FROM HALIFAX TO VANCOUVER

Women Are Praising Dodd's
Kidney Pills

NOVA SCOTIA MOTHER TELLS
HOW THEY CURED HER ACHES
AND PAINS, AND MADE HER A
WELL WOMAN AGAIN

Ecum Secum Bridge, Halifax Co., N.S., May 1, (Special)—From Vancouver to Halifax some daily reports of the splendid work Dodd's Kidney Pills are doing for the suffering woman of Canada, and this little place, can show a splendid cure of its own. Mrs. Erastus Pace, the mother of a large family, was a sufferer from those aches and pains that only women know. Today she is a strong, healthy woman. Dodd's Kidney Pills did it.

"I had a pain in my left side and down through my hips," Mrs. Pace states. "I had headache all the time. My heart was weak, and at times a pain around it added to my fears. Some days I was hardly able to walk."

"I read of a number of cures of cases like mine, by Dodd's Kidney Pills, and sent for three boxes. Today I am a well woman, and can do as much work as ever I could." Dodd's Kidney Pills cured Mrs. Pace because her troubles came from diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys, and as ninety per cent. of women's troubles come from kidney trouble Dodd's Kidney Pills have come to be known as suffering woman's best friend.

GOING TO ENGLAND.

Standard:—Among the passengers on the late Halifax train last night was William B. Howard, district engineer C.P.R., who left for Halifax, from where he will take passage on the steamer Empress of Ireland. To a Standard Mr. Howard said that his trip was partly on business and partly on pleasure but that his visit to the Old Country had no special importance. Mr. Howard is taking his wife and child and expects to be away about two months.

RETURNED FROM WEST.

Telegraph:—Hon. L. P. Farris and Mrs. Farris, of White's Cove, Queens County, arrived in the city yesterday, en route home after a visit extending over three months on the Pacific Coast. Mr. and Mrs. Farris were visiting their sons, who are members of the Vancouver legal fraternity, and are doing well. Hon. Mr. Farris said that although Vancouver was affected somewhat by the period of depression a feeling of confidence prevailed and that it was destined to be a great city.

WILL RESIDE HERE.

The Rochester correspondent of The Telegraph writes:—The host of friends of Mr. Cedric McGrath regret to learn of his departure to Fredericton, where in future he expects to reside. "Ted," as he is known in the younger set, is one of the shrewdest and cleverest young men, where his bright and genial disposition has made him beloved by all who know him. He will leave today for Fredericton to join his father, Mr. H. J. McGrath, and his brother, Mr. Justin McGrath, who are now in that city, and his sister, Miss Doris, who is attending Fredericton Business College.

STEADY ABATEMENT

(Continued from Page One.)

Garrison announced his intention of removing all the civil officials at Vera Cruz replacing them with army officers. Mr. Garrison said no reflection was intended on the men already chosen, as he did not know any of them, but that it was customary under military occupation for all officers to be directly responsible to the war department. He said Admiral Fletcher had chosen civilians because the navy did not have the machinery for a municipal government, the army having legal officials and others qualified to handle a government such as was the case in Cuba after the Spanish-American war. According to war department officials it is absolutely necessary to make the courts at Vera Cruz military tribunals or damage suits against the civil government there might result in claims against the American government, martial law removing that possibility.

MEXICANS APOLOGIZED.

Washington, May 1.—A United States brig was seized by Mexican federal officials at Manzanillo, who thought war had been declared, but was immediately released with apologies on demand of the Raleigh according to a report received at the navy department today from Admiral Howard, in command of the United States fleet on the west coast of Mexico.

Admiral Howard also reports from the west coast of Mexico that firing between the Constitutionalists and Federalists continues at Mazatlan. The Mexican steamer Tulla has been burned at Manzanillo, and it was the noise of the explosion which caused a false report that the Raleigh was bombarding that port. Everything is quiet now, the admiral reports.

AMERICANS FLEE FROM MEXICO

San Diego, Cal., May 1.—Driven from their homes by an anti-American outbreak, the result of the landing of United States marines at Vera Cruz, 259 refugees from Mexico reached here today on board the German steamer Marie, which left for the Mexican port of Manzanillo April 25.

The majority of the refugees are from Guadalajara and tributary. The others coming from Colima and Manzanillo. The feeling against Americans was so intense that the majority of the refugees were forced to seek the protection of the British consulate officers in these cities.

The German steamer Marie, a ten thousand ton boat under charter to a Chinese company for transportation of Chinese coolies, and having 282 Chinese on board was the only foreign vessel in the harbor. Captain Davidson unhesitatingly placed his steamer at the disposal of the Americans when informed that their lives were in danger exacting no agreement as to payments for service.

SAVED FROM EXECUTION

Mexico City, May 1.—Dr. Edward Ryan of the American Red Cross who was captured at Zacatecas by the command of General Mas and sentenced to death as a spy, was saved by an order signed by Minister of War Blanquet, at eleven o'clock last night. Dr. Ryan will be brought to this city and turned over to the Brazilian legation.
