valley Railway at nine o'clock consisted of Mrs. J. K. Flemming, Mrs. Donald Munro, Hon. Messrs. Flemming, Clarke, Landry, Wilson and Murray, Donald Munro, M.P.E., and Harry Woods, M.P.E., A. R. Gould, John Connor, and Engineers Wass, Hill and Maxwell.

Premier Flemming left the party at Centreville. Hon. George J. Clarke, Hon. John Morrissey, Hon. J. A. Murray and A. R. Gould returned to Fredericton last night. The provincial government meeting to have been held here on Tuesday next has been postponed until Thursday, when the members of the government meet at St. John as Provincial Hospital Commissioners. A decision with regard to the Centreville-Andover route will be reached then.

GLASS PLANTS TO BE IDLE

Pittsburg, Pa., May 28—The National Association of Window Glass Manufacturers, has decided upon the end of this week at the time for beginning the annual summer shutdown. Thousands of skilled workers in hand operated factories in Ohio, Indiana, Kansas, Pennsylvania, West Virginia and Oklahoma will be made idle by the suspension.

LIGHT TRADING IN MARKET THIS MORNING

Canadian Pacific is Holding up Well--Union Pacific and Other Stocks are Soft

VOLUME OF BUSINESS WAS VERY SMALL

New York, May 28—The volume of business at the opening was light, but stocks were firm, the reactionary movement in London having actually reflex here. A few stocks opened off a fraction but soon recovered and the greater part of their losses. The first sales of Union Pacific was down to 158½ but there was a full recovery on the next few transactions. C.P.R. which had reacted sharply in London on rumors subsequently contradicted regarding the German Emperor's health, opened at a decline of only a half.

There were no indications of an increase in activity up to the end of first hour. Lapstris says no news on Missouri Pac. Buchanan and Balde came together with buying orders and that started the move.

Quotations by J. M. Robinson & Sons, Bankers and Brokers, Fredericton, N.B.)

	Open	Noon
Copper	72½	73½
Smelters	63½	63
C. P. R.	190½	198
Great Northern	124½	124½
Soo	125	125
Northern Pacific	111½	111½
Penna	112	112
Reading	165½	166
Union Pacific	158½	158½
U. S. Steel	63½	63½
Sales to 11 o'clock 39,000.		

INSTITUTE DELEGATES AT EXPERIMENTAL FARM

The sessions of the Women's Institutes will close tonight. This morning there was a brief session in the Y.M.C.A. Hall, after which the delegates left by C.P.R. for Doak Station, from which place they went to the Dominion Experimental Farm, which they inspected under the guidance of Supt. W. W. Hubbard. The business of the convention was resumed this afternoon.

AFTERNOON SESSION.

The sessions of the Women's Institutes of New Brunswick were well attended yesterday afternoon and evening. Mrs. James Fielding of Hoyt Station, presided in the afternoon and Mrs. W. W. Malcolm of Lorneville, in the evening.

Reports from the following branches were presented: Cornhill, Miss Ethel Burlock, Hillsboro, Mrs. H. M. Steeves, Florenceville, Mrs. C. B. Charlton, Elgin, Miss Joanne Steeves, Prince William, Miss Jessie Ar-buckle.

Glassville, Miss Katie Ronald, Lorneville, Mrs. Samuel Gibrathie, York, Mrs. Frank Gordon. Point du Bute, Mrs. Fred Robinson, Miss Jennie A. Fraser of New Glasgow, told of the experiences of Women's Institutes of Nova Scotia, of which she is superintendent, after which Miss Brown of Port Williams, N.S., gave a vocal solo with Miss Ruth Everett as accompanist.

R. P. Gorman of Fredericton, spoke upon the subject, Parliamentary Procedure and Business Methods for Institutes.

J. Bobbington of Fredericton, spoke upon Care and Propagation of House Plants.

EVENING SESSION.

In the evening reports were received from Centre Napan and Rexton. Mrs. Chester Keith of Cornhill, read a paper on Keeping Young People Interested in Country Life.

Mrs. James E. Porter of Andover, president of the first institute established in New Brunswick, dealt with Programs and Courses of Study for Institutes.

Misses Mildred Walker and Bessie Everett of Fredericton, gave a piano duet.

Dr. W. H. Irvine of Fredericton, gave a very interesting paper on The Sanitary Home.

