COLLEGE BASKETBALL LEAGUESALARY QUESTION
IN INTERNATIONAL
WILL BE DECIDED

Limit to be Fixed at League's Annual Meeting Today—May be Placed at \$6000 a Month

The plain announcement issued from the office of Edward Barrow, President of the International League of the annual meeting, which will take place in the Hotel Victoria, New York city, today, would indicate that only routine business was on the calendar. Under the surface, however, there is the question of a salary limit to be decided on, the settlement of which promises of which promises some heated discussion among the owners.

Under the new agreement which the International League has with the American Association and the Pacific Coast League, a salary limit must be set for next season. From authoritative sources it is learned that it will be something like \$6000 a month, exclusive of the manager's salary. Some of the owners are holding out for \$4000. Should this go through there will be some cuts necessary, as there are several players on the league getting more than \$400 a month, while one player, not a manager, is said to be getting \$600 a month.

The date for the opening of the league season has already been set for April 16, so the question will not cause any discussion. A draft of a schedule will be presented Monday, but its adoption will go over until the February meeting.

Halifax College Said to
Have Strong Team—
Broke Even With Acadia Last Year—Great
Revival of This Sport in
Halifax

(Halifax Echo.)

Dalhousie is this year endeavoring to establish an Intercollegiate Basketball League, to be participated in by as many of the Maritime Province colleges as see fit to enter. Such a league has been frequently talked of but not put through. Last year Dalhousie, which had a good team, played a number of games with outside players and revived local interest in the sport. They played two matches with Acadia, one here and one in Wolfville, winning one and losing the other. Besides all of last year's team, including Masters, Graham and Jones, they will this season have Pines and Richmond of Acadia, who were on that college's 1912 team. Already the college players have been out for practices in the Y.M.C.A. and expect to have a number of games scheduled to be pulled off after the Christmas holidays.

The University of New Brunswick for years past has been prominent in basketball in the Maritime Provinces, and no doubt would welcome the opportunity to enter an Intercollegiate Basketball League.

WOLVERTON SIGNS

Sacramento, Cal., Dec. 6.—Harry Wolverton, manager of the New York Yankees last season, has signed a contract to handle the Sacramento Club of the Pacific Coast League next season.

SPORTS OF ALL KINDS

If John McGraw assumes the presidency of the New York Giants, it is goodbye to the nickname of "Mugger." It will have to be thrown into the discard as incongruous and lacking in proper dignity.

If Johnny Evers has been quoted correctly, he has publicly thrown down the gauntlet to his employer, Charles W. Murphy, that he and he along is manager of the Cubs and that, as it is up to him to produce a winner, he will not brook interference with his plans to that end. It is natural that the peppery lad from Troy should have made up his mind to that line of policy, but it would have been the part of discretion not to have displayed the chip on his shoulder to the public until he had come to the Rubicon.

Jim Flynn the Pueblo heavyweight boxer may be appointed an umpire in the Western League. Jack Haskell the chief umpire of the league is responsible for the statement. Flynn's services also are in demand in the Pacific Coast League. There are many ways of showing bravery in this world, and the mere giving and taking of buffets in the roped arena is not the only one.

Christy Mathewson is writing insurance this year and the most difficult "prospect" he has to contend with is the man who insists upon fanning baseball while Matty is bent upon talking insurance.

The International League's all-star fielding team is as follows: Swacina, first base, .990; Altz, second base, .965; Bradley, third base, .948; Purcell, shortstop, .982; Conroy, left field, .982; Osborn, centre field, .972; Kelly, right field, .986; Smith, catcher, .987; Bergen, catcher, .980; Manser, pitcher, 1.000; Jameson, pitcher, .987; Maxwell, pitcher, .984; Dent, pitcher, .983.

Chester Gregory was at the outset very much against the agreement with the N.H.A., but after studying the clauses out, he was heartily in favor of it. The same applied to W. S. Davidson of Moncton, but his partner, Aid. Prie, was obdurate and would have nothing to do with it.—Halifax Echo.

Gene Corri, the English sporting man, has offered Tommy Burns \$25,000 for his end to box Bombardier Wells in London.

Concerning the M.P.H.L. meeting, The Halifax Echo says:—"Moncton must have got quite a pile of money

Saturday's Rugby results in the Old Country were:

South Africans 21, N. of England 8.
England 31, S. of England 5.
London Welsh 10, Blackheath 6.
Leicester 18, Northampton 5.
Harlequins 16, Rosslyn 0.
Richmond 6, Guys Hospital 5.
London Hospital 11, London Scottish 8.

Kid Kennedy and Chick Dunohoe are to meet in a ten-round boxing match in Fredericton on Dec. 12.

The Maritime Hockey League have decided that it will be peace with the N.H.A. instead of war and the two leagues will now work in harmony. Now, if the big eastern pro body could only come to terms with the Patrieks the professional hockey family of Canada would be united and the public would be delivered the real article of Canada's national game. Anyway, the fans are tired of the hockey wars.—Ottawa Journal.

RITCHIE AFTER BIG MONEY

New York, Dec. 6.—Billy Gibson, manager of the Garden A. C., has heard from Willie Ritchie, the new lightweight champion. Ritchie wired Gibson that he would not accept less than \$10,000 to box 10 rounds in New York.

MORAN-DRISCOLL BOUT

London, Dec. 6.—Jim Driscoll of Cardiff and Owen Moran of Birmingham were matched yesterday to meet at the National Sporting Club here on Jan. 27, in a battle for the British featherweight championship. The men have agreed to make 126 pounds at 2 p. m. The men will fight for a purse of \$7300, of which the winner will receive 66 2-3 per cent. Each has a side bet of \$500.

