SHE GOT SO SHE WAS ALMOST INSANE

And Then Found a Cure in Dodd's Kidney Pills

South Waterville, York Co., N.B., March 6, (Special).—Mrs. Wellington Dunlop, an estimable resident of this place, has given an interview in which she states that she believes Dodd's Kidney Pills to be the best of all medicines. Mrs. Dunlop says:

"When I recommended taking Dodd's Kidney Pills I was in a terrible condition. I had been sick for over a year and had paid out more than one hundred and thirty dollars for doctors and medicine. I would get some better and then get just as bad as ever."

"The doctor said my trouble came from my stomach. His medicine relieved me for only a few minutes after I had taken it, and I got so that I was nearly insane."

"I had not taken Dodd's Kidney Pills two days till I was some better. I took twelve boxes in all, and I can truly say they have done me more good than any medicine I have ever taken."

Dodd's Kidney Pills are suffering woman's best friend. If you haven't tried them yourself, ask your neighbors.

A PERTINENT QUESTION FOR PREMIER FLEMMING

The following enquiry was forwarded in the Leg'stute on Friday.
NOTICE OF INQUIRY FOR WEDNESDAY NEXT

(1). Is the government aware that the Daily Gleaner, a newspaper supporting it in the city of Fredericton published February 12th, 1914, an editorial article under the heading "Mr. Jas. K. Pinder," member of this House, in which it said:

"There lies to-day, an unsettled balance for his stumpage dues as far back as 1911 of \$45, and an indebtedness for stumpage due for the year of 1912 of \$494, a total of \$539. Could there be anything more disgusting in the position of a public man? Has the government not been exceeding forbearing and very lenient? It is because of this evidence of Mr. Pinder's gross abuse of trust, of his determination to trade in public affairs for his own personal aggrandizement, of his lack of honor and lack of appreciation of respectability in his dealings with public business, that he has not been—and cannot be—taken into the Executive. Mr. Pinder may whine and protest, but he must also face the fact, that no leader

Prince Henry, of Prussia, brother of the German Emperor is to sail from Hamburg Tuesday for a tour of Argentina and other countries of South America. Prince Henry's trip had been widely commented upon, owing to the report that the object of his mission is to impress the South American countries with the political and commercial importance of Germany and to offset the increasing influence of the United States in the southern continent.

er of a government can afford to take into his cabinet a man with such a reputation as Mr. Pinder unfortunately has."

(2). Are the statements referring to unpaid stumpage by Mr. Pinder true?

(3). If these accounts are due, have any efforts been made to collect them, and if so, what were the nature of them?

(4). Is the reason given by The Gleaner for Mr. Pinder not being made a member of the government correct?
