#### DR. McPHAIL ON THE WAR

The war forms the subject of a number of articles in the latest issues of the periodicals connected with the universities—The University Magazine representing Toronto, McGill and Dalhousie. A perusal of their pages will be helpful to those who desire to clearly understand the events leading up to the great conflict.

In The University Magazine, the editor (Dr. Andrew Macphail), talking for his title "The Day of Wrath," treats the war as a conflict of ideals between Germany and England. He dwells on the friendly relations that have existed between Canadians and German citizens.

"There has never," he said, "been in Canada any enmity towards Germans. They and their descendants form a not inconsiderable proportion of our population. They have joined with us in the development of this country. We have eaten at their tables. Their children have married with our children. In the universities they have been our colleagues. Many educated Canadians have studied in their schools, and have come back profoundly influenced by their insight and industry. Their science we have adopted and their literature we have made our own. . . . And yet we will not draw back until Germany is destroyed and Germany will not draw back until its destruction is complete. This resolution has arisen from a clash of ideals. It is a war of civilization; that is, the determination whether the military or the civil method shall prevail."

Of the effect of the war in Canada, he writes:

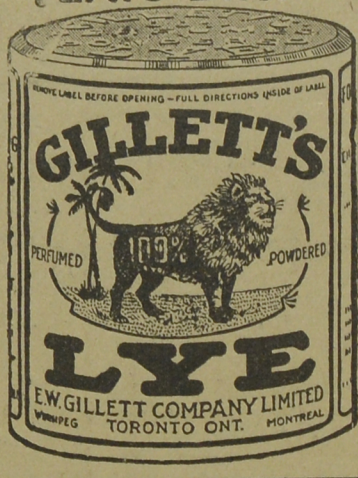

"Up to the present time we in Canada have enjoyed all the benefits of war and have suffered few of the discomforts. For years we have struggled against an industrial and financial system which was making headway in spite of all resistance. We were face to face with a situation from which the United States had just emerged successful. Our cities were growing at the expense of the country. The factory and its twin-sister, the slum, were firmly established, our pirates in the guise of immigrants were taking possession of the land. The exploiter, the promoter, the dealer has fattened upon industry and was bleeding it to death. At the first breath of war the whole fabric of speculation came to the ground and we are free once more. The parasite stands revealed. Honest householders are enabled to proceed on a reasonable basis, since economy may now wear the cloak of patriotism and the vestment of charity. There is now a reason for denying our children articles of luxury, which has become to them articles of necessity. Waste has given way to thrift, ostentation to austerity, idleness to work."

#### GOOD TIMES WILL COME BACK

Good times are bound to come back to the world and to this country. But good times don't come by any means of fat line after lean ones. They are not controlled by blind cycles now forecasted by people like Madame Tsehes. They are not phantoms that wait for the rise and fall of the real estate booster, they have nothing radically to do with the price of land. They have still less to do with the policy of any government. All the world needs to keep good times all the time, is good crops over most of the world, plenty of people getting what they earn for their labors, and the placing of the red god Mars on the retired list.

Crops come naturally. The crops of 1914 are on the whole more profitable in this country than in 1913, or any of the fat years of the past decade. We have in this country a larger army of efficient, industrious people than ever we had. We have more factories than ever. We have more railways and steamships. We have all the machinery for keeping the times good without resorting to poetry or legislation or witchcraft. All we need in Canada to keep this machinery operating for our benefit is for the people to stand behind the machinery. The factories of Canada were built primarily to satisfy the home market. They represent capital enough to build Britain's navy three times over. That investment is practically owned by the people of Canada because when it is operating at full strength it maintains good con-

ditions in the country. Slacken up on the smokestacks and you lessen not so much the supply as the demand. The good times that depend on warm smokestacks are entirely in the hands of those who now and hereafter buy goods made in Canada.

#### ON THE SIDE

Needing some more "wings" Germany takes Turkey.

Turkey is now being served with a little German sauce.

Germany forces Turkey to "go by" now, but Germany will "go by" Turkey later on.

These would-be aerial raiders of London must yet learn to put the "in" Zeppelin.

Germany is the monkey. Turkey the cat's paw and Russia only has to furnish the hot coals and the chestnuts.

A "non-grad" who doesn't like noise for its own sake, says the best thing about a correspondence school is that it has no college yell.

The Italian government asking for \$160,000,000 for army purposes, demonstrates the fact that neutrality is not necessarily self-supporting.

Unconfirmed rumor says the Kaiser ordered three of his generals shot. Had too many, anyway, but it seems a bit severe to reduce expenses that way.

