## ANOTHER RAILWAY TO BE BUILT SOON

Andover, March 3—A meeting was held here today having for its object the organization of the Tobique & Campbellton Railway Company. The construction of the railway will open up a good stretch of country between Plaster Rock and Campbellton and, if all goes well, it is anticipated that work on the line will be started by the first week of April. The prospects for the success of the venture are said to be most encouraging.

The management of the company consists of James McNair, of Arthurbur, president; J. W. Niles and John E. Stewart of Andover, F. W. Hechler, of Grand Falls, and J. C. Cody, Samuel Hayden, and D. S. Aiton, of Riley Brook.

## ANOTHER SPORTSMEN'S SHOW IN NEW YORK

New York, March 5—Under the title of the Travel, Vacation and Sportsmen's Show, New York's second exhibition of the winter devoted to outdoor sports and pastimes was opened at the Grand Central Palace today and will be continued through the coming week. Forest scenes and hunting camps of Canada, Maine, the Adirondacks and other sections have been reproduced in the big building. During the exhibition there will be day and night trap shooting competitions under the auspices of the Interstate Trapshooting Association.

## COLONELS MAY GET THEIR UNIFORMS FREE

Ottawa, March 3—Hon. W. T. White the ardent protectionist minister of finance, got a fright on Friday. A galaxy of colonels representing the Canadian Infantry Association, plumed, uniformed and firm in faith, headed by such fellow-protectionists as Col. the Hon. Sam Hughes, Col. Currie, M.P.; Col. Hugh Clark, M.P., and other parliamentary colonels and honorary colonels, appeared before the minister of finance to ask for free trade-free trade in colonel's and officers' uniforms. Customs duty upon such essentials, they maintained, did grievous injustice. They advocated the removal of all duty on these commodities.

Hon. Mr. White, when he had recovered from his momentary alarm, promised consideration. In fact, it looks as though there was going to be free trade—for the "necessaries" of colonels. The farmers cannot get free wheat, but the colonels will get free trappings.

## DOMINION STEEL CO. PASSES DIVIDEND

Montreal, March 4—"In view of the depression in general trade conditions, and in the steel trade in particular, it is considered advisable to confine the dividend on the common stock of the corporation to the three per cent. already paid and not to pay the usual dividend on April 1."

The foregoing statement issued at the meeting of the Steel Corporation directors today settled finally the long controversy on the question of the Iron dividend.

None of the directors who were interviewed after the meeting cared to amplify the information contained in the formal statement. Having now taken the decision to suspend dividends, it is felt that the board will hardly favor their resumption until the future of the company is absolutely clear in respect both to business conditions and to its own financial position. On this view it is not thought probable that dividends will be resumed for at least a year.

## LOWER QUEENSBURY.

Lower Queensbury, March 2—We have had nice warm weather for the past few days.

We were sorry to hear a short time ago of the death of Mrs. William Jordan. She is survived by two daughters and five sons. Great sympathy is felt for the bereaved family.

Miss Emmie Coffe of Acton, is staying with her sister, Mrs. A. L. Hood, and going to school here.

The lumbermen of this place are getting their hauling about done.

Mr. Hedley Moore and his brother Harry of the west, have been on a short visit to Millinocket.

Mr. Hedley Moore killed a very large beef this winter, which weighed 1143 pounds when dressed.

Some of the young people of this place paid a visit to Mr. A. L. Hood's lumber camp a few days ago.

Mr. and Mrs. George Jordan of Fredericton, are still in this place, visiting friends.

Mrs. Isabel Jordan is spending a few days with her son, Mr. Albert Jordan of Murch's.

Mr. and Mrs. Leigh Courser, who have been staying in Mr. Frank Gunter's house this winter, have moved back to their home again.

Quite a number from this side attended the meeting at Burdon on Saturday last.

Miss Ada Jordan, who has been visiting her parents, Mr. and Mrs. A. R. Jordan, has returned to Fred-

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in 5 Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a hearty appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have made "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and

## THE MINISTERIAL ASSOC. AND THE GLEANER

To The Editor of The Mail:

Will you kindly grant a little more space in reference to the above. As noticed in your columns yesterday the letter which there appeared, was first offered to the Gleaner a week ago, but was declined—with out thanks.

The refusal of The Gleaner to publish that communication was but consistent with its whole treatment of the subject. Its constant aims have been to suppress as much of the truth as possible. In writing my former communication I was not unaware of the fact that similar statements by the officers and other members of the Association had been refused publication. But that was during the heat of the conflict. So I wrote my article after the smoke of the battle had cleared away, and the fact that even The Gleaner was not entirely devoid of a sense of justice and fair play. It seems that I was mistaken.

The position of The Gleaner in respect to this subject may be summed up in a few words. The Ministerial Association of Fredericton, passed its resolution, in regard to the political situation in York County, on Monday, February 2nd. The Gleaner refused to publish it, and sought to belittle the whole matter. Failing in this, instead of attempting to meet the allegations, it made a bitter attack upon one of the ablest and most respected ministers in the County. Rev. Dr. Smith, aspersing his character, and seeking to make it appear that it was only through his manipulations that the resolution had been passed by the Association. Statements by the officers of the Association showing how utterly unfounded was this charge, were refused publication. Lastly the mover of the resolution wrote, giving a plain statement of the facts. But this also is refused publication, and we are left informed by the Gleaner that it does not care to reopen the case, because, forsooth, the writer is not a "bigger" man—whatever that may mean. The reading public will draw its own conclusions as to why The Gleaner does not wish to reopen the case.

## WILSON'S INVALIDS' PORT à la Quina du Pérou

## PRESCRIPTIONS OLD & NEW

Fifty years ago

SUNDAY HOURS 9:30 A.M. to 11 P.M.  
WILSON'S PHARMACY MONTREAL

300 Years Ago

The natives of Peru, South America, discovered the tonic qualities contained in the bark of what they called the "Kin Ki" tree. Some time later, in 1638, the Countess of Cinchona, the wife of a Spanish Viceroy, was cured of a malignant fever by an infusion of this bark, afterwards called Cinchona Bark, in wine.

This discovery has been of inestimable value to Medical Science, and this value has never been more emphasized than in its introduction to Wilson's Invalids' Port (à la Quina du Pérou).

Expert knowledge and chemical skill of a high order were required to combine in this palatable preparation the necessary active constituents, which on account of its nourishing and digestive properties is especially useful in the treatment of extreme weakness after operations, nervous disorders, sleeplessness, etc.