FIGHT OVER C.N.R. DEAL CONTINUED AT OTTAWA

Bill Put Through Committee After a Liberal Amendment Had Been Voted Down--Hon. Dr. Pugsley's Amendment Comes up Today--Fenian Raid Bounties Used by Nova Scotia Tories for Political Purposes--People Feeling Effect of Increased Taxes

Ottawa, May 27—After two weeks of almost uninterrupted debate, during which the house has sat morning afternoon and evening, the Canadian Northern resolution succeeded tonight in passing the committee stage and will come up for concurrence and second reading tomorrow.

In the concurrence stage Hon. Dr. Pugsley will introduce the amendment of which he gave notice last night. A further important amendment providing for equalization in freight rates on the company's lines east and west, of which Hon. Frank Oliver gave notice tonight, will also be moved.

When the bill, based on the resolution, is introduced there will be further discussion and upon the second reading, the most important stage in the fight will take place and a series of amendments will be proposed by the opposition and by the bolting members in the government's own ranks.

HOW THE CONSUMER IS BLEED.

At the conclusion of the committee consideration of the bill the house had a welcome respite from railway legislation and Hon. W. T. White, minister of finance, moved into the committee his act to amend the customs tariff act. The effect of "tilted tariffs" upon the paying consumer was somewhat dramatically revealed during the discussion on this measure.

A. K. McLean of Halifax, drew the attention of the government to the fact that since the minister had seen fit to increase the duty on wire rods the price of nails had increased twenty-five cents per keg.

"I simply allude to this matter," he said, "because the minister declared that such a result would not for a moment be permitted."

Mr. White protested that the increase had not been due to the tariff, as the tariff had not been increased on nails, but on wire rods.

"The price is governed by supply and demand," he declared. "The building trade is picking up and the nail manufacturers are better able to charge a greater price now than before."

Frank Carvell of Carleton, protested against the "sophistries" of the minister. The tariff on nails, it was true, had not been altered but the tariff on the raw product which made the nails had. As a result the consumer had to pay more. Mr. Carvell

stated that a hardware merchant in Woodstock had informed him last Saturday that as a result of the tariff he was compelled to charge twenty-five cents a keg more to the public for nails.

FENIAN RAID BOUNTIES SCANDAL.

A remarkable story of the manner in which control of the Fenian Raid bounties was used for political purposes in Nova Scotia by friends of the government was told tonight. Not one instance but several were cited by Liberal members from that province. The most astonishing incident, however, was put before the house by J. H. Sinclair, Guyshoro. It involved not only an attempt to influence the electors of Victoria County, N.S., in the recent provincial byelection, but the circulation of an intimation by the Conservative candidate that nothing would be done to "our friends" who might make inaccurate affidavits in regard to applications for bounties.

Mr. Sinclair read to the house a letter signed by the Conservative candidate, Philip McLeod, which had been circulated among the Fenian Raid applicants in Victoria county a few days before polling took place. In addition to laying stress upon the fact that the bounty legislation was enacted under the Borden government the letter contained this significant paragraph:

"There is a report that many of the applicants were not really sure that they drilled in March and April, 1866, and consequently had no right to swear to it. I think I can assure you that nothing will be done to you friends in that connection."

Not only was there an attempt to influence the electors improperly, said Mr. Sinclair, but there was a patent case of "condonation of perjury."

It was also shown by the Nova Scotia Liberals by quotation from Hansard that the extension of the bounty to the Nova Scotians was by inadvertence rather than by the design of the minister of militia in drafting the act in 1912.

C. N. R. BILL.

Ottawa, May 27—Before the orders of the day were called Mr. K. E. Richmond asked as to the authenticity of a report published in Sydney to the effect that the government

(Continued On Page 4.)

HINDUS ARE PUTTING UP STIFF FIGHT

Dr. Sunder Singh an Oxford Graduate Protests to the Government in Their Behalf

BORDEN GOVERNMENT IN A QUANDRY

Ottawa, May 27—Dr. Sunder Singh the erudite Oxford graduate, who is here championing the cause of the British Columbia Hindus seeking the right of entry into Canada as British subjects, had an interview with Hon. Dr. Roche, minister of the interior, today in regard to the critical situation now existing in Victoria.

Dr. Singh pointed out the hardship which the Hindus on board the Kamogata Maru were now suffering through being detained indefinitely in quarantine at Victoria. He asked that a government commission be appointed to inquire into the whole situation, with the evidence taken in public and the Hindus allowed to present their case as British subjects seeking entry to a British country on equal footing with all other British subjects.

Pending the results of such inquiry and the decision which might be reached as a result of it, he said that assurances could be given that there would be meanwhile no further influx. But in justice to the Hindus now at Victoria, who he alleged had come out in good faith relying on the decision of Mr. Justice Hunter, given last autumn, he urged that the present shipload be allowed to land.

