## To the Electors Of the County of York

GENTLEMEN:

At the request of a large number of electors, I, James M. Scott offer myself as a candidate for the vacant seat in the Legislative Assembly for the County of York. I present myself as an Independent Liberal Conservative, strongly opposed to the methods of the machine which has sought to control both Federal and Provincial affairs in this constituency over the heads of the representatives of the County, and without reference to the wishes of the people.

The recent so-called convention for the selection of a candidate was irregularly called for a certain date by the Secretary without the authority of the President and against his protest—an example of usurpation of authority and of deception such as the party here has never known. To bring a large number of electors together under such circumstances is a piece of deception which I am sure this constituency will not tolerate and will vigorously resent.

The treatment accorded the County in the recent re-construction of the Government, is such as to call forth our strongest protest. A portfolio was vacated in York, the County which was largely responsible for placing the present administration in power—it is not restored to us, we are not even given a voice in the Government. A portfolio was vacated in Charlottetown, it is immediately filled by a representative of that constituency. Shall we calmly suffer such a rebuff and lie down under such a humiliation? Who are the men who are responsible for this? They are the men who, through the exercise of patronage, control the machine, and who boast that they have kept York from being represented in the Government. They are the men who for personal reasons seek to foist upon us by an irregularly called convention, by an impossible method of voting, and by the abuse of patronage, without regard to consequences a candidate who was opposed by two of the elected representatives of the County and who is known to be unacceptable to leading men of the party and to a large and important body of the electorate.

These matters will be dealt with more fully as the campaign proceeds. In the meantime, I feel assured that the better judgment of the County will reverse an act which dishonors our record and stains our name, and the metropolitan constituency of York be freed from the influence which seeks to enslave us. I am much mistaken if there is not a spirit of independence in this County which will not submit to be oppressed and a fund of good sense among us which will not be deceived.

I have the honor to be gentlemen,  
Your obedient servant,  
**JAMES M. SCOTT.**

STANDARD RULES ON I.C.R.

It is probable that adoption of the standard rules on the I.C.R. will go into effect about the first of May or June next. The Moncton Times says. Mr. A. C. Barker, inspector of stations, trains and train despatching, also has as part of his duties the coaching of the employees in the standard rules. At the present time twelve men, including four conductors, four locomotive engineers and four despatchers, representing the different I.C.R. divisions, are working with Mr. Barker and being drilled in the new rules. As soon as the new books of rules are issued, the men from the different divisions will return to their respective headquarters and instruct the employees at the various points in the standard rules to go into effect within the next few months.
