Fredericton High School and St. John High School basketball teams played at the Y.M.C.A. gymnasium Friday afternoon. St. John High winning by a big margin. The final score was 43 to 16. St. John High outplayed the local team at all stages. At half time the visitors led 21 to 5. Robinson was the heavy scorer of the visiting team with McAndrews and Dummer also showing up well. The St. John team had a good pair of guards in Dey and Scovill. For the Fredericton High McLaughlan did most of the scoring. The teams were as follows:—

MOUNT A. WINS TITLE
IN INTERCOLLEGIATE LEAGUE

Defeated U. N. B. 4 to 2 at Sackville Last Night—Score Was 2 to 2 Near Close of Game But Mt. Allison Made Final Spurt and Won Out—Game Rough With Many Penalties

Sackville, N.B., Feb. 27—Mount Allison tonight defeated U.N.B. in the deciding game in the Intercollegiate League and clinched this year's championship. The score was four to two.

In the first period, play zigzagged from one end of the rink to the other. Many brilliant rushes were made by players on both sides but were blocked by the goal tenders. Mount Allison scored the first goal and shortly after another. U. N. B. notched up one before the period ended.

The second period was all hockey both teams working hard to score but in this they failed and the period ended with the score the same. The third period was perhaps the most exciting. Play started out with Mount A. leading but not many minutes elapsed when U.N.B. notched up a goal that made a tie. Anxious moments then came; play went back and forth but finally Appleton, in one of his end-to-end rushes scored the

winning goal and soon after Godfrey shot the goal that clinched the silver ware for Mount Allison. The game ended with score four to two. Following is the line-up:

Mount A	U.N.B.

The game was rough in spots but Brown was alert to all and penalized when required.

St. John, Feb. 28—The St. John team pretty well cut up before the game started.

The Chatham team, which is tied with Campbellton for the lead in the N.B.H.L., have been used to playing the seven-men game and wished to have it continued, but the St. John team played seven men for the first time this winter. The three twenty-minute periods were played as has been the custom.

The line-up was as follows:

Big League This Year Will See Many Different Attempts at Controlling Players

Chicago, Ill., Feb. 28—At the beginning of his first season as manager of the St. Louis Browns, Branch Rickey has set out to build up a team whose members will be models of deportment as well as efficient players. The new manager shares the opinion of others who have had experience as baseball pilots, that efficiency on the diamond depends to a great extent upon the way the players spend their time when off the field.

Rickey took charge of the Browns too late last season to try out his theories in team management but he has lost no time in putting them into practise this year. As the train carrying the Browns to Florida pulled out of St. Louis, the manager gave the players to understand that poker playing was barred from that hour until the close of the season. The order came as something of a shock to the players, especially the older members of the team. In addition to putting the ban on poker Rickey has issued orders prohibiting drinking, cigarette smoking and the use of profanity. For any violation of the blue laws the offending player is to be nicked a slice of his salary in the way of a fine.

AFTER THE PENNANT.

Manager Rickey believes that the strict enforcement of his new rules will result in boosting the Browns up a notch or two in the pennant chase. Since entering the American League in 1902 the St. Louis team has finished in the first division only twice. In 1902 they finished in second place and in 1903 they finished fourth. Regularly since 1908 the team has been either in the cellar or knocking at the cellar door.

COLLEGE METHODS.

A graduate of the University of Michigan and later baseball coach at the same institution, Manager Rickey is keen for the college ball-player and the training methods of the college athletes. In handling the Browns the new boss will endeavor to follow out
