FEDERAL LEAGUE

WILL SUE PLAYERS
FOR \$65,000

Blanding, Killifer and Kahler for
\$15,000 Each and William and
Baumgartner of \$10,000 Each

Chicago, April 15—Suits for damages aggregating \$65,000 will be begun in a few days by the Federal League against five ball players who, it will be claimed, refused to live up to their contracts with its clubs. This was announced by Pres Gilmore on his return today from the East in cities of the Federal circuit.

Blanding, Killifer and Kahler will be sued for \$15,000 each, and Williams and Baumgartner for \$10,000 each, he said.

Gilmore said that while he was in Baltimore three members of the New York Nationals called on him and said they were willing to play in the Federal League if offered inducements they liked. He promised to take them on if any of his clubs want them. He refused to make public their names.

VALLEY RAILWAY BILL

(Continued from page seven.)

mile bonds of the company left in the company's hands after the province's guarantee of the first \$25,000.

Mr. Tilley said if that was so he was satisfied.

The bill was then agreed to as amended.

The House went into committee with Mr. Melanson in the chair and took up consideration of the bill to amend the act providing for the Protection of Woods from fire.

Hon. Mr. Murray submitted an amendment to deal with the suggestions made by the hon. members of the committee this afternoon. This amendment made the act ineffective during the months of December, January, February and March, so that mills in the woods could be operated then without "bonnets" or spark-catchers.

Mr. Slipp pressed to have his suggestion to have the factory inspector responsible for the carrying out of the provisions of the act.

Hon. Mr. Murray thought that the Crown Land Department officials the proper officers to look after this work as their duties would take them into the woods, whereas the factory inspector's work was of such a character that he could not be expected to go into the woods to look after the enforcement of the provisions of this bill.

Other members of the committee agreed that the factory inspector now has all the duties to perform that one man could be expected to satisfactorily discharge and the bill was agreed to with a further amendment making the scalars and officials of the Crown Land Department responsible for the enforcement of the provisions of the bill.

The bill to incorporate New Brunswick Agricultural Societies United was agreed to with amendments.

The bill to aid in the development of the Gloucester Iron Mines was next taken up and agreed to with amendments.

The bills to create the Metro Police District, to amend the New Brunswick Electors Act and Respecting Reporting in the Supreme and County Courts, were also agreed to with amendments.

Hon. Mr. Clarke said he felt it was nothing more than right to call attention to a report in The Evening Times of St. John with reference to the matter of the arrangement under which the opposition leader's motion picture charges had been put over to Friday and The St. John Standard's references thereto, which had already been referred to in the House before today. The paragraph in The Times alleged that the official reporter had sent out a statement in regard to the matter which was not in accordance with the facts. He desired to say on behalf of the official reporter that he did not issue or send the statement referred to nor was he in any way responsible for it.

The House adjourned at 11.10.

SAM LANGFORD

FOUGHT WITH ONE
HAND AND WON

Cotton Stayed Eight Rounds With the
Canadian Though Badly Battered
Toward Last

Chattanooga, April 15—Depending almost solely upon his left, Sam Langford of Boston, easily defeated Kid Cotton of New Orleans here tonight, after eight rounds of terrific fighting.

In the initial session, Cotton caught Langford with a right swing, as he was emerging from a clinch and seated him upon the canvas.

The upset apparently ungarbed the Boston tar baby and he fought lack savagely, having Cotton in a groggy condition after the fifth round.

In the closing round, Cotton lunged helplessly upon Langford's shoulder, but gamely refused to go down and fought back doggedly.

Langford's right was kept under being only at intervals and then for body blows. The Boston boxer used left hooks almost entirely while at long range and left uppercuts at close quarters.

In the closing rounds Cotton landed repeatedly upon Langford's head and face, the latter making no apparent effort to block the blows, which apparently made no impression

NO SUSPENSION

FOR U. N. B. HOCKEY
MEN SAYS COVEY

All Interprovincial and New Brunswick
Hockey League Players are Under
the Ban of Union

(St. John Telegraph)
The U.N.B. hockey players who were reported to be under ban of the Canadian Amateur Athletic Union are not and will not be suspended, said A.W. Covey, New Brunswick representative of the maritime branch of the association, yesterday. There was a report against the players for taking part in a hockey game against a semi-professional team, Mr. Covey said, but they participated in this game with his consent.

All the members of the Interprovincial League, the teams representing St. John, Amherst, Sussex, and Sackville, and the players in the teams of the New Brunswick League, Chatham Campbellton and Fredericton are now under suspension but should application for reinstatement be made, their cases, Mr. Covey said, would be considered.

The fact that so many players are under the ban will make the situation rather bad for amateur sport this summer, unless their amateur standing is restored. In the two leagues about eighty players will be affected and there are some baseball players also who have been suspended for some time and who have not yet made application for reinstatement.
