**"In the Case of MY Little Girl—"**

In choosing and using a soap for your 'Little Fairy' you will find no soap so mild, so neutral, so agreeable to tender skins as FAIRY SOAP.

Being made from products that you could eat, FAIRY SOAP agrees with even the tender skin of a babe.

## FAIRY SOAP

is white—pure—floating. It comes in a handy oval cake. We could charge you five times the price asked for FAIRY SOAP and we could add nothing to its quality.

In higher-priced soaps you are paying for high-priced perfume and fancy wrappers—not better soap.

### SHAMROCK IV

#### WILL BE BE PAINTED GREEN AS USUAL

Will be Launched in May and Will Race in English Waters for Six Weeks

Nice, March 24—In conversation yesterday regarding his new challenger, for the American Cup, Shamrock IV Sir Thomas Lipton said:

"My new boat which as usual will be painted green will be launched the last week of April and will have six weeks of racing beginning in May, at Solent, and other points in the English Channel.

"She will cross the Atlantic during the summer. Everything possible is being done to turn out a fast boat. The designer has planned one of the finest yachts Europe has seen in recent years and I have great hopes of success.

"Nowhere have I been received with greater kindness than has been afforded by my American competitors. I am looking forward to the greatest pleasure in meeting them again.

### CADY TURNED

#### DOWN FEDERAL OFFER OF TWELVE THOUSAND

Hot Springs, March 24—Forest Cady, the Boston American League catcher, announced tonight that he had refused a Federal League offer of \$12,500 a year and a bonus of \$5000 to sign with the Pittsburgh Club of the new league. Cady already had signed a Boston contract.

No announcement was made today as to whether the temporary injunction obtained yesterday by the Pittsburgh National Club management against S. H. Camnitz and another Federal League agent, described as "John Doe," will be contested. The order issued in Chancery Court restrained Camnitz and "John Doe" from communicating with any member of the Pittsburgh Club.

It is said that several Federal League representatives are in Hot Springs.

### SNODGRASS AND DONLIN

#### BOTH HURT IN PRACTISE

Marlin, Texas, March 24—The New York Giants' first and second teams will both begin their homeward trips tomorrow, going by different routes. There was no practise game this afternoon, owing to rain. Snodgrass was not in the morning practise, having cut a foot in Corsicana yesterday by stepping on a broken bottle. Donlin was on the hospital list with a spiked foot, injured by Stoke in a handball game yesterday.

### LEVINSKY STRICKEN

#### BY ACUTE GASTRITIS

Milwaukee, Wis., March 24—"Battling" Levinsky, the heavyweight boxer, after his defeat by Bob Moha, last night, suffered an acute attack of gastritis. He is resting at a hotel today and is said by his manager to be recovering.

Levinsky could hardly see after the first round last night and it was said outside of a few blows he did not have a mark of punishment. Levinsky's engagements at Youngstown, O., and Butte, Mont., will be cancelled, according to his manager.

### WM. BEAVER WAS KILLED WHILE IN 'BROWN STUDY'

Toronto, March 24—That it is possible for a man in a "brown study" to unconsciously walk into an engine going at the rate of fifteen miles an hour was the inference of the verdict brought in at the inquest last evening on the death of William Beaver, who was killed at the level crossing on Bloor street on the 31st inst.

The coroner, Dr. Hopkins, presided. Mr. J. R. Cartwright appeared for the crown; Mr. D. F. McCraw for the G.T.R., whose engine struck the deceased.

The accident occurred at ten-fifteen on Monday morning. The gateman at the crossing gave evidence and said that he dropped the gates two minutes before the train arrived at the crossing and when the train was in sight he saw the young man force the gates ajar on the opposite side of the track. He yelled to him to stop, but the man took no notice and made his way across.

George Jewiet said that he saw the deceased after he got inside the gate; he was walking with his cap drawn down over his ears and eyes and with his hands in his pockets. He never turned his head until the train was on top of him. He seemed "to be deep in thought"; he was not struck by the front of the engine but by the cylinder, which is seven feet back from the cow-catcher.

