SCHOOL FOR GIRLS IN TURKEY DEDICATED

Constantinople, June 3.—The American College for Girls, which has been removed to a site on the European Bosphorus after having existed for a number of years at Scutari, was dedicated today with an interesting programme of exercises. Three of the American trustees of the institution, Charles R. Crane of Chicago, and Walter B. Walker, and George A. Plimpton of New York, participated in the dedication exercises. A number of officials of the Ottoman government and several of the foreign diplomats resident in Constantinople were present.

The institution dedicated today is to be known in future as Constantinople College. The institution dates from 1871, in which year it began its career as a girls' high school. Six years ago a charter was secured from the Massachusetts legislature and the school was reorganized as the American College for Girls. Dr. Charles Outthert Hall, president of Union Theological Seminary, New York became president of the board of trustees.

The new site of the college embraces fifty-four acres of land, on the heights of Armatoukewy overlooking the Bosphorus, and five miles from the city of Constantinople. Four of the seven buildings embraced in the architect's plans are completed and were dedicated today. Among those who have contributed liberally to the building fund are Mrs. Russell Sage, Mrs. Finley Shepard and John D. Rockefeller.

Katherine and Margaret McMurray, nieces of the bride, were flower-girls. They were dressed in white lingerie, with wide pink satin sashes and carried baskets of pink sweet-peas and maiden-hair fern. The bride was given in marriage by her brother-in-law, Dr. A. T. McMurray.

The young couple will leave by C. P. R. at 5.50, on their bridal tour, destination unknown. Mrs. Brown's going-away suit will be of purple poplin with hat to match.

A large number of beautiful and valuable gifts were received by the young couple.

Mattoon, Ill., June 3.—The Illinois departmental encampment of the Grand Army of the Republic, with its several affiliated bodies, opened in this city today with a large attendance of delegates and visitors from all over the state. To every 100 men Australia employs 42 women in the various industries.

Does Not Agree With Police Commission That No Pool Room Licenses Should be Issued--Mayor Mitchell Corrects Misstatement of Fact by Local Paper--Special Meeting of Council on 10th inst--Council Supports Movement for Vocational Education

The City Council last night completed its business in a short time. A resolution supporting the School Board in its intention to provide vocational education in Fredericton schools was passed. A report of a special committee to the effect that there was no reason for not granting licenses to applicants for pool-room licenses was adopted in spite of a communication from the Police Commission to the effect that there should be no licensed pool-rooms. Some aldermen expressed the opinion that pool was recognized as a proper game and that pool-rooms could be all right if the bylaw regulating them were properly enforced.

The Council will meet in special session on the night of the 10th inst. to consider the proposition of the Fredericton Gaslight Company with regard to lighting the streets.

MAYOR MITCHELL CORRECTS.

While the monthly report of the city auditor upon expenditures was being considered Mayor Mitchell made an explanation and correction with regard to a statement published in a local paper in connection with City Solicitor R. B. Hanson's bill for services rendered.

"I noticed," said His Worship, "that one of the papers tonight stated that Mayor Mitchell's election cost the city \$120. It was not Mayor Mitchell's election which cost the city that amount, it was ex-Ald. Farrell's defeat. I don't want misleading statements to go out to the public in that manner and take this opportunity to make a correction."

Those present were His Worship Mayor Mitchell, Ald. Reid, Ald. Osborne, Ald. Lemont, Ald. Kitchen, Ald. Everett, Ald. Eboett, Ald. Stevenson. The latter left during the meeting, being indisposed.

TAX COLLECTIONS.

Ald. Reid reported on tax collections as follows:

May 1914	\$1965.63
May 1913	1331.29

The auditor's report on the expenditures for the month was passed as follows:

Monthly pay and allowances were voted on Ald. Reid's motion.

On Ald. Reid's motion a cheque for \$2000 was ordered to issue in favor of the School Board.

On the motion of Ald. Reid, payment was ordered to be made to the bands for open-air concerts as follows:

Fredericton Concert Band	\$20

On the motion of Ald. Reid the matter of the renewal of leases of city property was left with the City Council with power to act, to report final action to the council.

POLL-ROOM LICENSES.

Ald. Reid, for the special committee on pool-room licenses, presented the following report:

Fredericton, N.B., June 2, 1914. Report of Finance Committee Appointed to Consider the Applications for Billiard or Pool-Room Licenses.

Applicants for Licenses:—Mr. Geo. P. Pittson, Mr. Albert C. Smith. After looking into bylaws provided for the issuing of billiard or pool-room licenses, the committee could not see any ground for refusing to grant same. We believe before the council would be justified in refusing a license they should have a good reason for doing so.

In issuing a license, which license is given subject to certain rules and penalties, any person convicted of the breach of any provision of the bylaw is not only liable to have the license cancelled at any time but is liable to a fine as well, viz., \$50.

Re the Pittson application—Mr. Pittson has been interviewed and his record enquired into and from information received we believe if a billiard or pool-room is opened by him, it would be conducted properly.

In addition to the above we would recommend that a copy of the differ-

REV. MR. HAIG BIDS FAREWELL TO SONS OF ENGLAND

The regular meeting of Islington Lodge Sons of England Benevolent Society was held in the Lodge Rooms last evening, at which the resignation of the chaplain, Rev. W. T. Haig was announced. Several of the brethren spoke of their regret, and of the loss sustained by the lodge, in the severing of his official connection with it.

Rev. Mr. Haig in his reply spoke feelingly of the happy relations that have existed amongst the brethren and regretted that he would not be able to be with them any longer. He urged the members to be true to themselves and to their ideals as Englishmen and to be ever striving for the uplifting of any of the brethren in distress.

