

## TORTURED BY CONSTIPATION

### "Fruit-a-tives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUE.  
Feb. 3rd, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2½ years, I have been cured by 'Fruit-a-tives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures".

MAGLOIRE PAQUIN

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## CANADA WILL SEND TWO CAVALRY REGIMENTS

Valcartier, Sept. 14—The Canadian government, after communicating with the war office, has decided to increase the first Canadian expeditionary force by adding two complete cavalry regiments of five hundred and seventy-five men and thirty-seven officers each.

The regiments to go will be the Strathcona Horse and the Royal Canadian Dragoons. Both regiments now form part of the Canadian permanent force, but at present they number only about three hundred men in each regiment. They will be once recruited up to full war strength of six hundred and two officers and men.

They will be in addition to the two cavalry squadrons already assembled at Valcartier.

The British war office has intimated that further cavalry troops from Canada will be welcomed and the men of both regiments here are eager to go.

The decision of the government to send them means that practically the whole of the permanent force in Canada will go abroad either for service or as garrison duty in Bermuda, as in the case of the Royal Canadian Regiment which left Halifax some days ago.

## SIR CHARLES TUPPER CONTRIBUTES \$1,000

Ottawa, Sept. 14—Sir Chas. Tupper has sent from England to the minister of finance a contribution of one thousand dollars to the Canadian patriotic fund. In forwarding his cheque, the veteran Canadian statesman wrote:

"Four of my grandsons will be in his majesty's service, and I need not tell you how proud I am of the manner in which Canada has responded at this supreme moment to the call of the empire."

## Cook's Cotton Root Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, \$1; No. 2, \$3; No. 3, \$5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor.)

## Select your clothing from the standpoint of its Wearing Quality

It is the only thing worth while in clothing and it is the one point which makes MacKINNON'S CLOTHING such a favorite with every man who has once worn it.

**J. A. MacKINNON** YORK STREET  
TAILOR and CLOTHIER

## AN IMPERIAL ANTHEM

(By Hon. W. S. Fielding, late Minister of Finance in the Dominion of Canada).

Mr. Fielding, who is one of the leading public men in Canada, has written the following striking and beautiful new version of the National Anthem, and sends it to the Daily Chronicle for publication:—

"God save our gracious King,  
Long live our noble King,  
God Save the King."  
From Thee all blessings flow,  
On him Thy grace bestow,  
Guard him from every foe,  
God Save the King.

His world-wide power bless,  
May he always possess  
Wisdom as wide:  
Judgment, with clear insight,  
Vision to see the light,  
Courage to do the right,  
Whate'er betide.

Send to his Council board  
Statesmen in true accord,  
Serene and strong.  
Give them a high ideal,  
Fill them with sacred zeal  
To serve the Empire's weal,  
Keep them from wrong.

Grant us sweet peace, O Lord;  
The ploughshare, not the sword,  
We fain would yield  
If, through man's lust for power,  
Dark war clouds o'er us lower,  
Be with us in that hour,  
A strength and shield.

Not Motherland alone,  
Loyal to King and Throne,  
Thy blessing craves.  
Vast lands beyond the seas  
Repeat the earnest pleas,  
Where proudly in the breeze  
His banner waves.

Great hosts of faithful ones,  
Fair daughters and true sons,  
Join in our prayer.  
From centre to earth's end,  
At many shrines they bend,  
In varied tongues commend  
Him to Thy care.

In the broad world's affairs,  
Through all the fleeting years,  
Since early time,  
Though 'gainst strong foes arrayed  
Our England, undismayed,  
A gallant part has played...  
In every clime.

O God! before Thee now,  
With humble faith we bow,  
And graceful heart,  
Grant that until the last,  
As in its glorious past,  
This British Empire vast  
Play well its part:

Not with a selfish aim,  
Not to desire acclaim  
Throughout the world,  
But with its ensign bright  
May ever, in Thy sight,  
Speak freedom, truth and right...  
Where'er unfurled.

## PRZEMYSL

The trumpets blare in the quivering air  
As with bated breath waits Przemyśl  
For the dread onslaught of war's juggernaut  
At the point of the awful syzygy.

The guns will roar at the walls to fore  
The invested city of Przemyśl,  
While theimps of hell add their horrible yell  
To their impious cachinnations.

When the storms does break the earth shall quake  
With the shock at the gates of Przemyśl,  
And the world shall see something up in G  
In the annals of seismology.

And should anyone read this war time screed,  
And object to its rhymes for Przemyśl,  
Let him go his way and have his say  
Though he choose to rhyme it with Oshkosh.