It is understood that no assurances were given by the minister on behalf of the government as to what would be done in the present case, or as to the appointment of the proposed commission of inquiry.

The government, while determined to keep out the Hindus as far as possible and to enforce the present restrictive regulations, is very much perplexed and perturbed over the situation. Both the government and the representative of the Hindus are in communication with the imperial authorities in reference to the present crisis. What the outcome will be no one can, at present, say.

MAN OFFERED TO SELL HIS TEETH

Wilkesbarre, Pa., May 27—Having been without food for three days William M. Campbell of Newark, N. J. extracted gold teeth and bridge work that cost him seventy-five dollars and offered them for sale on the street here. Unable to find a purchaser he visited a pawnshop and offered his teeth and bridges for three dollars. The police were called and Campbell was arrested.

The crowns and bridges were fitted in his mouth and it was proved beyond doubt that they were his possessions.

He was allowed to go after telling the police that he had been unable to get work for several weeks and that he was now penniless.

COLUMBIA UNIVERSITY BEGINS CELEBRATION

New York, May 28—The celebration of the fiftieth anniversary of the school of Mines of Columbia University began today with a reception of the invited guests, among whom were eminent engineers from all parts of the country. The anniversary exercises proper will be held tomorrow and the celebration will be concluded Saturday night with a banquet at the Waldorf Astoria.

TO SURVEY ALASKAN FISHERIES

Washington, D. C., May 28—Dr. E. Lester Jones, assistant commissioner of the bureau of fisheries left Washington today en route to Alaska, where he is to make the first exhaustive survey that has ever been made of the fisheries conditions in the northwest territory. The chief purpose of the investigation will be to ascertain whether any corrective legislation is needed for the conservation of the Alaskan fish and seal.

ORANGEMEN IN SESSION

Grand Master Scott in His Address Touches Important Matters

Order Backed Mrs. Tremblay in an Effort to Establish Her Marriage Status

Regina, Sask., May 27—The remarkable fact that it was the Orange order which supplied funds which enabled Mme. Tremblay to take her case to the Privy Council in an effort to establish her married status, was made known this afternoon by Judge Scott of Halton, grand master of the Grand Orange Lodge of British America, in his address at the opening of the sessions of the Grand Lodge here this afternoon.

According to Judge Scott, the Orange order contributed the sum of \$4,000 to assist the woman in taking her case to the "foot of the throne." It is probably the first case on record in which the Orange order has co-operated with a Roman Catholic to maintain their doctrine of equal rights and civil liberty.

This case, which has been attracting wide attention, embodies the whole difficulty with regard to the marriage laws of Quebec and the decision of the Privy Council in the case will, it is expected, settle the question of what effect the religious laws of Quebec have on the civil marriage law.

Another important question which Judge Scott referred to in his address, was the school question all over the dominion. With regard to the situation in Manitoba he declared that he feared that the recent amendment of the Manitoba Public Schools Act, while ostensibly claimed as enlarging the scope of the public schools, is in fact to create a condition which will make it possible under circumstances to form separate schools recognized by the government and aided by public funds under cover of the Public Schools Act.

"A similar anomaly," he said, "has for years existed in some of the maritime provinces, where supporters of separate schools have enjoyed concessions by local arrangement which have no foundation in law and it is feared that by a subtle manipulation of school legislation what has been permitted by tacit consent in the provinces by the sea is also being attempted in Manitoba."

EXHIBITION OPENS AT BRISTOL

London, May 28—The international exhibition which opened today at Bristol is expected to attract many visitors to the ancient seaport city during the coming summer. Education is the chief purpose of the exhibition and with this object in view the directors have arranged for competitions in the various arts together with musical concerts and educational conferences of the various kinds. The exhibit on occupies a tract of forty acres situated on the bank of the River Avon.

TO APPOINT SUFFRAGAN BISHOP

Newark, N. J., May 28—A proposal for the appointment of a suffragan bishop to assist Bishop Edwin S. Lines, is the most important matter to be considered and acted upon at the fortieth annual convention of the Episcopal diocese of Newark, now in session here. The convention was formally opened in Trinity Church this morning with the service of holy communion.

BAND CONCERTS.

Ald. Lemont has arranged that the Fredericton Brass Band will play on the evening of King's Birthday in Parliament Square and the Fredericton Concert Band will probably play in Wilnot park on Sunday afternoon.

Trade unions of Spain are to hold a congress in Madrid next month.
