CLEAR THE HEAD, OPENS THE NOSTRILS STOPS SNEEZING, CURES CATARRH

You Get Instant Relief by Inhaling
the Soothing Vapor
"Catarrhose"

Catarrh is bound to come with this weather. Slight colds become more offensive and sickening every day. The inflammation extends further into the head. Soon the ears begin to buzz and ring. The head aches, the eyes pain dreadfully, the nose gets plugged up and this forces the patient to breathe to breathe through the mouth. Vile filthy secretions are forced back into the throat, requiring a great deal of coughing to keep the air passages free. Finally this foul matter finds its way into the stomach, causing Dyspepsia and general ill-health. By this time the patient has SYSTEMATIC CATARRH which saps strength, depletes the vital energies till con-

sumption is the unhappy result. There isn't the slightest use in trying to cure this condition with tablets, snuff or spray. Such treatments are wholly inadequate. You must employ Catarrhose the only remedy that possesses power to kill the germs of Catarrh. The healing vapor of Catarrhose is carried by the air you breathe to the most minute cells of the nose, throat, bronchial tubes and lungs. Its antiseptic medication goes everywhere that air can go. No case is too chronic, no person too old—everybody that has catarrh of any kind can be cured by this grand treatment which is endorsed by thousands of physicians throughout America who say: "The only way to permanently get rid of Catarrh is to use Catarrhose."

TWO MONTHS' TREATMENT GUARANTEED TO CURE. PRICE \$1.00; small size, 50c; trial 25c. Sold by dealers everywhere.

MAY START BRANCH OF S. P. C. IN FREDERICTON

Mr. Editor:

I noticed in the paper a short time ago that a movement had been started to re-organize an S.P.C.A. I am very glad, I can assure. I have been corresponding with agents of different societies and have received some very instructive literature from the different ones, also information as to the forming and carrying on of a society. But I must admit C. F. Richardson of the Lowell Humane Society, gave me the best. A little later I will give them to the public and I think if we organize and can run it as the Lowell Humane Society do theirs we will surely succeed.

This society has been running thirty-five years. I am sending this letter to the editor of The Mail to publish, so we can see how they run their society.

The only thing that we want that they have not got is a grant from the provincial and city governments. We are going to ask for it anyway and as you get most anything you ask for if you are on the right side of politics, I guess we will not be refused for WE ARE GOING TO BE ON THE RIGHT SIDE. I notice we have Mayor Hooper is ready to give us any assistance. I know he will assist us in every way and I have been promised the hearty support of almost every citizen in the city. Mayor Hooper states that the city bylaws as they exist afford means of prosecuting cases of cruelty. I am glad to know that. He also states that many citizens who complain of acts of cruelty refuse to take part in any prosecution and that is so true.

I have been called up many times and told of extreme cases of cruelty and asked to do something but please not to mention their names."

Well, it is to be hoped if we once get a society started that every one that joins will make up their minds that they are not going to be afraid of their names. Not only women but

England with him.)

ROYAL SCARLET CHAPTER—Royal Scarlet Chapter, L.O.L., of York, has elected the following officers: H. G. C. Wetmore, E. C. of C. Wm. Anderson, Chap. Wm. Roseborough, Scribe. George H. Parker, Fin. Scibbi. Wm. Lipsett, Treas. Chas. W. Currie, Sir H. K. at A. Henry Parent, Lect. John Dougherty, I. H. James McConaghey, O. H.

SCOTTISH CONCERT—The Scottish Concert in the Auld Kirk Monday evening was an undoubted success. G. F. Gregory, K.C., presided, and an excellent program was carried out. It included bag-pipe selections by William Dunbar, piano solo by Miss Johnston, vocal solo by L.O. Macnutt, vocal solo by Miss Stanger, piano duet by Misses Ross and Bridges, solos by Miss Sharpe and Prof. Duff. Mr. H. W. B. Bridges thoroughly aroused the Scottish patriotism by his warm and eloquent rendition of "Scots Wha Hae."

THE DEATH ROLL—The citizens were greatly shocked on Tuesday night to hear of the death of James Wetmore. He was on the street some two hours previous to his death, in apparent good health. He was boarding at Clarke's Hotel, Queen street, and was preparing for supper. He arose to light the lamp. In the act of doing so he fell dead upon the floor. The deceased was a brother of the late Judge Wetmore and was seventy-three years old. He was a lawyer by profession but ceased practice some years ago.

men have said this to me. But it would be a dreadful thing if their names were left out of some society event.

Now, we do ask every citizen to help us and we will guarantee you that your names will never be left out of any society event that takes place, viz., the S.P.C.A.

After the New Year we want to start work in earnest. Thanking you, Mr. Editor, for the space in your valuable paper, I am,

Respectfully,
GERTRUDE A. PALMER.

LETTER FROM LOWELL.

Lowell, Mass., Nov. 24, 1913.
Mrs. Charles K. Palmer,
157 Charlotte Street,
Fredericton, N.B.

My Dear Mrs. Palmer—In answer to your letter permit me to say, as I do not know either the laws or the conditions which exist in New Brunswick, I can not perhaps, advise you as well as I would like. The societies of this state are private organizations and receive no assistance from city or state. Our funds are secured through contributions, membership fees (one dollar a year), or from fairs and entertainments held for that purpose. The societies employ their own officials who have the power of police officers to investigate and prosecute where necessary, all cases of cruelty to animals or children. All cases of this kind are usually turned over to our society by the police department when complaints are made to them, leaving the case to our judgment. We have but few cases necessary to prosecute as the defendant will in most every instance follow our advice, where driving a horse unfit for use to put the animal back in his stable and give him rest or medical treatment wherever necessary.

Our society in Lowell has been in existence some thirty-five years, commencing with one man who was paid for his time when called on any case, and at the present time we have two officers who give all their time, and an office clerk. I send you under separate cover a copy of our state laws and two of our reports. We have no late reports but the two included will give you an idea as to the scope of our work. If there is anything you wish to know further we would be very glad to assist you in any way we can and shall be interested to know how you get along.

Sincerely yours,

C. F. RICHARDSON,
Agent Lowell Humane Society,
Lowell, Mass.

P.S.—Referring to the case you mention, the man who abandoned his horse, we would have had him before our courts here and sent him to the common jail for at least six months.

Yours truly,

C. F. RICHARDSON

Not "Raised" with Yeast

You can "raise" a loaf of white flour bread with yeast—but you can't "raise" husky, robust Canadian youngsters in that way. The best food for growing boys and girls is

SHREDDED WHEAT

It contains no yeast, no fats, no chemicals of any kind—just pure whole wheat steam-cooked, shredded and baked. The crisp, brown Biscuits are not only deliciously appetizing, but they encourage thorough chewing, which makes them better than porridges for growing youngsters. A Shredded Wheat Biscuit with cream and sliced bananas makes a wholesome, nourishing meal and will give all the strength needed for a half day's work or play.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Try Toasted Triscuit, the Shredded Wheat wafer, for luncheon, with butter, cheese or marmalade.
