

**HAD INDIGESTION
FOR OVER 10 YEARS.****ALMOST DESPAIRED OF EVER
GETTING WELL.**

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor is now good, and I can eat most everything without any disagreeable feelings."

I can strongly recommend B.B.B. to anyone suffering from indigestion.
B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**DESERT BARS
TURKS FROM
ATTACK IN EGYPT**

New York, Nov. 19—How German and Austrian citizens have been ordered to wait in Turkey for the formation of regiments there instead of rejoining their colors at home and how the Goeben and the Breslau have been allowed to keep their German crews as a part of the narrative told a New York Herald reporter yesterday morning by a passenger on board the Transylvania, of the Cunard line, which arrived from Liverpool.

This passenger also declared that the geographical situation at the Egyptian frontier would form the greatest barrier against Turkish invasion of British territory, and that even if the troops of the Sultan managed to reach it, the troops of England were ready for them. A passenger is a young American engineer, and was among the first persons out of Constantinople since the week during which Turkey made her first hostile move against Russia. He left Constantinople several days before actual hostilities began and expects to return in a short time.

"To connect my name with any remarks about Turkey," he said, "would be inadvisable, because I am to go back but with that understanding I am willing to tell what I saw." The young man's work has taken him into more remote parts of Turkey and Palestine, and recently he was on the Egyptian border, which he declared to be well held by the British forces and practically insured against Turkish invasion.

"In order to get at Egypt," he said, "an army would have to cross the desert, and the lack of water would be sufficient to prohibit this. There has been no rain in that section for a long time, and this has had its effect on the population along the border of the desert. I do not know what the people in Palestine will do this winter. Starvation is the only prospect that faces them now."

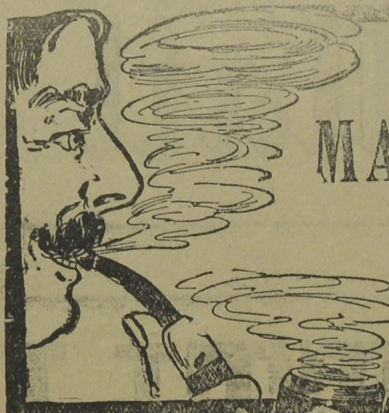

He declared also that Americans in Constantinople and adjacent territory were safe.

"Mr. Morgenthau," the American Ambassador," he said, "has seen trouble brewing ever since the Powers went to war and has prepared for it in such a way that the location of most of the Americans in and about Constantinople is known. It will be only in the more distant places that Americans and Europeans will be in any danger."

In speaking about the activities of the Germans in Turkey the engineer said that their present predominance in Turkish affairs had as its foundation ten years of hard labor.

"Only a little time ago," he said, "two representatives of the German government went among the sheiks with decorations and a large supply of arms. They decorated about seventy-five of these leaders and have done their best to instill religious hatred into them."

"I also saw a number of men in the uniform of the private German soldier in Constantinople, and I know that several Austrians who were there on business received orders not to return to their country to join their regiments but to await the formation of regiments in Turkey. I also saw the Goeben and the Breslau the two German cruisers that were transferred to Turkey. They still have their full German crews, only the men have substituted the Turkish fez for the regular cap."

FOR THE EMPIRE!

BRITAIN NEEDS MEN

LORD KITCHENER SAYS:---

**"TO THE PEOPLE OF THE EMPIRE:—EVERY FIGHTING
UNIT WE CAN SEND TO THE FRONT MEANS ONE STEP NEARER
PEACE"**

WHO WILL VOLUNTEER TODAY FOR OVERSEAS SERVICE

HERE ARE THE CONDITIONS

Recruiting for the New Brunswick Regiment Must be Completed Within Ten Days

THE VOLUNTEERS

THE PERIOD OF ENLISTMENT is for the duration of the war
and for six months after termination if required.

THE RATE OF PAY is \$1.10 per day and found for seven
days a week, equal to \$33.00 per month.

IF DISABLED, the soldier will receive a pension at such rates
as may be fixed by the Government.

IF WOUNDED OR ILL, the soldier will be well cared for and
sent back to his home at the proper time.

THEIR FAMILIES

SOLDIERS MAY ASSIGN any portion of their regular pay to
wives or others, and such sums will be paid regularly
to the persons so designated.

WIVES OF VOLUNTEERS will receive twenty dollars per
month separation allowance from the Canadian Govern-
ment over and above the soldiers pay.

THE PATRIOTIC FUND will supplement this with an additional
allowance as described hereafter.

SHOULD ANY OF THE SOLDIERS BE KILLED, their wives
and children will become wards of the Canadian Govern-
ment, and generous provision will be made for them.

The National Patriotic Fund Committee has decided on a basis of distribution of funds among the wives and children, and other dependents of volunteers. It is estimated that a wife on her own account requires Thirty Dollars Per Month for her maintenance. The Canadian Government provides Twenty Dollars per month of this amount and the Patriotic Fund the remaining Ten Dollars, if required. Children between ten and fifteen years of age are allowed twenty-five cents per day; from five to ten years of age, fifteen cents per day; and under five years of age, ten cents per day. Thus, a wife and three children of the ages of three, seven and twelve, may receive a total monthly allowance of Forty-five Dollars, of which Twenty Dollars is payable by the Canadian Government and Twenty-five Dollars by the Patriotic Fund. This is of course in addition to the Thirty-three Dollars per month paid to the soldier, and which may be assigned by him to his family.

Besides the above, provision is made for a compassionate allowance for temporary extraordinary need such as accident, sickness, etc. In short, the whole purpose of the Patriotic Fund is so to supplement the Government allowance as to provide all reasonable comfort for the families of men on service. Such provision, in each individual case, is subject to the report of local committees, who shall consider all the circumstances of families affected, with respect to the earnings of members of such families, amounts received from former employer of the soldiers, and other sources of income.

Every reasonable provision is thus made for dependent relatives, and volunteers need have no anxiety regarding the welfare of those left behind.

The 26th New Brunswick Regiment, 2nd Canadian Overseas Expeditionary Force requires Six Hundred more men at once. The full strength must be completed in ten days.