Detroit, Mich., Dec. 8.—When President Navin and Manager Jennings attend the annual meeting of the American League at Chicago this week, they will be prepared to make trades of all kinds. It is understood that the Tigers will be completely reorganized.

Lady—Pardon me, but are these eggs fresh laid?

Grocer—Absolutely, madam. The farmer I purchased them from won't allow his hens to lay them any other way.

FOGEL IS HAWKING
STOCK OF PHILLIES
IN SMALL BLOCKS

Governor Not Ready to Place Money on "Good Thing"—Club May be Owned by Many

Philadelphia, Dec. 7.—Governor John K. Tener of Pennsylvania, himself an old baseball player doesn't want any of the stock of the Pennsylvania National League baseball club, not to say anything of buying the entire outfit. The Governor was approached about 10 days ago by persons interested in the Phillies, who offered to let him in on a "good thing" but the Governor who in private life is a banker wasn't placing his money on "good things."

Nor was Governor Tener the only one approached on the same proposition. On the night of the last Clover Club banquet at which Horace Fogel was present, numerous guests were approached and were offered blocks of stock in the Phillies. Just how many of these persons signified their intention of becoming interested in the club is not known, but Fogel says that Saturday he will be prepared to announce the plan of reorganization.

Under the plan being pursued the sale of the stock of the Phillies has become a straight stock promotion in order that certain persons "who have been friendly with Fogel may get out with whole skins. Hardly a day passes but Fogel is seen in the company of Frank D. Chandler, President of the Philadelphia Stock Exchange and the man whose name has been linked constantly with rumors of purchasing the Phillies. Chandler has acknowledged that he is interested but he has failed to say that he was a prospective purchaser. Chandler represents other persons and is interested only in seeing the Phillies sold for a good big price.

Following the refusal of the baseball syndicates to meet the figures set by Fogel the plan of reorganization by hawking the stock in small lots was decided. If it goes through the country will see a major league baseball club under the control of not one or two but of five or six hundred persons.

from that pow wow that they held lately. They intimated last evening that they could buy up all sorts of material, even going so far as to say that they did not care whether Tommy Smith played in Halifax or not. Well, if they did not care, they made noise enough about it."

FRANK CHANCE
SAYS HE IS THROUGH
WITH BASEBALL

May be Owner in Pacific Coast League ---Will not Manage Cincinnati Reds

Los Angeles, Dec. 8.—Frank Chance when told that he was to be offered the management of the Cincinnati Reds, now that the Tinker deal had fallen through, replied that he was through with baseball. Asked if he would go to the Highlanders the former leader of the Cubs replied that he was absolutely through with the game. Chance said if he ever did get back into the game it would be as an owner of a Pacific Coast League team.

"Garry" Herrmann hoped to obtain Chance's consent to manage the Reds by sending John Bruce, secretary of the National Commission to California to see him. The Reds' owner decided to take this step when the Tinker deal was called off. He realized he was unable to transact any business with Chance through mail or by wire and the ex-Cub leader declined to come East to talk over any baseball proposition.

BRESNAHAN TO COME
BEFORE COMMISSION

St. Louis, Dec. 6.—Roger Bresnahan has reconsidered his decision not to appear before the special meeting of the National League board of directors in New York Monday, and has advised his attorney in St. Louis that he will leave Toledo Saturday for Gotham. George T. Priest, a local attorney, will accompany him to New York.

Roger is going to the meeting with a bundle of evidence, and it is understood that he will appear before the directors prepared to convince them that he should collect no less than \$40,000 in addition to his 10 per cent of the profits for the past year from the Cardinal Club.

Pres. J. C. Jones and Attorney Lon Hocker will attend the meeting to assist Mrs. Helene Britton and Manager Huggins. It has also been learned that the contract under dispute was drawn by Mrs. Britton and her husband, and not Roger.

MARTY O'TOOLE WILL
WED DECEMBER 30

Worcester, Mass., Dec. 6.—Marty O'Toole of Framingham, Mass., the \$22,500 pitcher of the Pittsburg National League team, widely known in New York and Brooklyn, is to be married December 30 to Miss Rose K. Hefferman of Saxonville, Mass.

VALUABLE HORSES SENT TO EUROPE

New York, N.Y., Dec. 8.—One hundred and sixty thousand dollars worth of horseflesh sailed for Europe yesterday on the liner Minnetanka. The fortune was represented by seven horses, six of which James R. Keene has just sold to William K. Vanderbilt, Jr., and the seventh, the famous Peter Pan, which Mr. Keene recently denied having sold for \$100,000 to George Gould.

The six horses purchased by Mr. Vanderbilt are Maskette, Mosquito, Early and Often, Courtress, Ort Welis and Ocean Round.

ROD AND GUN
FOR PRESENT MONTH

Rod and Gun for December published by W. J. Taylor Limited, Woodstock, Ont., is an especially readable number. Among its varied list of contents may be found: The Calgary Stampede, a description of the wonderful historical pageant that took place last September in that city of the plains; "Bud Parson" an amusing tale of the youthful hunter who thirsted for the blood of a bear; a fine illustrated article describing the winter attractions of a well known summer tourist rendezvous—Algonquin Park; and a very funny Indian story-poem of "Hole-in-the-Jaws"—so named because his mouth was large and wide. Extending clear from ear to ear And six by eight inside." "Food and Feeding," is the subject of the eighth article on the Culture of Black and Silver Foxes and other stories of adventure are of an exceptionally entertaining nature.