James Davenport testified to seeing the young man walk to his death and said:

"He seemed to be deep in thought, as if he had something on his mind."

The coroner said it was a strange case and that it was evident that something was troubling the young man, but it seemed as though it was impossible to stop him coming to the death he met.

The jury returned a verdict of accidental death and exonerated the railway employees from all blame.

### FOUL MURDER OF BENTON BRITISH CONSUL'S REPORT

Washington, March 24—The inquiry into the death of the Scottish rancher, Benton, a British subject, five weeks ago in Juarez, directed by the British Foreign Office, has been concluded and the results laid before the British ambassador here for transmission to London. This investigation was conducted by C. E. S. Perceval, the British consul at Galveston.

Mr. Perceval, finding that the commission appointed by the United States was helpless to act as the result of the refusal of the rebel leaders to allow them to exhume and examine the dead Briton's body, conducted an investigation on his own account. He employed such agents as he thought necessary and secured a mass of testimony bearing upon Benton's death.

The testimony quoted by the consul makes it appear that Benton was unarmed when he entered Juarez and sought General Villa's headquarters, to protest against the confiscation of his cattle; that he entered Villa's office; that there was a tremendous scuffle, followed by perfect quiet. No witness could be found who heard the sound of a shot. Benton did not emerge from that office alive, but where and when his body was removed the report does not disclose.

### CURLING SEASON

#### CLOSED FORMALLY LAST EVENING

Two Games Played—Banquet and Presentation of Prizes Completed the Night's Proceedings

The curling season in Fredericton came to an end last night when a couple of scrub games were played followed by a banquet and the presentation of prizes. The season has been upwards of three months in length and has been one of the best in the history of the Fredericton club.

The scores in the games played last night were as follows:

C. F. Randolph, 13; F. P. Hatt, 6.  
J. R. Howie, 11; R. B. Vandine, 9.  
At the conclusion of the play the members of the club were the guests of President F. P. Hatt, at supper which was served in the banquet room of the rink. After the banquet prizes won during the season were presented. J. H. Hawthorn presented the gold pins to the members of C. F. Randolph's rink which won the Managing Committee Series. The rink is as follows:—G. W. Harrison, E. J. Miles, Dr. C. P. Holden, C. F. Randolph, skip.

The McLeellan Cup won by the Vice President's rinks on Christmas Day and New Year's Day was presented by C. F. Randolph to Vice President R. B. Vandine.

President Hatt presented the four medals to the members of Skip J. R. Howie's rink which won the Junior Series.

During the evening there were solos by C. F. Randolph, and Dr. McDonald, readings by W. A. Walsh and speeches by J. W. Hawthorn, Dr. Holden, E. A. McKay, E. J. Miles, and others.

PACKY McFARLANE

The consul drew the inference that Benton had been killed by a knife and that his body had been secretly removed and interred somewhere in the immediate neighborhood, though there was no direct testimony adduced to sustain this inference. General Villa it will be remembered, claimed that Benton had been shot after trial by court martial. Villa said Benton tried to shoot him.

The substance of this report will be communicated to Secretary Bryan and the report itself will be transmitted to the British Foreign Office.

### MARYSVILLE

#### CRESCENTS WON THE LAST GAME

Fredericton Lost to Marysville 9 to 8 Last Night—Game was Interesting

The lateness of the winter made it possible to have a hockey match at the Arctic Rink last night and the Marysville Crescents won what is probably the last game of the season by the score of 9 to 8. A fair sized crowd saw the game, which was lively in spots. The teams were neck and neck throughout the most of the match, Marysville having a little shade over Fredericton.

McLean, Mooney and Maimann of the U.N.B. team, played with Fredericton, special permission from the Maritime Branch, A.A.U. of Canada, being secured to permit of their playing. "Dane" Maimann put up a good exhibition of goal-keeping.

### ST. MICHAEL'S WON FROM AMERICAN CHAMPIONS

Cleveland, March 25—In the season's most thrilling hockey struggle and before a record crowd, the famed St. Michaels, seven of Toronto, crushed the American amateur champions, the Cleveland Athletic Union team, Saturday night, 2 to 2.
