# FERCE FIGHTING CONTINUES IN THE NORTH

(Continued from Page One.)

De Calais, France, saying that  
through the cutting of the dykes in  
the low country southeast of Dix-  
mude a large German force has been  
flooded out.

Some estimates place the German  
losses there at five thousand drowned  
besides thirty thousand killed and  
wounded. This may give some hint  
the despatch adds, as to what it  
meant when it is declared that the  
fighting in this region is the most  
desperate of the entire war thus far.  
have been captured.

A large number of women spies  
have been captured and promptly shot  
in the vicinity of Dixmude. In some  
cases the women declared they had  
been terrorized into practicing espionage.  
Almost without exception they  
had no idea of the risk they were run-  
ning of penalty for their offense.

The Belgian field army is doing  
staunch work around Dixmude. Four  
times on Thursday afternoon the Ger-  
mans charged the Belgian trenches  
with the bayonet along the whole  
front. Each time they were repulsed  
with heavy losses.

Regarding its local aspect the Ger-  
man retreat toward Thielt after the  
repulse at Dixmude may be described  
as a rout, for although the retreat  
was covered by German artillery the  
French took more than 1,900 prison-  
ers, including seven hundred wounded.  
Some of the prisoners believed they  
were within twenty miles of Paris.

London, Oct. 25—Official announce-  
ment is made that a German subma-  
rine has been rammed and sunk by the  
British destroyer Badger, Command-  
er Chas. Freemantle, off the Dutch  
coast. The Badger's bow was some-  
what damaged.

### GOOD WORK ON NAVAL GUNS

London, Oct. 25—The admiralty to-  
day issued the following announce-  
ment:

"All of yesterday's monitors and  
other vessels of the British bombard-  
ing fleet fired on the German right  
wing, which they searched thoroughly  
and effectively, in consort with the  
operations of the Belgian army.

"All the German attacks on Nieu-  
port were repulsed.

"Much damage was done to the  
enemy by naval fire which enfilades  
German lines and prisoners taken yester-  
day and the day before testify to  
the very heavy losses the enemy  
has suffered from this cause.

"Fire also was opened in the after-  
noon on the German batteries near  
Ostend. Admiral Hood now has a fine  
flotilla of vessels very suitable for  
this work but at the same time not  
of great value.

"During the day our ships were per-  
sistently attacked by an enemy  
marine and torpedoes were fired with  
out success at the Widdre and the  
destroyer Myrmidon.

"Other British vessels again at-  
tacked the submarine. Naval aero-  
planes and balloons aided in direct-  
ing the fire.

"All weather conditions were fine  
and favorable. No loss was sustained  
by the flotilla yesterday."

### LANDING PARTY SUFFERED

London, Oct. 24—A despatch to  
the Evening News from Dunkirk  
gives heretofore unpublished details  
of the bombardment of the Germans  
on the coast of Belgium by British  
artillery.

The admiralty had stated previous-  
ly that the British naval loss was  
slight and the correspondent, sustain-  
ing this, says that only one ship was  
damaged, but adds that the landing  
party which the admiralty statement  
referred to as going ashore with a  
machine gun, suffered severely, losing  
a lieutenant and a number of men,  
who were picked off by German sharp-  
shooters.

The gun was of necessity abandon-  
ed, and only a handful of the British-  
ers got back to their ship.

The correspondent states that the  
Germans placed guns in gaps between  
houses along the shore, adding:

"The British ships steamed down  
the coast at full speed, giving the  
Germans their starboard guns. Then  
they turned and came back, letting go  
their port guns. By the time they  
next came by the German guns were  
silent, and an ambulance had ap-  
peared and was picking up the dead  
and wounded.

### CREW BROUGHT TO PORT

London, Oct. 24—The Norwegian  
steamer Heimland, which had been  
reported from Amsterdam as sunk,  
probably by a mine, arrived at Aber-  
deen today, bringing the crew of the  
British steamer Cormorant which  
was destroyed by a mine recently.

The Heimland came from Amster-  
dam.

### AMERICAN COMMERCE

Washington, Oct. 24—There will be  
no further interference by British  
cruisers with American commerce at  
the gateway to New York.

At the beginning of the European  
war several British cruisers made  
their appearance off Sandy Hook,  
and while there were no seizures in  
that immediate neighborhood, cap-  
tains of neutral ships were signalled  
and in some cases stopped by the  
British cruisers to establish their  
identity, the destination of their  
ships and the nature of the cargo.

The attention of the British govern-  
ment was called to the practice at  
the suggestion of the navy depart-  
ment, and orders have been given for  
its prompt discontinuance.

### SINKS GERMAN VESSEL

Honolulu, Oct. 25—In sight of the  
marines observers at the mouth of the  
harbor, the Japanese battleship Hi-  
zen captured Saturday the German  
steam schooner Aeolus, supposedly  
from the Marshall Islands.

On account of the sinking of the  
Aeolus by the Japanese battleship  
Hi-zen was brought here by custom  
officials on the United States re-  
venue cutter Thetis.

After the schooner was cut loose  
from the Hi-zen, after being towed to  
a point about ten miles off shore, it  
was permitted to drift half a mile  
away. Then the war vessel, with a  
searchlight playing on the doomed  
craft, fired fourteen shells from small  
guns, and the Aeolus disappeared be-  
neath the waves.

### INDRANI CAPTURED

London, Oct. 25—The Lloyd's cor-  
respondent at Tenerife learns that  
the British steamers Indrani, Con-  
dor and Farn were captured by the  
German cruiser Karlsruhe, but have  
not been sunk.

This is in contradiction of the Daily  
Mail's correspondent at Tenerife  
despatch previously published that  
the Karlsruhe has sunk thirteen Brit-  
ish merchantmen, including these  
three vessels.

### SAW MONSTER MOOSE.

Mr. J. F. VanBuskirk, while motor-  
ing with members of his family near  
Bolestown yesterday saw what he  
claims to be the largest moose in ex-  
istence. He noticed the animal stand-  
ing on a bridge only one hundred  
yards distant, and it seemed inclined  
to dispute the right of way with him.  
Mr. VanBuskirk had a rifle along  
with him but did not use it as being  
without antlers he assumed that the  
moose was a cow. Mr. VanBuskirk de-  
clares that the moose weighed at  
least a ton, and a peculiar thing  
about it was that its legs were  
snow white. "Boys oh boys," said  
Mr. VanBuskirk, "talk about moose;  
this was a world beater."

J. F. VANBUSKIRK.
