## HOME LOVING AUTHORS

It is a popular belief that genius can only develop in "selfish solitude." A study of the lives of some of our greatest writers and thinkers, however, reveals the fact that much of their finest work was done after marriage, when they enjoyed the companionship of wives and children. Charles Kingsley, for instance, had an ideal home, and was never happier than when playing with his children. He gave them the best of everything, the largest and sunniest rooms in the house, and the best part of the garden as a playground. He was passionately devoted to children, and their griefs made him sad. "A child weeping over a broken toy," he wrote, "is a sight I cannot bear."

Wordsworth was a happy husband, and wrote one of his prettiest poems to his wife, while Tennyson had a liking for domesticity, and in spite of a happy home, which critics contend is liable to damp genius, was able to write undying verse.

George Borrow did all his best work after his marriage, and if he had married earlier would not have wasted so much time writing pot-boilers, while Froude did better after he had started domesticity. William Black found it so difficult to write when apart from his wife that once when he went alone to Brighton to start a new novel he had to telegraph to her to join him. He tried shutting himself in a room and waiting up and down the shore, but in the end he went to the telegraph office.

Browning had one of the best of homes, and some of his finest poems were written to his wife.

Southey found domesticity so necessary and inspiring that he married twice, while Carlyle's wife was invaluable as a listener. He used to rush down from the room in the roof to read chapters about the great Frederick to her and then rush back again.

## NEWS OF FREDERICTON TWENTY-ONE YEARS AGO

(From The Weekly Herald of Saturday, January 14, 1914.)

REMOVAL—Dr. Owens has removed to Woodstock from Milville and taken the late Dr. Connell's office.

AT BAYSIDE—Miss Thompson of this city, has secured the school at Bayside, Charlotte county, for the ensuing term.

MEDICAL—Dr. J. W. Pridges has secured the Dr. J. Z. Currie place on York street and has commenced practice. Dr. Currie intends to go to Boston for a visit.

FREDERICTON SKATER—John A. Wisely, formerly of this city, was defeated in a skating race at Bangor last week. He would have won but his skates cut through some shell ice, throwing him. He did the five miles however, in 18.34.

GONE WEST—George Wilson of the late firm of Wilson & Wilson, left on Tuesday for the Northwest, where he will go into the practise of his profession. He is a young man of much legal talent and will be heard from in the land of his adoption.

NO PAY FOR THEM—The special meeting of the City Council called to consider the question of providing a salary for the city fathers was a failure. It is either, follow the same old system or give place to others who will. Perhaps the aldermen did not think it was an opportune time to strike for wages, especially as the aldermanic elections are so near at hand.

FOR DAMAGES—Miss Bina Henry of the U.N.B. class of '91, has just recovered from the Electric Railway Company of Chicago \$1.25 for damages sustained in an accident on their cars. While she was endeavoring to board a car it started and she was thrown, receiving a severe cut on the head. She advertised for the addresses of those who saw the accident and soon had sufficient evidence to convince the company that she was not to be trifled with.

BOARD OF TRADE—At the annual meeting of the Board of Trade on Monday afternoon the following officers were elected:  
President, J. S. Neill.  
Vice-President, Wm. Lemont.

## HEALTH FOR BABY

To keep the baby healthy and strong, his little stomach must be kept sweet and his bowels working regularly—that is the secret of health in little ones. The mother who keeps a supply of Baby's Own Tablets in the house can feel reasonably sure that her little ones are going to escape the results of childhood ailments, for the Tablets instantly relieve and cure such troubles as constipation, indigestion, colds, colic and worms by regulating the stomach and bowels. Concerning them Mrs. James Deroche, Cache Bay, Ont., writes: "I have used Baby's Own Tablets for three years and have always found them the best remedy for little ones." They are sold by medicine dealers or by mail at 25 cents box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Lefty" Tyler drops a hint that the Boston Braves will have to come across with more money or he will jump to the Feds.

Mique Finn, the Memphis manager tried to sign Harry Demis, the old Cleveland catcher, but Demis wanted too much money.

Dr. W. L. (Buck) Fressly, who managed the Roanoke team in the Virginia league last season has signed to pilot Norfolk in the same organization.

What's the use of talking about Tommy Leach doing any jumping? Tom is so old that the Feds would have to wheel him into the new league.

Very few ball players have to work so hard to keep down their weight as does "Hack" Engle of the Red Sox. With "Hack" it's a case of training all winter. Right now he is down in Maine wearing out snowshoes and skis.

Secretary, J. W. McCready.  
Council—A. G. Edgcomb, J. J. Weddall, M. Tennant, A. H. F. Randolph, G. W. Hodge, C. F. Chestnut, F. B. Edgcombe, J. T. Clark, J. M. Wiley, H. H. Pitts, A. Lottimer.  
Arbitrators—J. S. Neill, Wm. Lemont, J. W. McCready, O. McGoldrick, J. Pitblado, G. T. Whelpley, A. Staples, A. H. F. Randolph.

CALLED AWAY—Eben Miller was called to St. John on Monday to attend the funeral of his brother-in-law W. G. Mathewson. The funeral took place on Tuesday at St. John.

TWO LAUNCHES—Gibson will see two launches next spring. John Gibson's large schooner will be ready to run off in May and Charles McCluskey will have his little schooner on the lakes about the same day.

ON KING STREET—Nearly all the trotters in the city and vicinity were out on King street Friday afternoon. There will be the usual amount of 2.40 stories going the rounds with the usual amount of truth in them.

THE McMICHAELS—The prisoners McMichael, father and son, will be presented at the court for trial for the murder of Fred Titus of St. Mary's on Tuesday next. The younger man appears to have very little realization of the position in which he is placed and apparently enjoys a talk on the subject. The old man is more reserved and taciturn and now that the time for trial is approaching, appears very irritable. It is said that the youth is not a son of McMichael but a boy named Hope, whom he has adopted. Apparently they have engaged no counsel.

## Building An Empire

Every loyal Canadian is an "Empire builder." He is anxious to add to the health and prosperity of the Dominion. But you can't build an Empire out of lands and mines and railroads alone. You have to build an Empire with men—and the way to make men is to give growing youngsters a food that builds strong and sturdy bodies. Such a food is

## SHREDDED WHEAT

It contains all the material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It is better than mushy porridges because it induces thorough mastication and thus develops sound teeth and insures perfect digestion. A food to study on, to play on, to work on.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Try Toasted Triscuit, the Shredded Wheat wafer, for luncheon, with butter, cheese or marmalade.