## SCIENCE AND FORESTRY

Elimination of Wood Waste Will Save Country Many Thousands of Dollars

It has been estimated that in converting logs into finished lumber and lumber products, the waste amounts to over 50 per cent. of the bulk of all trees cut for lumber. This is equivalent to an annual loss of from \$10 to \$15 for every man, woman and child in the country. At present it is impracticable from a financial standpoint to reduce this waste as there is no market for the tree top, culls and weed-trees left in lumbering operations, and only a very limited one for the bark, slabs, sawdust, edgings and trimmings of millwork operations.

The Department of the Interior is recruiting the staff of its Forest Products Laboratories, recently established in connection with the Forestry Branch, with skilled mechanical and chemical engineers and by constant experimentation it is hoped to find commercial use for these products.

Timber has often been shunned as a structural material because no reliable figures regarding its strength were available, and when complete tests have been made it is regarded as certain that a demand will be created for some of Canada's tree species which are now left in the woods as valueless.

The Forestry Branch of the Department of the Interior, Ottawa, of which these laboratories are one development, has recently issued a circular describing the various lines of investigation to be followed at these laboratories. Not the least important will be to develop chemical methods for utilizing minor wood wastes and another circular written by the engineer in charge of this work deals with the general aspects of the subject. A large percentage of the small-sized waste wood can be utilized by the process known as "destructive distillation," but the machinery employed in this process is not very efficient. The manufacture of ethyl alcohol and producer gas from sawdust has already been proved feasible, and the securing of Superintendents of the Laboratories of John S. Bates, B.A., B.Sc., one of the foremost authorities on wood-pulp manufacture in America, ensures the development of this Branch of Wood Utilization.

## PROWESS WITH SWORD

Corporal-Major Grainger Showed King a Few Tricks

Among those who displayed their prowess before the King at a Life Guards' assault-at-arms was Corporal-Major Grainger, who has won the title of the best man of arms (dismounted) in the British army. Perhaps the best of his performances is the one that may be termed the razor trick. He takes a thin staff of wood about the size of a broom-handle, and suspends it resting on two slips of thin paper. The rolls of paper are themselves suspended on the cutting edge of razors which are held by his assistant. The corporal-major, with one clean sweeping cut, slices the "broomhandle" in two and leaves the paper uncut by the razors. Equally smart is another feat. Taking three or four bars of lead, each about 10 inches long and three inches thick he tosses them in the air, and as they fall, passes his sword through them with the facility of a grocer cutting cheese. He has acquired a sense of balance and weight that is quite wonderful, as is instanced when he takes a heavy cavalry sword and neatly slices into strips an apple held on the extended hand of an unconcerned trooper.

## Saves Work on Farm

A farm implement which does the work of a plow, disk harrow and roller in a single trip over a field is a German invention.

## Raincoat in a Wallet

So thin is a new oilied silk material for men's raincoats that a garment may be folded into a wallet and carried in a pocket.

## Collapseable Mudguard

A telescoping mud guard for bicycles, the parts of which slide together when it is not in use, has been patented.

## After Old Treasure

Wealthy Parisians purchased an entire block of residences in that city and will tear them down to hunt for Roman and Gothic treasures believed to be buried beneath them.

## Sea Works For Miners

During slack times in English mines many miners earn a living by washing tin out of the sands of the Cornwall coast, where the sea shatters the metal bearing rocks.

## BATTLE

is not the only source of severe wounds and injuries. However caused, wounds, cuts, burns, eczema, piles, skin diseases and eruptions are most quickly cured by Zam-Buk.

**ZAM-BUK**  
PRICE IS NOT RAISED

## WANTS SILENCE FROM THE PRESS

Ottawa, Sept. 13—Supplementing the warning recently issued to the Canadian newspapers against the publishing of news of troop movements, etc., the government issued the following:

"The authorities would be obliged if Canadian papers made no reference to the chartering of transports, or to their movements, or to the embarkation of troops."

## TIME TO SPARE

"Sit down and let's have a good talk. I have a free hour."  
"Aren't you going out with your wife?"  
"Yes, but she just called down she would be ready in a minute."

## UNEMPLOYED

"Please, lady, will you help a poor man who ain't done nothin' in the way o' work for more'n 12 munces?"  
"Dear, dear; perhaps I can find you something. What can you do?"  
"Thank y', lady, thank y' kindly, mum; ef y' could p'raps give me some washin' ter do, I could take it 'ome to me wife."
