## Animal Food

A fashionable lady has a pet parrot of which she is very fond. A few days ago her husband was monkeying with the parrot, when he suddenly cried out in anguish and danced round the room holding his finger in his mouth.

"Good gracious! What's the matter, Charles?" said the lady.

"That parrot," ejaculated the suffering man.

"I hope you haven't hurt the dear bird."

"No, but the dear bird has bitten a piece out of my finger."

"Great goodness! I hope it didn't bite it clean out."

"Yes, it did."

"I wish you would be more careful, Charles. The man I bought that bird from told me not to let it taste meat under any circumstances."

## Reversible Currycomb

The currycomb recently patented is a square plate, each side of which is formed to perform a different duty.

## Normal Eye Color

The normal human eye is blue, say scientists, other colors being caused by the presence of different pigments in the iris.

## Special Notice

Rules governing calls from Fredericton to Keswick.

Beginning July 1st calls can be given by EITHER of two methods, namely:

LONG DISTANCE where a PARTICULAR PERSON is wanted.

TWO NUMBER where a Subscriber is willing to talk to ANY PERSON at the telephone called.

LONG DISTANCE METHOD. If a particular person is desired the call should be placed with the Long Distance Operator in the regular way. The initial rate for this service will be 10 cents for 3 minutes and 5 cents for each additional minute.

TWO NUMBER METHOD.—The Subscriber calls the operator in the usual manner. The Operator will answer, saying "Number." The Subscriber will then give the Operator the desired number, followed by his own number, as "Keswick 6-14! This is 178-11." The calling Subscriber will hold the receiver to his ear until connected with the called telephone, or is advised "Line Busy," or "They Don't Answer." If the called telephone answers it constitutes a message. A Particular Person will NOT be procured. The initial rate for this service will be 5 cents for 3 minutes and 1 cent for each additional minute. Messages cannot be reversed but must be charged to the telephone from which they originate.

IMPORTANT.—As the operator can not tell the telephone number of the person calling, it is necessary that the subscriber, on either a special or party line, should give his own number, as well as the number desired. A call from a subscriber in Fredericton at 102, wishing to get Keswick 18, should be given as follows:—"KESWICK 18! THIS IS 102."

## HOW TO CALL BY

## The Gold Dust Twins' Philosophy

THE floors and doors appear to wait until the dust germs congregate; the housewife hails each dawning day with grim and harrowing dismay. Says she: "My work will NEVER end: o'er dusty stretches I must bend, until, with aching back and hands I finish what the day demands."

## The "Floor-and-Door-a" Girl

work and the endless doors, until when Hubby saw them, too, reflections said: "Why, howdy-do!"

"The Gold Dust Twins," said she, "I find, help leave the woes of dust behind. Each mark of sticky hands on doors, each tread of muddy feet on floors, all fade before the slightest touch of Gold Dust, and the work is such that, when the woodwork has been done, I find said work was only fun." This line of reasoning must show that those who've tried it OUGHT to know. If you, in one day's duties, find that there's a Grouch in every Grind, invite the Gold Dust Twins to share such tasks as tire and fret and wear.

From kitchen floor to bedroom suite, these tireless little chaps make neat, and best of all, the sum expense is measured up in meager cents. They put both dust and dirt to rout and run the last old microbe out.
