

## Contracted A Severe Cold After An Operation.

### DR. WOOD'S NORWAY PINE SYRUP

Effected A Complete Cure.

Mrs. Thos. A. Julian, Almonte, Ont., writes:—"Just a few lines to let you know how thankful I am for what Dr. Wood's Norway Pine Syrup has done for me. A few years ago I was operated on for appendicitis, and was confined to the hospital for five weeks. When I returned home I contracted a severe cold which left me with a bad cough. A neighbor told my husband about Dr. Wood's Norway Pine Syrup so I decided to try a bottle. When it was finished it had done me so much good I took another which completely cured me. I can very, very strongly recommend it."

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the famous Norway pine tree, which makes it the very best preparation for Coughs, Colds, Bronchitis, and all Throat and Lung troubles.

Price, 25 and 50 cents.  
See you get "Dr. Wood's" as there are many imitations on the market. The genuine is manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

## FROM THE RURAL DISTRICTS

### MINTO

Minto, N.B., March 16—Mr. and Mrs. Leo Connolly have gone to Bathurst to make their future home, with the best wishes of many friends. Miss Cassie O'Leary and her young sister, Vera, have gone to visit their grandmother, Mrs. Gormley at the Ridge.

Mrs. John Tower and Miss Forestor Gale of Young's Cove are visiting friends at New Castle and Minto. Mrs. Tower will return home on Monday.

Mrs. Ernest Mercer has started a lunch room at Minto and is having a lot of callers.

Parties broke into Mr. Belyea's store and stole quite a lot of things. Also burglarized the shop of Mr. Jack Farrell the other evening. They got the things all back and the prisoners taken to jail.

Tom McDermott had the misfortune of getting his finger hurt badly.

Ernest Mercer is going to lay track at the C.P.R. mines in the course of a few days.

Mrs. Jack Miller is going to move to Chipman in a few days.

Master Bobbie Cuddy is improving from his recent illness.

There was a large gathering at the Roman Catholic Church Sunday morning and Sunday evening.

Mr. Stack took a severe pain in his eye and has gone to the hospital in St. John. Mrs. Stack who accompanied him has returned home.

Mrs. Percy Kennedy and her brother Lee were the guests of Mrs. Ervin Casey recently.

George, the son of Mr. Howard Ryan of St. John is very ill with fever and there is slight hopes for his recovery.

#### MAZERALL SETTLEMENT.

When o'er yon southern mountain  
The tinge of verdure falls,  
And from the topmost branches  
The crow repeats its call;  
When the snow is fading on the hills  
And the sap runs in the bough,  
Some curious swain might like to hear

What we are doing now.

Well, Alex rocks the cradle  
And turns his pipe about,  
But his mind is wandering up Long's  
Creek  
And in fancy he smells the trout.

Jim sits counting o'er his gold  
Or sharpening up the plow,  
Saying, "If the snow were only off  
I'd be hoeing buckwheat now."

Says Tilda, "I will write a poem  
Unto my Boston lover;  
I have shown coldness in the past,  
But the past I will recover."

And Arthur strokes the tabby cat  
Places it upon his knee,  
Says, "Let the winds blow sharp or  
flat,  
No female takes the place of thee."

"It's a long time 'till tomorrow,"  
Says Emily with a sigh,  
But if Billy hays for Jim this year  
How the moments they will fly.

Next 'tis Napoleon takes the stand,  
'Tis true he's getting fat;  
He claims he has the finest kid  
That ever wore a hat.

"By the Grand Falls she is waiting,"  
Says Peter with a groan,  
"But her father's waiting also,  
So I'll see fair Elsie home."

Then Johnny says, "Logs I'll haul  
Till every hair turns gray  
And woe betide the unlucky man  
In mine and Sandy's way."

And Mary smiles a little smile  
And hums a little tune,  
Thinks summer time will soon be  
here  
And so will Mr. Doohan.

Augusta walking up to school,  
Hears music in the air,  
She thinks it is the violin  
And Delbert is the player.

Then George takes out the dappled  
bays  
And to the woods does drive,  
While Celia murmurs a silent prayer  
That he'll return alive.

When wandering farther down the  
road  
We come to Uncle Jack,  
He's very smart sometimes, it's true  
When he carries the mustard on his  
back.

Then Charlie lives upon the hill,  
He works with might and main  
He scours the woods with sword and  
gun  
His fortune for to gain.

Next comes Sandy brave and bold  
He's never very quick  
But when he wants his fortune told,  
He writes to Nackawick.

And lastly cometh George and Will,  
Two gay wild sports are they,  
One takes his course down Johnny's  
hill  
And the other across the way,  
And like the little busy bees,  
They improve each shining hour  
But upon the merits of bachelorhood  
They look with faces sour.

#### WERE 17 RAIDS BY THE SHERIFF

(Bangor News)  
Sunday was no day of rest for Sheriff O'Connell and his liquor seizing squad—nor, for that matter, was Saturday.

To begin with four alleged dealers, who through a coincidence were out of town, while the supreme court was in session, were arrested on capias and gave bonds for appearance in September. They were Frank Cox, Eugene McCarthy, Hugh Jameson and Arthur M. Cox and their places of business were respectively in Hodgdon, French and Harlow Sts. and Pickering Square.

One barrel and four boxes of bottled whiskey were seized and there were nine raids which yielded nothing the wireless being working. Such were the activities on Saturday.

On Sunday the deputies went to the Globe Hotel, kept by Pope D. McKinnon and were there two hours. They got two barrels of ale on draft which was what they were looking for, and who should they find in one of the rooms but Alfred Graham alleged bar tender for Mrs. Mary Igo. They wanted Alfred badly, because against him was a jail sentence of sixty days confirmed by the upper court, so they rushed him up the hill without further ado.

Then the sheriff introduced a little innovation by pulling off seven searches without warrants. Nothing was found but they kept the bar-tenders and bottle holders all fussed up.

## FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 Cent  
Bottle of Danderine  
Right Now

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair growing all over the scalp.

#### SIGNALS FOR COLOR BLIND

Contrivance For Those Who Cannot  
Distinguish All Colors

A type of colored danger signal consists of a blue circle within a wide yellow rim. Of the 4 per cent. of all men who are defective in color perception the majority cannot distinguish red, because red is evanescent, possesses relatively little luminosity, and fades rapidly. Since yellow and blue are the only colors which excite a normal color sensation as soon as they become visible as colored, they can be seen at a greater distance in daylight and are more easily distinguishable in a poor light than any other color or combination of colors. Further all other colors appear either yellow or blue until they pass within the yellow blue area of the eyes, when they are recognized. Yellow and blue are also the most luminous colors of the spectrum, and are more permanent than red. Finally, in the rare instances in which workmen are unable to distinguish yellow and blue, these colors will appear red or green to them, affording a protection a red signal could not give.

It promptly opens clogged nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.
