

SALVATION ARMY SELF DENIAL WEEK

An Appeal to be Made for Funds to Carry on a Good Work

We readily respond to the request of the Salvation Army's local representative to draw the attention of our readers to the Week of Self Denial, which commences on Saturday, April 25th.

This annual appeal is certainly a remarkable illustration of what zeal and system can accomplish. A great deal of the Army's success is due to this yearly effort to raise funds to carry its good works of mercy and to extend its operations where most needed.

We sincerely hope that friends and admirers in our midst of this great body of workers will liberally give towards the support of its Christ-like labors. It is noticeable that in a very short time the Army has developed a most extensive missionary organization. Its evangelistic efforts have reached all continents. Its work in India is quite unique and nothing short of miraculous. An astonishing success has been met with by the Army in Korea, and in varying degrees in South Africa, Japan and Java and among other aboriginal people the Army has adopted methods that are likely to bring distinct success.

Just now there is a great quickening of the missionary spirit in its ranks and General Booth expects to be able within five years starting from last summer, to send one thousand missionaries to the foreign field. The first party of one hundred left England last summer and were followed a few months later by one hundred more from the Scandinavian countries, viz., fifty Swedes, twenty-five Norwegians, eighteen Danes and seven Finns.

Some of these have gone to India, some to Ceylon, some to Japan, some to Java, some to Korea, some to Africa and some to South America.

The general's call for volunteers has also reached Canada and has met with some response and no doubt, before many months have gone, some of these who have offered themselves for this work will be on their way to carry the gospel message to the people of these dark lands.

The Canadian wing of the Army embraces quite a number of social insti-

WERE TRIED AND STOOD THE TEST

Dodd's Kidney Pills Making a Reputation in the West

SASKATCHEWAN MAN TELLS HOW THEY CURED HIM, AFTER FOUR MONTHS' SUFFERING FROM BACKACHE AND OTHER FORMS OF KIDNEY DISEASE.

St. Phillips, Sask., April 20—(Special)—In a new country where changes of climate and impure water are among the difficulties to be surmounted, kidney trouble is prevalent. It is the kidneys, the organs that strain the impurities out of the blood that first feel any undue strain on the body. Consequently Dodd's Kidney Pills have been well tried and tested in this neighborhood.

They have stood the test. Many settlers tell of backache, rheumatism and urinary troubles cured by Dodd's Kidney Pills. Mr. Otto Oldhewski is one of these. In speaking of his cure he says:

"I suffered from kidney disease for four months. My back ached. I had heart flutterings and was always tired and nervous. My skin had a harsh, dry feeling; my limbs were heavy, and I had a dragging sensation across the loins.

"I consulted a doctor but as I did not appear to improve I decided to try Dodd's Kidney Pills. I used six boxes and now I am all right."

Dodd's Kidney Pills always stand the test. Ask your neighbors.

DR. DE VAN'S FEMALE PILLS Reliable monthly medicine for all Female Complaints. \$5 a box, or three for \$10, at drug stores. Mailed to any address on receipt of price. THE SCOBELL DRUG CO., St. Catharines, Ontario.

PHOSPHONOL FOR MEN Restores Vims and Vitality; for Nerve and Brain; increases "grey matter"; a Tonic—will build you up. \$3 a box, or two for \$5, at drug stores, or by mail on receipt of price. THE SCOBELL DRUG CO., St. Catharines, Ontario. Sold in Fredericton by A. J. Ryan.

tutions, which must be an asset to the country.

A huge movement of this description cannot of course, be carried on without a great deal of money and we venture to hope the effort will meet with much success.

Donations may be given to the collectors who within the next few days will be soliciting or sent to Adj. Burry, the officer in charge of the local corps.

