GERMANS HAVE MODIFIED PLAN OF ATTACK

(Continued from Page One.)

L. arrived here today. The damage caused by the German shell fire is plainly visible on the cruiser.

The British admiral's statement on the sea fight off Chile said Glasgow was engaged by both the Leipzig and Dresden, of the German squadron, while the Gneissau and Scharnhorst were fighting the Good Hope and the Monmouth. It added, however, that the Glasgow was not extensively damaged and suffered few casualties.

After the battle the Glasgow, accompanied by the transport Ottanto, sailed south and passed through the Straits of Magellan to the Atlantic Ocean.

SEE LITTLE CHANGE.

Paris, Nov. 16.—The official communication issued by the French war office tonight simply says:

"The situation is without modification."

GERMANS CLAIM SUCCESS.

Berlin, Nov. 16, via London.—An official announcement given out in Berlin this afternoon says that the German attacks in Flanders are progressing slowly, but that in the Argonne the Germans have obtained further important successes.

The text of the communication follows:

"In the western arena of the war both sides showed only moderate activity yesterday on account of the storm."

"In Flanders our attacks are progressing slowly but in the forest of Argonne we have obtained further important successes."

"The fighting in the east continues. Yesterday our troops, operating in East Prussia repulsed the enemy in the region south of Stalluponen."

Troops from West Prussia successfully resisted the advance of Russian forces at Soldau, and after a successful battle at Lipno drove them back in the direction of Plock."

"Strong Russian forces are advancing along the right bank of the Vistula river. In this fighting we made 500 prisoners and captured 10 machine guns up to yesterday."

"No decision has been arrived at in the battle which has been going on for the last few days in continuation of our successes at Wloclawek, in Russian Poland on the Vistula, thirty miles northwest of Plock, where several Russian army corps in opposition to us were driven beyond Kutno. According to the present records we made 23,000 prisoners, and captured over twenty machine guns as well as some cannon, the number which has not yet been ascertained."

FRENCH CONTEST GERMAN STATEMENT.

Paris, Nov. 16.—A semi-official explanation of the French position in the forest of Argonne was given out in Paris this afternoon. It said:

"The fighting line has not changed perceptibly in the last two months. The French and German trenches are separated at some points by a distance not exceeding fifty yards. Infantry fire is constantly going on, while all the expedience of siege operations are being utilized. This siege resembles greatly that of Sebastopol. Daily engagements occur, resulting sometimes in bending either the French or the German lines back for a distance of 150 yards."

"The casualties have been very heavy for both opposing armies but here, as elsewhere, the German losses certainly have been superior to those of the French."

This explanation was brought forth by the publication in the German press of a statement to the effect that the French had been completely driven out of the Argonne while the siege of Verdun was proceeding. Regarding the latter, it is declared that the French are advancing, and that they are now from five to ten kilometres (three to six miles) further forward than they were a month ago.

PRINCE OF WALES TO THE FRONT.

London, November, 14.—(Delayed in transmission)—The Prince of Wales according to a report current here today, will soon go to the front. He will be attached to the staff of Field Marshal Sir John French.

It is said that both King George and Lord Kitchener have given their permission for the prince to go, and that the arrangements for his departure are virtually complete.

IRISH GUARDS LOSE HEAVILY.

London, Nov. 16.—A casualty list, dated Nov. 9, issued here tonight, gives the names of twenty officers killed and wounded, and fifteen missing. In this list the Irish Guards are heavy sufferers.

Captain the Hon. A. E. S. Mulholland, of the Irish Guards, eldest son of Baron Dunleath, is among the dead. His widow is a daughter of the Earl of Strathford.

Washington, Nov. 16.—The United

States government has known officially for two weeks of the destruction of the British dreadnought Audacious by a mine off the Irish coast, but has kept the secret at the request of the British government.

Ambassador Page cabled the American government of the sinking of the Audacious within a day or two after she went down. He said he had been officially informed of the sinking, as well as of the delay to the liner Olym pic. He gave no details, however, and merely stated that the British government wanted the loss kept secret for the present.

Officials here scrupulously guarded the news.

BELIEVES CANOPUS IS SAFE.

London, Nov. 16.—Winston Spencer Churchill, first lord of the Admiralty, said in the house of Commons this afternoon that he had every reason to believe that the British battleship, Canopus was quite safe.

There has been some anxiety concerning this ship, as nothing publicly has been heard of her since the admiral announced that she had been transferred to join the squadron in the Pacific under Rear Admiral Christopher Craddock, previous to the engagement off the Chilean coast in which the cruisers Good Hope and the Monmouth were lost.

MORE INDIAN TROOPS.

Paris, Nov. 16.—Twenty-five thousand Indian troops, cavalry and artillery, passed through Paris today from Marseilles to the front.

They included the cream of the British empire's mounted forces in India. The Indians, who arrived in Marseilles on twelve transports on Thursday, were given a day to get rid of their "sea legs" after having spent twenty-three days upon the water, during the long voyage from Bombay.

During most of the voyage the transports were beset with raw, foggy weather, but their arrival at Marseilles was marked by bright sunshine and soft, balmy breezes.

An enthusiastic reception was given to the Indians by enormous crowds, and the dark-skinned soldiers could not conceal their pride at being picked to "help save the empire."

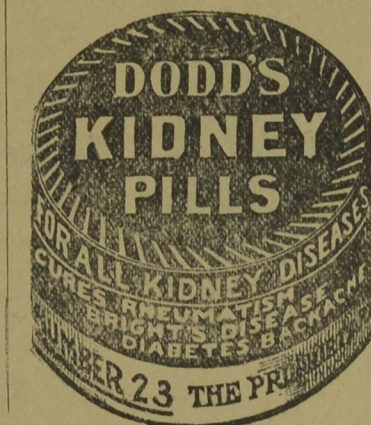

They were to have been reviewed this week by Field Marshal Earl Roberts, who died on Saturday.

(Morning Times—Medicine Hat, Alta.) That the J. H. Tabor Candy Co., Ltd., will commence manufacturing operations on the first of next month, was the gratifying information conveyed to the shareholders at a meeting held in the company's splendid new building on Tuesday night last. The new plant was inspected by those present, and evoked much admiration and praise. The building, which is a substantial looking three-storey brick structure of 40x100 feet, with trackage facilities. As you enter there is the sample room and offices and the manager's office. The rest of the paces. The work rooms are very spacious and well lighted and ventilated, and the arrangements for the comfort and well-being of the employees leaves nothing to be desired. The up-to-date ness of the plant is a tribute to Mr. Tabor's practical knowledge of the business and to his enter prize for bringing this industry to a successful completion in times when money is so scarce. The value of the plant is \$30,000, a considerable portion of which has been invested in high grade machinery. Mr. Tabor is a former resident of Fredericton.

COL. JOHN L. MARSH

IS CRITICALLY ILL

The many friends of Lieut. Col. John L. Marsh, ex-police magistrate, will regret to learn that he is critically ill at his home on George street and not expected to recover. He has been failing for some time and for several days past he has been confined to his bed. His condition this morning became so alarming that a telegram was forwarded to his daughter, Mrs. Ernest Powers of Boston, summoning her home. This afternoon he rallied slightly but his condition is still very critical and it is thought that the end is not far off.
