CLEANS THE HAIR AND MAKES IT LOOK

BEAUTIFUL AT ONCE—25 CENT "DANDERINE"

In a Few Moments Your Hair Looks Soft, Fluffy, Lustrous and Abundant—
No Falling Hair or DandruffSurely try a "Danderine Hair
Cleanse" if you wish to immediately
double the beauty of your hair. Just
moisten a cloth with Danderine and
draw it carefully through your hair,
taking one small strand at a time,
this will cleanse the hair of dust, dirt
or any excessive oil. In a few moments
you will be amazed. Your hair
will be wavy, fluffy and abundant and
possess an incomparable softness,
lustre and luxuriance, the beauty and
shimmer of true hair health.Besides beautifying the hair, one
application of Danderine dissolves
every particle of Dandruff; cleanses,purifies and invigorates the scalp,
forever stopping itching and falling
hair.Danderine is to the hair what fresh
showers of rain and sunshine are to
vegetation. It goes right to the
roots, invigorates and strengthens
them. Its exhilarating, stimulating
and life-producing properties cause
the hair to grow abundantly long,
strong and beautiful.You can surely have pretty, soft,
lustrous hair and lots of it, if you
will just get a 25-cent bottle of
Knowlton's Danderine from any drug
store or toilet counter and try it as
directed.MARYSVILLE COTTON MILL
LETTER FROM MR. WOODSIDE

To the Editor of The Daily Mail:

Dear Sir—I wish to contradict the
statement in your paper of the 18th
inst. by a Mr. Thomas Woster, with
whom your Marysville correspondent
had an interview. The first is:
"Speaking in reference to the way the
Cotton Mill at Marysville is being
run and as it has been run for the
past several years" Mr. Woster says,
"It is an outrage to think that wages
are no higher now than they were
twenty-five years ago." This is not
a fact as by the improved machinery
that has been installed and better
processes in our work the operatives
of this mill have been able to make
more money and do it more easily
than has ever been done before and
I think the merchants of Fredericton,
all of them, will confirm what I say
as the most of our operatives do all
their trading there. The wages here
are as high and I will state higher,
than any other cotton mill in Can-
ada except it may be some where a
finder grade of work, such as at the
St. Croix Mill at Milltown, N. B.,
and we are paying on some of our
work here even as high as this. And,
I may add, this is very rarely done,
as anyone familiar with cotton mill
work knows that coarse work such
as is run here is never paid as high
as fine work, either here in Canada
or United States or in the Old Coun-
try.Then this Mr. Woster states "that
fuel and rents are high." I will an-
swer this by stating that not any-
where on this continent are rents as
low as they are here. We rent the
mill houses here at \$4 per month for
each of the double houses which are a
comfortable 6-room house, and our
larger single brick 8-room houses we
rent at \$6 per month. I would like
to ask Mr. Woster as he has lately
returned from Boston, Mass., to
name any mill town up there of any-
where else where the house rents are
lower.In regard to the fuel, he speaks of
it being higher. This has always
been very low here, much lower than
most other places as the Gibson
lumber mills when running here sup-
plied all the residents with all the
wood they needed at the very low
price of \$1 to \$1.50 per cord. Any
reasonable person will say at once
that this has been extremely low.
And now of course, that these lumber
mills are through sawing lumber fuel
will no doubt be much more expen-
sive. But we hope in the near future
after we get some of our most impor-
tant work done which at the presentWas Afraid
COLD WOULD DEVELOP INTO
Bronchitis.Bronchitis begins with a tightness
across the chest, difficulty of breathing,
and a wheezing sound comes from the
lungs. There is also a raising of phlegm
from the lungs, especially in the morning.
This is at first white, but later becomes
of a greenish or yellowish color, and is
occasionally streaked with blood.On the first sign of a cold or cough take
Dr. Wood's Norway Pine Syrup, for once
bronchitis gets installed into the system
it is only a short step to Consumption.Mrs. F. Saunders, Toronto, Ont.,
writes: "It is with great success I have
used Dr. Wood's Norway Pine Syrup.
My little girl had an awful cold which
seemed to go to her throat and chest, and
while she was sleeping one could distinctly
hear her wheezing. I was afraid it
would develop into Bronchitis, so as soon
as my husband came home I sent him
right away to get a bottle of Dr. Wood's
Norway Pine Syrup. As soon as she
wakened up I gave her a dose and con-
tinued its use until she became quite
better. We only used half a bottle. I
will never be without it as I consider it
invaluable."Be sure you get "Dr. Wood's" when
you ask for it. The price is 25 and 50
cents per bottle. Put up in a yellow
wrapper, and three pine trees the trade
mark.Manufactured only by The T. Milburn