**When You Feel**  
a tickling in the throat and you begin to snuffle you know you are in for a cold. But Do You Know that by taking on sugar in a little sweetened water a few doses of

The representative of York in the Federal Parliament having gone to the war, the military authorities at Ottawa have decided to give this city the "go by" in the matter of mobilizing and training men for the second overseas contingent. The commandant of the district informs Mayor Mitchell that arrangements have been made to have the troops mobilized at St. John. This means that the government would rather expend money fitting up buildings never intended for the accommodation of troops than utilize the barracks in this city specially built and equipped for the purpose. The comfort of the men who are offering their lives to the empire is evidently not worth considering. It is political pull that counts with the authorities at Ottawa.

If the regiment being raised in New Brunswick for the second contingent is not to be a distinct St. John organization there is no reason why the 71st York regiment should not be represented in the list of officers. Although the first contingent made a pretty heavy draft in the 71st, there are still some capable officers in the corps—men who have given years of faithful service to the active militia. The least the authorities can do is to select an officer or two from the 71st.

The Liberal leaders will stand by the political truce entered into some weeks ago and will not oppose the election of Hon. T. Chase Casgrain in Quebec county and that of Hon. P. E. Brienlin in Champlain. The people of Canada do not want party strife at the present time.

#### LOCAL NEWS

##### FUNERAL THIS AFTERNOON

The funeral of the late Mrs. Jane Patterson took place this afternoon from her late home on George street and was very largely attended. Rev. S. A. Baker, pastor of the Reformed Baptist church, conducted the service and interment was made at the Sunny Bank cemetery, Gibson.

##### NORTH SHORE OFFICERS

Chatham World.—Lt. Col. Irving has received notice that the following officers have been appointed on the second contingent:—Capt. A. E. G. MacKenzie, Lieutenants R. W. Weldon, G. A. Mowatt and Frank Lockhart. No word has come in response to the application of Capt. F. A. MacKenzie, Lieut. J. D. K. MacNaughton and others.

##### SACRIFICES LOVE FOR MONEY

Today will be the last opportunity to see the great Lubin feature "The Greater Treasure" or Love Versus Money, the story of a young girl who sacrifices love and happiness for wealth and luxuries. It is a photoplay that everyone should see as it teaches a story which will linger long in your memory. The usual amount of good comedy films and a splendid Selig drama will all be included in today's banner program. Tomorrow the first motion pictures of British and Belgian troops on the firing line at Lubbock will be shown in Hearst's weekly.

##### WAS ACCIDENTALLY KILLED

According to a telegram received from the Department of Public Works at Ottawa, Walter D. Smith, aged 24 years of age, of this city was accidentally killed at Port Nelson, Hudson Bay, on Sunday. He was engaged as a brakeman on a work train on the terminal work at Port Nelson, being one of a number of young men who left here last summer for the Hudson Bay country. The telegram gave no details of the accident other than the fact that Mr. Smith was killed by the train on which he was working. An inquest was held, the verdict of the jury being accidental death. The funeral took place at Port Nelson on Tuesday. The deceased's father is now in England with the first Canadian contingent, and his mother, Mrs. John Smith was informed of her son's tragic death by Rev. J. E. Wilson. Besides his parents, he is survived by a wife and one infant child. Two brothers Ernest and Wilson both of this city, also survive.

#### IT PICTURES THE UNIVERSAL LANGUAGE

What is said to be one of the greatest achievements in the simplification of Bible study, since King James ordered a translation of the bible out of the original tongues into English, is the "Photo-Drama of Creation." It is the depiction of the Bible story in 12 reels of film interspersed with numerous beautiful hand-colored pictures and panoramas. To present the whole production eight hours are required, and hence it is divided into four sections which are shown in rotation.

Old Bible narratives develop new vitality and fascination when retold in the modern picture language of our day. The scriptures are printed in five hundred different languages. If one can read in English or French he can rarely do so in Chinese or Hindustani. Pictures talk a universal language. Motion pictures are a "gift of tongues," and at the same time talk German, Italian, Greek, Hebrew, Spanish and all of the other languages living or long since dead.

The opening sentences in part I of the Drama "The reverence of Jehovah is the beginning of wisdom." "The heavens declare the glory of God, and the firmament sheweth His handwork" is a fitting prelude to the tone of reverence which marks the whole production and which is so favorably impressing the good audiences attending.

Sacred subjects have been treated with becoming reverences, and there is nothing in their presentation to offend the most sensitive. At the same time the dramatic possibilities of the stories have been fully realized; there are few secular picture dramas which can compare with the tragedy of Pharaoh and Baul, and as deep in their pathos as the story of Elisha and the Shunammite's son.

#### BIG SURPRISE TO MANY IN FREDERICTON

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, the German remedy which became famous by curing appendicitis. Mr. George Y. Dibble states that this simple remedy draws off such a surprising amount of old foul matter from the body that A SINGLE DOSE relieves sour stomach gas on the stomach and constipation INSTANTLY.

## Blanket Season Now