POLICE COMMISSION FINDS AGAINST THE MAGISTRATE

Latter Goes to St. John Tomorrow to Tender Resignation to Government

The Police Commission met yesterday and awarded the contract for five raincoats for the policemen to W. J. Walker & Co. at the tendered price of \$11.50. The coats will be of the pattern worn before and black in color.

The commission also passed a strong resolution against the granting of licenses to pool-rooms on the grounds that they were detrimental to the well-being of the city and caused young men to spend their hard earned money. A copy of the resolution was forwarded to the City Council.

The Commission also dealt with the matter of the dispute between Police Magistrate Marsh and Chief of Police McCollum with regard to two five-dollar fines. The commissioners' finding is that the fines were imposed collected and paid over to the Police Magistrate. This finding is absolutely contradictory to the claim of Police Magistrate Marsh.

The Police Magistrate this morning bade farewell to the officials of the City Hall. He will go to St. John tomorrow to interview the Attorney General and to tender his resignation to the provincial government.

HINDU'S BODY FOUND BY SHOVEL

Man Had Been Beheaded and Body Shockingly Mutilated

Steam-Shovel Making Excavation Uncovered Remains Near New Glasgow—Police are Investigating

New Glasgow, N.S., June 2.—Murder, fiendish and hideous, committed in the most atrocious manner possible, was revealed today, when a big steam-shovel, working on the banks of the East River near Trenton, unearthed the headless body of a man. On close examination it proved to be that of a Hindu, who disappeared from New Glasgow about five months ago.

He was a man of very large stature and the body when found was naked except for a piece of old ragging wrapped around it and a rope tied around the legs. But the mutilation upon it was only that which an inhuman fiend could perform and there was every evidence that the execution of the murder, a though resembling butchery, had much of the element of oriental fanaticism.

First the head was severed by a sharp knife or other sharp instrument and is still missing. The left arm had been broken and there was a severe wound on his leg. What, however, has aroused the most interest, was the raw and bleeding gash in the left arm where a portion of the flesh bearing a tattooed mark had been sliced out.

As near as could be judged, the death occurred about four or five months ago. Dr. Kennedy, coroner, has summoned a jury and an inquest was held tonight with the result that every evidence showed that the body was that of a Hindu and it was a clear case of murder.

The jury inquest adjourned for a week and in the meantime every effort will be made to find the head.

The body is believed to be the leader of a party of Hindus engaged in construction work here some months ago. The man is believed to have a large sum of money in one of the banks here.

SENATOR POIRIER REVERSED VOTE ON FENIAN RAID BILL

Ottawa, June 2.—A government bill narrowly escaped defeat today at the hands of a senator appointed by the government. The bill in question was the measure of Col Sam Hughes to extend the time for the payment of bounties to Fenian Raid veterans.

On the second reading of the bill, Senator Murphy of Prince Edward Island, protested against the exclusion of the islanders from the benefits of the bill. He offered an amendment designed to make them eligible for the \$100 bounty. On the ground that it was a money bill the amendment was rejected. Thereupon on the motion for third reading, Senator Murphy moved the six months' hiatus for the bill, because it did not include the Prince Edward Islanders. When the vote was taken it stood 29 to 28 in favor of the amendment and the bill appeared to be lost.

But Senator Poirier saved the day. He rose in confusion and declared he had voted for the amendment under a misapprehension. He had agreed to

RECOVERED AND IDENTIFIED AT QUEBEC

Word Received That the Bodies of Mr. and Mrs. W. Leonard Palmer Are Found

HALIFAX CHRONICLE PAYS TRIBUTE TO HIM

R. B. Hanson yesterday received a telegram from A. R. Shipp, M.P.P., at Quebec, to the effect that the bodies of Mr. and Mrs. W. Leonard Palmer, who lost their lives when the Empress of Ireland sank, have been recovered and identified.

HALIFAX TRIBUTE.

The Halifax Chronicle editorially pays the following tribute to the memory of Mr. Palmer:

"Mr. W. Leonard Palmer of The London Financial News, who, with his young wife, perished in the Empress of Ireland disaster, had many friends throughout the Maritime Provinces. Mr. Palmer was a brilliant young newspaper man and was keenly interested in developments of this portion of the dominion, the potentialities of which aroused his enthusiasm. Mr. Palmer was the organizer of the British manufacturers' party which toured Canada, starting at Nova Scotia, a few years ago and he had in view the organization of a similar tour for next year. Only a few weeks ago, in conversation with the writer, in Halifax, he spoke enthusiastically of plans for advertising Nova Scotia in the Old Country. The sympathy of many in Nova Scotia, who had the privilege of knowing Mr. Palmer, will go to his bereaved relatives and friends across the ocean."

vote for an amendment bringing the P.E.I. men under the provisions of the bill and was under the impression that the division was on that amendment. He was not aware that it was for the six months' hiatus. He therefore desired that his name be changed to the other side. This was done and the bill was saved by a vote of 29 to 28.

During the discussion on the bill, Senator Roche stated that he had responded to the call himself but that he had not taken nor applied for the bounty of \$100.

"If the hon. member (Senator Roche) had taken the money he would have been in good company," said Senator Murphy. "He would have been in the company of Sir Charles Tupper Bart., who responded to the call and who very properly applied for and received his \$100."

It may be noted that Sir Wilfrid Laurier, who is also a Fenian Raid veteran, has not sought any remuneration for his services in defence of his country.
