TERRIBLE ENGINES OF

(Continued from page two.)

grandeur and horror of the scene. As far as the eye could reach nothing could be seen but burning villages and bursting shells. I realized for the first time how completely the motor-car had revolutionized warfare and how every other factor was now dominated by the absence or presence of this unique means of transport.

"Every road to the front was simply packed with cars. They seemed an ever-rolling stream, going and returning to the front, while in many villages hundreds of private cars were parked under the control of the medical officer, waiting in readiness to carry the wounded.

"Arrived at the firing line a terrible scene presented itself. The shell fire from the German batteries was so terrific that Belgian soldiers and French marines were continually being blown out of their dugouts and sent scattering to cover. Elsewhere, also, little groups of peasants were forced to flee because their cellars began to fall in. These unfortunates had to make their way as best they could on foot to the rear. They were frightened to death by the bursting shells and the sight of crying children among them was most pathetic.

SHELLS WRECKING
WHOLE STREETS.

"Dixmude was the objective of the German attack, and shells were bursting all over it, crashing among the roofs and blowing whole streets to pieces. From a distance of three miles we could hear them crashing down, but the town itself was invisible, except for the flames and the smoke and clouds rising above it. The Belgians had only a few field batteries, so that the enemy's howitzers simply dominated the field, and the infantry trenches around the town had to rely upon their own unaided efforts.

"Our progress along the road was suddenly stopped by one of the most horrible sights I have ever seen. A heavy howitzer shell had fallen and burst in the midst of a Belgian battery, making its way to the front, causing terrible destruction. The mangled horses and men among the debris presented a shocking spectacle.

"Eventually, we got into Dixmude itself, and every time a shell came crashing among the roofs we thought our end had come. The Hotel de Ville (town hall) was a sad sight. The roof was completely riddled by shell, while inside was a scene of chaos. It was piled with loaves of bread, bicycles and dead soldiers.

"The battle redoubled in fury, and by seven o'clock in the evening Dixmude was a furnace, presenting a scene of terrible grandeur. The horizon was red with burning homes.

"Our return journey was a melancholy one, owing to the constant trains of wounded that were passing."

**A WOMAN'S RIGHT TO HEALTH**

No Reason Why They Should Suffer From Backaches and Headaches

To every woman belongs the right to enjoy a healthy, active, happy life, yet nine out of ten suffer, often in silence, from splitting headaches, torturing backaches, violent heart palpitation or some other of the many evils that follow anaemia, or bloodlessness.

That is why one sees so many women with pale, thin cheeks, dull eyes and drooping figures—sure signs that the blood is out of order. All suffering women should win the right to be well by refreshing their weary bodies with the new, rich blood of health that promptly transforms them into healthy, attractive women. There is no other medicine can supply this new, rich blood so speedily and so surely as Dr. Williams' Pink Pills for Pale People. Through this medicine thousands of tired, suffering women have found new health and strength. Mrs. James Drost, Chipman, N.B., says: "For years I did not know what it was to be entirely free from headache or backache. My hands were cold and clammy all the time. It was difficult for me to get my work done and to walk even a short distance would leave me completely worn out. My life was one of constant worry and I thought I would never be better. I was doctoring all the time but without a bit of benefit, and finally the doctor stopped giving me medicine as he said he could not help me. Do you wonder that I was in despair. My mother urged me to take Dr. Williams' Pink Pills, but I said, 'what's the use, medicine can't help me.' However, my husband got six boxes of the pills, and to please him I began to take them. By the time I had finished them I undoubtedly had improved and there was the signs of returning health in my cheeks and hands. My husband thought the improvement so great that he got another half dozen boxes and before these were completed I was enjoying such good health as I had not had in years. In fact, I was a well woman, and have since enjoyed the best of health. I sincerely feel that I owe my life to Dr. Williams' Pink Pills, and shall always recommend them to all sick people. You can get these pills at any medicine dealers, or they will be sent by mail postpaid, at 50 cents a box of six boxes for \$2.50 by writing The Dr. Williams' Medicine Co. Brockville, Ont.

SEE THE CANADIAN TROOPS.

The first motion pictures of the Canadian troops at Valcartier will be shown today at the Gaiety Theatre, in Hearst-Selg News Pictorial. Motion pictures of the Canadian volunteers going through rifle practice, cavalry manoeuvres, Royal Canadian Highlanders in training and several other authentic scenes taken at Valcartier, showing a panoramic picture of the entire camps. There will also be shown genuine motion pictures from Ostend and England, where British soldiers wounded in action, are quartered for recuperation. In addition to this live wire attraction, the usual program of good, interesting photoplays will be shown, including Alice Joyce, America's premier motion picture actress, in a two-part Kalem feature, "The Brand," and a decidedly lively comedy feature, "The
