

SUFFERED FROM BILIOUS HEADACHE.

At Times Thought She Would Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other baneful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of trial and suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N.B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best known blood medicine on the market to-day, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BILLION IS IN- VOLVED IN WAR

London, Eng., Nov. 12.—With the addition of Turkey and Portugal to the ranks of the belligerents the area of hostilities has been extended to approximately 58 per cent of the land surface of the globe, and about 56 per cent of the total population of the earth must be classed as technically belligerent, says the London Daily Chronicle.

In round numbers of a total land surface of 51,500,000 square miles (excluding the uninhabitable regions in the Arctic and Antarctic) 30,000,000 square miles is occupied by eleven belligerent powers and about 1,000,000,000 of the 1,800,000,000 human beings on the earth are involved directly in the great war.

Apportioning the area and population between the two opposing groups it will be found that there is a vast preponderance of both on the side of Britain and her allies, which own 27,500,000 square miles and have about 840,000,000 people under their rule, against the 2,000,000 square miles and 100,000,000 people to the credit of Germany, Austria Hungary and Turkey.

If the affected areas are analyzed by continents, it will be found that in Europe 3,043,000 square miles of a

I. C. R. DEPOT AT LEVIS WAS BURNED

Quebec, Nov. 24.—Levis was again visited by a spectacular fire this morning about 11.30 and as a result the I. C. R. station and baggage rooms were completely destroyed by the flames. The fire first declared itself in the baggage room and it quickly spread to the station, being fanned by a strong northwest wind. The presence of mind of some of the railroad employees probably prevented an explosion which might have had fatal results.

Six gas tanks filled with gas, in close proximity to the fire were relieved of their contents by means of underground pipes by the railway men.

total area of 3,850,000 and 380,000,000 people of 475,000,000—or nearly eighty per cent in both cases—are at war.

In Asia the belligerent area amount to 9,300,000 square miles (leaving out of account the interior of Arabia—a political no man's land, of about 1,000,000 square miles) the total area of the continent being about 16,500,000 square miles.

BUT SHE MEANT IT.

A husband and wife ran a freak show in a certain provincial town, but unfortunately they quarreled and the exhibits were equally divided between them. The wife decided to continue business as an exhibitor at the old address but the husband went on a tour.

After some years' wandering the prodigal returned and a reconciliation took place, as the result of which they became business partners once more. A few mornings afterward the people of the neighborhood were sent into fits of laughter on reading the following notice in the papers:

"By the return of my husband my stock of freaks has been permanently increased."

at a cost of about \$60,000, and is a total loss. Many valuable records which the railway company had on file were lost while a large number of pieces of baggage were also destroyed by the flames.
