EWART PETERS
DROWNED AT
GRAND FALLS

Bank Clerk Lately Transferred From
Fredericton, Suddenly Drowned
While Bathing---Made No Outcry
--Remains Brought Here

The friends and associates of Ewart Peters late of the Bank of Montreal staff of this city, received very sad news this morning when the details of Mr. Peter's death by drowning came from Grand Falls.

Mr. Peters was a well known young man about town and left here only a week ago this morning for Grand Falls where he was transferred by the bank management to take the position of Ledger Keeper in the Grand Falls branch.

The drowning, according to the report received over the telephone by Mr. G. N. O. Hawkins of the local bank was thought to be the result of a cramp. Mr. Peters was in bathing at an Island near Grand Falls with a companion. He was not an expert swimmer and was playing a short distance from shore on a log. His companion supposed him to be safe swam to the shore and when he reached the shore and looked around no trace of Peters could be seen. There was no struggle nor outcry so it is supposed that he must have been taken with a cramp and went down very quickly. His body was recovered fifteen minutes later but there was no hope of restoration.

Mr. Hawkins spoke highly of the young man and his friends in the city regret his loss very deeply.

The deceased was nineteen years of age and had a promising future. His home is in Nashwaakasis.

He was a son of the late Richmond Peters of Nashwaakasis and is

Absence of Danger Light on Regent
Street Excavation Causes Accident
---H. Greer and His Wife
Badly Shaken up

The problem of what became of the danger lamp on a waterpipe excavation at the end of Regent Street is one that is puzzling the road committee of the City Council.

The absence of a lamp at the end of the trench was responsible for an accident to Mr. Henry Greer who on Tuesday night drove into the ditch and had a bad upsetting.

Mr. Greer with his wife and boy was getting home from Maryland when, meeting a team Mr. Greer, in turning steered his horse into the excavation. The horse fell forward into the trench and the occupants of the buggy were thrown out also. Mrs. Greer fell on the horse and was badly shaken up but not seriously injured. Mr. Greer himself suffered slightly from his fall. The horse was hurt to some extent and the buggy will require some repairs.

In conversation with Alderman Everett Mr. Greer stated that he was

survived by three brothers, Ovid, Henry and Howard; and two sisters, Grace and Unice all at home. The deceased was formerly a resident of Gibson.

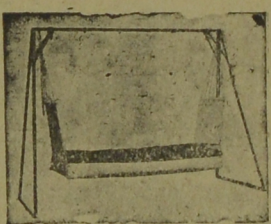

The remains were brought to Fredericton today and taken to Nashwaakasis where the funeral will take place at 3.20 o'clock on Friday. The funeral service will be conducted by Rev. Chas. Flemington.

CHANGE IN RULES.

It is expected that new rules will be adopted at the Marysville Cotton Mill, to go into force after the first of next month, when the pay in the new rooms will be altered. Operators who are now getting twenty-eight cents per cut of cloth will be paid twenty-five cents, according to the width and weight of cotton woven, while weavers of heavy weave cloth will receive more pay, according to the weight of the cloth manufactured. Operators who formerly got thirty-eight cents per cut will in the future get forty or forty-two cents a cut of fifty or sixty yards in length. By the new prices the employees of the weave room will be on a standard with each other and the scale of prices will be more evenly awarded. Those doing the heavy work will get an advance while the weavers of lighter weight goods will get less.

Chief Game Warden A. E. O'Leary, of Richibucto, arrived in the city last evening and registered at the Queen.

RAILROAD WATCH

The Only Question is
WHAT KIND?

Personally, we believe that the Hamilton and Waltham Railroad Watches are the best, but peoples opinions differ, and if you prefer an Elgin, Howard or an Illinois, we can sell you one.
