GERMANS DRIVEN BACK IN NORTH COUNTRY

Nowmiaszto, Balobrezgi and Glowaczew, to the north of IZANKA.

"Among the German troops there were many new recruits.

"The fighting was especially fierce around Tezow and Rawa, where we captured portions of the enemy's positions.

"We won a victory that was essential toward Novo, Alexandria and Zwolen. The enemy there is in retreat. We took about fifty officers and three thousand men, several machine guns and eight cannon.

"South of Solec our troops after crossing the Vistula took eight officers and three hundred men and some machine guns.

"Around Przemysl we have advanced as far on the railway as Staremiasto, and Turka."

Vienna, Oct. 27.—An official statement issued today says:

"The situation is unchanged in Central Galicia. Southwest of Ivanoigorod our heroically fighting troops are opposed by superior forces. One of our corps has made 10,000 prisoners."

RETREAT AT NANCY.

London, Oct. 27.—A despatch to Reuter's Telegram Company from Paris summarizing the situation in France, says:

"Again today there is no marked change to report in the general situation, though the impression remains favorable and it is said that the Allies have advanced slightly between Ypres and Roulers and also at Soissons."

"In the Nancy district the enemy has been driven back beyond the frontier."

AEROPLANE DEFENCE.

Paris, Oct. 28.—Three German aeroplanes yesterday reconnoitered the region of Senlis, Department of Oise, and then crossed the Allies' lines toward Paris.

They were prevented from reaching the region of the capital, however, through the vigilance of the aerial guard.

NO REASON TO FEAR FAILURE.

London, Oct. 27.—A despatch to the Central News from Northeastern France, says:

"The Germans were yesterday afternoon, in great part, driven back across the Yser, with heavy losses, by the French infantry, aided by the fire of the monitors. When the Belgians undertook the defence of the Yser they held it for a week. Then by sheer weight of artillery and men the Germans pushed the Belgians back, but not before they paid the full penalty for the temporary success."

"At least two army corps faced the Belgians. Their object was to force them right into France and thus succeed in turning the Allies' left. It cost the Belgians one thousand casualties to prevent the attainment of this object. It is reported on reliable authority that the German emperor had placed eight army corps in this section of the field. Their losses have been frightful; their successes practically nil."

"Towards the end of last week the situation was doubtful; now there is no reason to fear failure. On the contrary, first-class success may be looked for, which will place the Germans finally on the defensive in the west. Great progress is being made in the reorganization of the Belgian army."

BLAME BRITISH FOR IT.

Amsterdam, via London, Oct. 27.—The Cologne Gazette says that fifty commercial houses of Antwerp have sent a protest to the American minister against the destruction of their stocks of goods by the British before they retreat.

They demand from the British government an indemnification to the amount of 230,000,000 francs, as the destruction of their goods, they claim, was not occasioned by the defence of the town, but was wilfully carried out by the retreating British troops during the evacuation.

CONVINCED ALLIES WILL WIN

Paris, Oct. 27.—Ex-Premier Briand, who now holds the portfolio of justice in the Viviani cabinet, in an interview published in Le Temps today, gives his impressions of a visit to the battlefield at Verdun and the frontier, and declares that he brought back the conviction, calmly reasoned out, that the battle will result in a brilliant victory for the Allies.

M. Briand says that the Germans have been blinded and rendered maddened by fury owing to the checks they have been sustained. He found the population of the devastated region returning to their homes and courageously resuming work, saving what they can of the crops.

The minister of justice said he interviewed soldiers in the trenches and found them full of gaiety and confidence, not one doubting for an instant the successful issue of the struggle.

AUSTRIANS WOUNDED.

London, Oct. 27.—It is semi-officially reported at Petrograd, according to a Central News despatch, that the number of Austrian wounded who passed through Vienna alone, which was officially estimated at 130,000 up to September 13, now amounts to at least two hundred thousand.

CHARGE AGAINST OFFICER

A complaint has been laid against a well known police officer on the charge of assaulting a man named Parker at a performance in the Opera House one night this week. The case will be tried before Magistrate Linnick in the police court tomorrow morning.

PASSENGERS SUSPECTED OF SPYING

Liverpool, via London, Oct. 27.—Having received information that twenty-two German spies were on board the Cunard Liner steamer Mauritania with fraudulent passports, several officers of the Home Office subjected the passengers of the liner to a rigid examination on her arrival from New York today.

The officers were assisted by a corps of interpreters, who devoted most of their time to questioning French and Scandinavian maids of American passengers. Through the courtesy of the Foreign Office, Edward Bell, second secretary of the American Embassy in London, and Horace Lee Washington, the American consul in Liverpool, were present at the investigation.

No spies were found on board the steamer. The only victim of the inquiry was the agent of an American arms manufactory, who had with him samples of American rifles. Nobody escaped examination, not even Timothy Healy, the Irish member of parliament, who evidently did not relish the cross examination he had to undergo.
