### "UNCLE JOE" A TROTTER

Uncle Joe Cannon, 78 years old, but declaring that he can turkey trot as well as many a younger man sailed for Bermuda today on the royal Mail liner Arcadian.

"I certainly am" said he when asked if the report was true that he really was a trotter.

"There's no harm in it. I'm going to learn the tango, too."

Uncle Joe would not talk politics, but remarked that he was surprised at the support given to the tolls repeal bill by New York papers.

Mr. Cannon may have a chance to see if he can turkey-trot on the briny deep. There were about one hundred and fifty young women on the Arcadian and there will probably be a dance or two on board if the weather is good during the trip.

## WOULD COUGH SO HARD WOULD TURN BLACK IN THE FACE.

A cough cold is one of the most dangerous kind. It leaves the throat or lungs, and sometimes both, affected if not taken care of immediately.

Obstinate coughs and colds yield to the grateful soothing action of Dr. Wood's Norway Pine Syrup, containing as it does all the lung healing virtues of the Norway pine tree.

Mrs. C. J. Selig, Dartmouth, N.S., writes:—"My little boy, six years old, had a dreadful, hard cough. At night time he would cough so hard he would turn black in the face, and at times he would cough nearly an hour before he would stop. I tried different cough syrups, but they did him no good. The little fellow was wasting away, as he could not eat or sleep, the cough troubled him so. I got a bottle of Dr. Wood's Norway Pine Syrup, and it did him so much good I got another. Now I am only too glad to be able to write this to tell how thankful I am, and to tell every mother to use nothing else."

Price, 25 and 50 cents.  
Be sure you get "Dr. Wood's" when you ask for it. See the trade mark; the three pine trees.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## A CRIPPLE FROM RHEUMATISM

### Tortured Four Years Until He Took "Fruit-a-tives"

RIDGETOWN, ONT., May 21st, 1913.  
"Your 'Fruit-a-tives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely, not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unsatisfactory, and I have taken several.

Some neighbor of mine told me that 'Fruit-a-tives' helped him, and I took them faithfully every day and the result was marvellous. For over two years now, I have been free from any Rheumatic pains whatever, and give 'Fruit-a-tives' the full credit for making a remarkable cure."

W. T. RACHER

If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take 'Fruit-a-tives' right now and start the permanent cure which 'Fruit-a-tives' will complete if taken faithfully. 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## THE CANADIAN COURIER

(The Canadian Courier)

Just the other day, the British cruiser "Berwick" was ordered from St. Lucia in the West Indies to Brazil to protect British interests there. Any day, British cruisers may be ordered to Vera Cruz to protect British interests in Mexico. Indeed there is probably a British cruiser in that part at present.

Canada has millions at stake in these two countries and many Canadian citizens in each. This wealth and these citizens will be protected by British cruisers. If Canadians are forced to flee from Mexico they will go aboard British cruisers. This has been the custom in the past and will be in the future. Canadians have always been considered by the British navy as equal in importance with other British cruisers.

Yet here is a service which, so far as America is concerned, Canada should be performing for herself. It is absurd that an important country, such as this has grown to be should be unable to send a single cruiser out upon the high seas to rescue citizens in distress. True, we may choose to rely upon the British cruisers—but in that case we should contribute a portion of the cost. We should at least be logical.

Cruisers along our own coast would also be useful in case of marine disaster. Our shipping has grown tremendously and Canadian vessels in distress must necessarily increase. The fast cruiser is a great relief boat and the relief training is both dignified and useful work for a warship's officer and crew.
