JIM COFFEE KNOCKED OUT TONY ROSS

A Winged Ambulance

A hunter, of North Battleford, told a story about a goose which he wounded and which was apparently about to fall to the ground. It was actually supported by two of its mates, who, upon seeing the predicament of the injured bird in distress so that their wings on the upward flap would reach the injured member of the flock. In this way, remarkable to relate, the three geese—the ambulance and the patient—reached the river in safety.

While the hunter could easily have picked off the whole three geese with the second volley, he was prevented from doing so by the remarkable demonstration of brotherly kindness in the care of the injured goose. The ingenious method which was employed by the members of this ambulance corps seems to prove conclusively that sometimes a goose is not a goose!

MR. BORDEN MAY BE THE HIGH COMMISSIONER

(London Advertiser)
The latest report from Ottawa is to the effect that Mr. Borden may himself take the office of High Commissioner to England. We may say at once that we doubt if there is anything in the story. The position will be filled to suit party exigencies, or postponed to prevent party disputes and complications. And yet we can readily understand how Mr. Borden might be quite willing to escape from the position which he now holds, and take refuge from the worries and discomforts of the premiership in the calm dignity and political quietude of the commissionership.

In his noted speech at Halifax, where he enunciated his policy when in Opposition, Mr. Borden referred to political evils, such as broken pledges, stolen elections, unjust dismissals, robbery of public assets, and son on, and he said, that if he thought such things possible under a Conservative Administration, of which he was head, "I would turn with unspeakable aversion from the task before me." What has been the condition under his nominal premiership?

"Broken pledges." The Canadian navy he advocated exchanged for a policy of contribution which he condemned, strict legislation to guard the purity of elections and punish promptly the offenders, civil service reform, and other promises unfulfilled for three years, and no, yet proposed "Stolen elections." The Macdonald rule for two years, and then terminated, not by exposure and punishment but by the defendant pleading guilty, and thus escaping investigation.

"Unjust dismissals." Over two thousand during the first three months of his administration—most of them without investigation; and a list of his three years so long that the clerks have not been able to com-

Almost Shut King's College Out Last Night—Score Was 5 to 1—Game Fast With Heavy Penalties—U. N. B. Forwards Fast and Defence Strong—Play Mt. Allison Next Week—Teams Evenly Matched

U.N.B. beat King's College 5 to 1 in an Intercollegiate Hockey League game here last night and clinched up even with Mt. Allison at the top of the league. Next Thursday U.N.B. will meet Mount A. at Sackville and a little royal is expected. Both teams have good record so far. U.N.B. has defeated both King's and Acadia here, scoring nine goals to one scored against them. Mount A. has defeated both the other teams away from home, scoring thirteen goals and having seven scored against them. Just what this dope tells is hard to say. Mt. Allison evidently has a scoring forward line but not a stonewall defence. Against King's they had to play overtime to win 6 to 5. Acadia which looked weak in the scoring line here, made two goals against the Garnet and Gold at Wolfville. Mount A. at Sackville, however, will have the advantage of playing in a small rink, to which they are used.

The King's College players do not make any predictions as to what will happen when U.N.B. meets Mount A. Both teams they say, are fast, with Mt. Allison particularly good in small rinks.

KING'S COULD NOT GET GOING.

The King's team failed to get going last night. The forwards appeared to have pretty fair combination but could not use it. About the only time they got away on it the solitary King's goal was scored. The U.N.B. forwards outplayed their opponents, man for man, and broke up most of the attempts at combination. What rushes did get by the forwards were usually stopped by Capt. "Baldy" Melanson, who played the game of his life. Teed of St. John, who was in goal for King's, kept the Blue and White from having a big score run up against them. He gave a grand exhibition, particularly in the last period. In front of him Harley and Dupuy played very steady game but were up against a tricky and fast forward-line. Sexton played well

among the Blue and White forwards. Murray was the best of the four. In the last period he and "Charlie" Pugh entertained the crowd with a little bout in the corner for which they earned six minutes with the timers.

U.N.B. LOOKED GOOD.

The Red and Black team looked good and is sized up by the experts as the best team that ever has represented the old college on the hill. The forwards were fast and aggressive and handled their sticks well. Fred McLean was particularly brilliant, scoring three goals and doing some good team-work as well as starring as an individual. Pete Mooney put up a good game on his wing and Blaine Pugh was as fast as ever with lots of "pep" to his playing. Lockary at centre, was steady but slow in getting away his shots. King's had an advantage of weight but U.N.B. evened things up and checked hard whenever it was necessary. Melanson at coverpoint, played as well as he ever did and at point Asker was prominent with his long rushes. In goal "Dane" Madmann brought the crowd up yelling time after time with his fine stops. He had less to do than Teed but was on the job whenever needed.

FIRST PERIOD.

U.N.B. had decidedly the better of the first period, scoring twice. King's were out-rated from the first. Melanson scored the first goal on a pass from Pugh after the latter had carried the rubber down the side. Mooney followed some minutes later with the second on a long shot from the boards.

SECOND PERIOD.

King's made things interesting in the second period for a while, U.N.B. being up in the air. Murray scored after a rush by the forwards. U.N.B. came back hard but King's beat off the attack. McLean finally scored from a mixup in front of the King's net. Four minutes later he pulled off the best play of the game, going down the ice alone and through the whole King's team, scoring U.N.B.'s fourth goal.

THIRD PERIOD.

The third period saw things liven up and a big bunch of penalties handed out. U.N.B. scored only once in this period, McLean beating Teed out with a long shot after he had dodged through the King's forwards. The game ended with the Red and Black playing rings around King's and holding play close to the visitors' net.