INTERNATIONAL CON- FERENCE ON CITY PLANNING

During the last five years national conferences on city planning have been held annually in various cities of the United States and have aroused such widespread interest that many American communities are now anxious to have the conference held in their city and are willing to contribute the funds for that purpose. The City of Toronto, therefore, is to be congratulated on being the first place on this side of the international boundary to entertain the conference, which this year will become international in scope and character. The financial difficulties have been overcome by a generous grant from the Dominion government, which has appointed the Commission of Conservation to act as hosts. The Ontario government and the City of Toronto are also contributing. The question of city planning is thus recognized to be of national, provincial and municipal concern, and Field Marshal H. R.H. the Duke of Connaught, the governor general, has graciously consented to open the conference and to give an address.

The substantial assistance given by the Dominion government is evidence that the town-dweller, equally with the agriculturist, is receiving attention and that not only the federal capital but all our Canadian cities, are receiving from the federal authorities such advice and assistance as the congress will afford them. Invitations have been sent to all the cities and towns in the Dominion, requesting them to send delegations to the conference and it is hoped that many will take advantage of the opportunity. Money could be spent to no greater advantage than in giving some of our city councillors the opportunity to come into touch with experts in civic problems from all over the continent. The aldermen will carry home ideas that, put into practice, will save their townspeople millions of dollars, besides acquiring a new sense of the responsibilities of their office and higher ideals of civic administration.

The scope of the conference may be gauged by a glance at some of the topics which form the main themes of discussion. Among these may be cited:

The Relative Importance of City Planning as Compared with all other Functions of City Government, by Andrew Wright Crawford, editor of the city planning section of The Public Ledger.

Provision for Future Rapid Transit, by J. V. Davies, consulting engineer for the Brooklyn Rapid Transit Company.

Rapid Transit and the Auto Bus, by John A. McCollum, assistant engineer, Board of Estimate and Apportionment, New York City.

Protecting Residential Districts, by Laurence Veiller, secretary and director of the National Housing Association, New York City.

RAILROAD MAN HAD TO LAY OFF

Until He Took GIN PILLS

Buffalo, N. Y.
"I have been a Pullman conductor on the C. P. R. and Michigan Central for the last three years.

About four years ago, I was laid up with intense pain in the groin, a very sore back, and suffered most severely when I tried to urinate.

I treated with my family physician for two months for Gravel in the Bladder but did not receive any benefit. About that time, I met another railroad man who had been similarly affected and who had been cured by GIN PILLS, after having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try GIN PILLS which I did—with the results that the pains left me entirely."

HIS HAPPIEST MOMENT.

A bachelor of considerable wealth was much sought after by many of the most charming young women of the town.

Minnie Rivers a very pretty maiden was sure she had brought him almost to the point of a proposal. "What was the happiest moment of your life?" she asked, while they were taking a moonlight stroll one evening.

"The happiest moment of my life" answered the bachelor with a reminiscent smile, "was when the jeweler took back an engagement ring and gave me some cuff links in exchange."—Harper's Magazine.

Cook's Cotton Root Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, \$1; No. 2, \$3; No. 3, \$5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor.)

HOWLAND RIDGE

Howland Ridge, April 18.

BEWARE OF SUBSTITUTES

THREE FAMOUS SCIENTISTS

Dr. Andrew Wilson, Dr. Gordon Stables and Dr. Lascelles Scott, the famous English analysts, have all personally tried Zam-Buk and expressed themselves convinced of its great healing value.

Mrs. St. Denis, of Thompson St., Westport, Winnipeg, suffered long with eczema; and finally her doctor said only Zam-Buk could cure her—another fine tribute of a scientific man to this great herbal healer.

Mrs. St. Denis says: "The eczema broke out on my nose and one side of my face. I could get no sleep because of the irritation and pain, and my face was in such a shocking condition that for two months I did not go out of the house. I applied remedies and my doctor treated me, but without effect, until one day he said that the only thing which would be likely to cure me was Zam-Buk. I procured a supply and to cut a long story short, in a few weeks Zam-Buk cured me completely, leaving no scars."

Zam-Buk is a sure cure for cuts, scalds, burns, eczema, scalp sores, ulceration, inflammation, piles, etc.; also as an embrocation for rheumatism, sprains and scalds. All druggists and stores at \$10. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.
