the Germans are trying to create one by piercing the battle line in a frontal attack. The effort is being made to the south of Dixmude and, officials returning from the front say, it is likely to continue for some time.

The progress of the Allies, according to these officers, though not rapid is most satisfactory. A celebrated French general, who had been prevented by age and ill-health from taking an active part in the campaign, and whose name, for obvious reasons, cannot be given, said today: "It seems to me that the situation of the Allies is excellent, quite apart from the Russian victory. The Germans have just attempted a great effort, the value of which is not underestimated. Not only have they reinforced their fighting units of every kind, but they have created new army corps, the greater part of which they have sent to Belgium and the north of France.

BOMBARDED TURKISH FORTS

Rome, Nov. 11—An official communication from Athens states that according to telegrams received from Constantinople the Russian cruisers Pamiat, Merkoviya and Kagul bombarded last Saturday the Turkish forts in the Bosphorous and the coal depot at Heraklia. The Turkish fleet which went to meet the Russians has returned to the Bosphorous. Several merchant vessels were destroyed at Heraklia during the bombardment.

NO PAY FOR RAILWAY MEN

Copenhagen, Nov. 11—Railway communication between Belgium and Holland has almost ceased since a despatch from Berlin as a result of the refusal of the Belgian Government at Havre to pay railway employees since the railways are used almost exclusively in the service of the German army. It is said to be probable that the German government will take entire charge of the service.

BLACKMAIL LETTER RECEIVED BY COOK BOYS

(Wainwright Star.)

Previous to T. G. Cook's trial in Edmonton, his brothers have received letter, written in a disguised handwriting, demanding the sum of \$2,000 and a further demand that the accounts of three local farmers, amounting to about five hundred dollars, be squared off the books of the Imperial Lumber Company. Unless this was done, it was threatened that a certain witness who had not been interviewed by Sergeant Detective Piper would appear at the trial and give damaging evidence against Cook. Needless to say, the letter was entirely ignored.

The letter was mailed in Wainwright, was written in a scrawly hand and showed certain resemblances to the writing of a well known local character whose reputation is considered rather shady. Further investigation and confidential information from one of his own friends revealed that suspicions were correct. The identity of the parties who stooped to this level can be proved beyond the shadow of the faintest doubt, but on account of a promise that no action would be taken having been given, the matter cannot be carried to the courts and the punishment, which for blackmail work is severe, cannot be meted out if those to whom the information was brought wish to maintain any sense of honor.

The incident only goes to show what tactics were carried on against Cook's immediate relatives and what they were compelled to contend with from the time of his arrest. A score of other incidents could be cited, but no proof as to the responsible parties can be shown.

LIED IN TORONTO HOSPITAL.

Mr. and Mrs. David Colwell, George street, have received word of the death of their son, Mr. George Colwell, which occurred yesterday in a hospital at Toronto. The deceased returned home from the Canadian West this summer and while here enlisted for active service with the first Canadian expeditionary force. He went to Valenciennes with the contingent from the 71st Regt. and was taken ill while in camp at that place. The medical officers had him transferred to Toronto and a letter received by his parents a few days ago stated that he had recently underwent an operation and was on the way to recovery. The late Mr. Colwell was about thirty years of age and besides his parents is survived by one brother, Prof. Robert Colwell of Pennsylvania, and one sister, Mr. Charles Staples of St. Stephen.

The horrors of war include verities and reverses.

The Russian steamer roller is again at work.

The Germans are running so short of officers the Kaiser has decreed that promotions from the ranks be made in short service. But to the terrible ardors of war think of having to break in a monocle!

AUSTRALIAN CRUISER WON

Continued from page 1.

The Emden has contributed to the history of the war, as thus far recorded, one of its most remarkable chapters. For sheer audacity and success of accomplishment, it has few parallels.

Twenty-two ships, mostly British, have been sunk, and one has been captured by the German cruiser.

Since early in August, the Emden has been at work. Most of the time she was preying on British shipping in the Indian Ocean, but last month she suddenly appeared at Penang. It was here that the Emden performed her most daring feat.

A fourth smokestack was rigged on her deck, and a Japanese flag run up. Thus disguised, she steamed into the harbor, passing unchallenged under the British guns at the fort, and fired torpedoes which sank the Russian cruiser Jambich, and a French destroyer. Then she took to her heels, and escaped unscathed, through the Straits.

The vessels destroyed by the Emden had a total value of about \$4,000,000 exclusive of their cargoes. The Emden's largest guns were only 4.1 inch.

Of these she had ten. Her speed of 24.5 knots was her greatest asset, as she has been able to run down merchant ships with ease and then escape from larger but slower war vessels that have pursued her.

In his speech at the Lord Mayor's banquet in London last night Right Hon. Winston Churchill said there was a natural impatience on the part of the navy to strike a blow, but the people must be patient; the conditions of naval warfare were curious and novel. Great Britain was endeavoring to maintain all the seas, and secure all the highways across the ocean against methods never before adopted. The navy was protecting the transport of forces to the theatre of war. This great task compelled it to offer a target incomparably greater than that the enemy offered to the British sailors.

With the exception of the German squadron now off the coast of Chile, the whole of the Pacific and Indian oceans are now clear of the enemy's warships.

N. B. AND P. E. I.**S. S. CONVENTION**

Sussex, N. B. Nov. 10—(Special)—The New Brunswick and P. E. I. and Sunday School Association opened its 31st annual convention at Sussex today, the gatherings being held at the United Baptist church, and were full of enthusiasm. The number of delegates was unusually large. The morning session was presided over by Rev. G. A. Lawson, Moncton, and was addressed by John A. Alexander, Chicago, international superintendent of the secondary division, on Fundamental principles. He also led a conference on Teen Age Training.

In the afternoon Rev. W. A. Ross, general secretary, spoke of the formation of a new advisory committee in connection with boys' work in the province and Mr. Alexander spoke on leadership.

In the evening the president, Rev. J. H. A. Anderson, St. John presided and the devotional exercises were led by Rev. J. C. B. Appel, St. John, and Mr. Anderson touched on the work that had been done during the year.

A welcome was extended to the delegates on behalf of the churches by Rev. W. F. Parker, Sussex, and from the citizens by Mayor McKay. This was responded to on behalf of the convention by a telegram in the words of the brews 15th: "Let brotherly love continue," sent by J. C. Jardine.

The Local Government will meet next week to consider the Dural report and Judge's accounts for the fiscal year which closed on October 31st.

The German Crown Prince is still present in force at all points of the battle line.
