GIRL FUGITIVE

CALD OF ARREST

(New York Sun.)

Miss Marie Stopper, a 19-year-old
Chicago girl has been trying to make
her way in New York for the last
month, but she says she's glad it's
all over and she's going home even if
she does have to go in charge of a
policeman.

Miss Stopper was arrested by de-
tective last night as she came from
the Martha Washington Hotel on a
warrant issued at the request of her
mother in Chicago charging her with
the larceny of five hundred dollars,
from the Star Plating Works there.
girl worked for the company which
is controlled by her father. She is
alleged to have disappeared with
the money on Feb. 16. She did not
deny that she had taken the money
but said she would be able to ex-
plain all that when she is back in
Chicago and she hoped there would
not be any delay in sending her back.

Miss Stopper told the detectives
that she always wanted to see New
York and besides at one time had
ambitions to go on the stage. When
she reached here, she said she went
to a furnished room house in 122nd
street and later got a position with
a musical comedy company. She said
she went with the company for a few
days only while it was playing in
New Jersey and her experiences on
the road cured her of any further
ambitions along that line.

She came back to New York, she
said, and tried to get work. She
found she said, that things were
pretty hard for a girl alone in New
York.

BABY'S OWN TABLETS

USED FOR YEARS

When a mother uses only one med-
icine as long as there are little ones
in the home it certainly bears grand
testimony to the value of that par-
ticular remedy. Thousands of mothers
use nothing else but Baby's Own
Tablets. Concerning them Mrs. M.
LeBlanc, Memramcook, West, N.B.,
writes:—"I have used Baby's Own
Tablets for my little ones for the
past ten years and know of nothing
to equal them during teething time,
or for colic, constipation and indi-
gestion. All my neighbors who have
used them think as I do." The Tab-
lets are sold by medicine dealers or
by mail at 25 cents a box from The
Dr. Williams' Medicine Co., Brock-
ville, Ont.

LONDON'S BIG UNDER-
GROUND STATION

London, April 4—After two and a
half years of steady work the task of
linking up the old and new lines of
London's underground railway sys-
tem is now an accomplished fact and
on Monday the through schedules will
be put in operation. The achievement
is a remarkable one, not merely in
view of the traffic facilities it will
afford, but also because of the many
engineering difficulties that have been
overcome. The project has been car-
ried through without any interference
with the regular service. The new
Charing Cross station is to be the
principal transfer point of the com-
pleted system. Altogether \$139
trains will pass through the new sta-
tion daily.

Dun's Review says in west and
south there is more activity and con-
fidence because of the promising crop
outlook.

NEWS FORECAST
FOR COMING WEEK

Washington, D. C., April 4—During
the coming week there will be numer-
ous elections and primaries, the re-
sults of which will afford food for
thought on the part of the politicians
and the public as well.

The long and bitter contest for the
United States senatorship between
Congressman Oscar W. Underwood
and Congressman Richmond P. Hob-
son will be settled in the Democratic
primaries to be held in Alabama on
Monday. At the same time a United
States senator for the short-term, ten
representatives in Congress, governor
and other state officials, members of
the legislature and county officials
will be selected.

On the same day as the Chicago el-
ection several hundred other cities
and towns of Illinois will hold their
elections. The liquor issue is being
fought out from one end of the state
to the other and it is believed that
the elections will result in a large
increase in the "dry" territory.

Republicans of Maine will hold their
state convention in Augusta Thurs-
day. The principal work of the con-
vention will be the framing of a
platform. The party will make its
congressional and state nominations
at the primaries in June.

Important decisions may be handed
down by the Supreme Court of the
United States when it reconvenes on
Monday after the recess of two weeks.

Hearings by the Interstate Com-
merce Commission on applications of
railroads to continue after July 1
their holdings of water lines, under
the discretionary authority conferred
upon the commission by the Panama
canal act, will begin in Washington
Wednesday, and continue for several
weeks.

The new Federal Industrial Rela-
tions Commission has decided upon
Monday for beginning its hearings in
Washington on the methods of ad-
justing differences between employer
and employe, such as collective bar-
gaining, conciliation and arbitration.
