## GENERAL WON KLUCK IS REPORTED KILLED

(Continued from Page One.)

officials say, made considerable progress in the neighborhood of Dixmude and Lys. On the other hand, the Germans are reported to have gained a small amount of territory in the region of Vailly and Chavonne.

The heaviest fighting of the day was in this region, where the Germans, heartened by Tuesday's advance, endeavored to continue their success. The Allies, aided by reinforcements, are said to have blocked to a large extent the furious attack of the Germans and a small detachment of Frenchmen, although they met with heavy resistance at a bridge on the Aisne, are said to have succeeded in pushing on and gaining high ground commanding the enemy's position.

From this point the French opened a raking fire on the Germans, but they were not sufficient in numbers to withstand the furious German onslaught that followed, and were compelled to retire to avoid being cut to pieces. The few cannon taken by the Germans, it is said, were put out of commission before the retreat.

London, Nov. 5—The Admiralty has issued a statement in which it says it has received from German sources details of a naval engagement off the Chilean coast, in which the British cruiser Monmouth was sunk and the cruiser Good Hope severely damaged. The statement says the Admiralty has no confirmation of the report.

The statement was issued through the official press bureau in the name of the secretary of the Admiralty and says:

"Rumors and reports have been received at the Admiralty from various sources of a naval battle having occurred off the Chilean coast. The Admiralty has no official confirmation of this and such accounts as they have received rest admittedly on German evidence.

"It is reported that the Scharnhorst, Gneisenau, Leipzig, Dresden and Nürnberg concentrated near Valparaiso and that an engagement was fought with a portion of Rear Admiral Sir Christopher Cradock's squadron on Sunday last. The German report asserts that the Monmouth was sunk and the Good Hope very seriously damaged. The Glasgow and the auxiliary cruiser Otranto broke off the action and escaped.

"The Admiralty cannot accept these facts as accurate at present, for the battleship Canopus, specially sent to strengthen Rear Admiral Cradock's squadron and would have given him a decided superiority not mentioned in them. Further, although five German ships concentrated in Chilean waters only three entered Valparaiso harbor. It is possible, therefore, that when the full account of the action is received, it may considerably modify the German version. Effective measures have been taken to deal with the situation in any event."

The Canopus, mentioned by the Admiralty with such significance, is a battleship of 12,950 tons and though built in 1899 has an armament of four 12-inch guns, twelve 6-inch, ten 12-inch and six smaller guns. Her complement is 760 and her speed 18.5 knots an hour.

The Admiralty announces that one officer and twenty men were lost in the sinking of the British submarine D-5 by a German mine in the North Sea yesterday.

## NEAR ENGLISH COAST.

London, Nov. 4—That four German dreadnoughts and four German cruisers took part in yesterday's engagement off the east coast of England is confirmed by the crew of the steam drifter Carrigill.

According to the skipper of the drifter, the German ships appeared through the mist about sixteen miles east northeast of Lowestoft at seven o'clock in the morning. The firing at the British cruiser Halcyon lasted fifteen minutes.

The skipper also says that two British submarines, in addition to the D-5, which was sunk by striking a mine, pursued the Germans.

## JAP WARSHIPS ON GERMANS' TRAIL.

Santiago, Chile, Nov. 4—A steam collier which has arrived at Valparaiso reports having seen eight Japanese warships at Easter Island, in the Pacific, about one thousand miles west of the Chilean coast.

Easter Island belongs to the republic of Chile.

## FORTS UNDER HEAVY FIRE.

Rome, Nov. 4—A telegram from Saloniki, says that the bombardment of the Dardanelles by the Anglo-French fleet continues most effectively while the reply from the Turkish forts is causing no damage, the ships being out of the range of the land guns.

The telegram adds that the outcome of the duel has excited feverish anxiety all along the Aegean coast.

## WARSHIP TO PROTECT SYRIANS.

London, Nov. 4—According to the Athens correspondent of The Star, an American warship has arrived at

## BRONCHITIS

If Neglected Will Surely  
Turn Into PNEUMONIA.

Bronchitis comes from a neglected cold. It starts with a short, painful, dry cough, accompanied with rapid wheezing, and a feeling of oppression or tightness through the chest. At first the expectoration is of a light color, but soon becomes copious and of purulent character.

You have, no doubt, wakened up in the morning and have had to cough half a dozen times before you could raise the phlegm from your bronchial tubes, and when you do succeed in doing so you find that it is of yellowish or greenish color, and you get some relief right away. When this happens to you, you may rest assured that you have a touch of bronchitis, and if not cured immediately it will sooner or later develop into pneumonia or some other more serious trouble.

Cure the cold, and thereby prevent bronchitis and pneumonia taking a hold on your system.

This can be quickly done by the use of

## DR. WOOD'S NORWAY PINE SYRUP.

Mrs. Rebecca Have, Mahone Bay, N.S., writes: "My little boy, aged six, was always troubled with bronchitis, and when he had whooping cough he was worse. Doctors advised me to use Dr. Wood's Norway Pine Syrup. It gave him instant relief, and positively cured him."

Price, 25c and 50c.

## THE HOME GUARD.

A meeting of the Fredericton Home Guards will be held at eight o'clock this evening in the Y.M.C.A. Hall, York street, for organization and to select the company officers. Among those who have enlisted for home service is Sergt. Major H. T. Brewer, R.C.R., a competent drill instructor.

## MADE INSPECTION OF THE VALLEY RAILWAY

Mr. F. P. Gutelius, general manager of the I.C.R.; Mr. F. P. Brady, general superintendent of the I.C.R., and Mr. C. A. Hayes, general traffic manager of the I.C.R., and party arrived here late yesterday afternoon from an inspection trip over the St. John Valley Railway between Fredericton and Centreville. Acting Premier Clarke joined the party at Woodstock and went from there to Centreville and back to Fredericton with them yesterday. The return trip from Centreville to this city, a distance of eight miles, was made yesterday afternoon in about three hours.

Mr. Gutelius, while reticent about giving out information, stated that the road was a good one and that in all probability everything would be ready for I.C.R. operation in ten days or two weeks at the outside. The I.C.R. officials left for Moncton last evening in the special car, "Dufferin," attached to the I.C.R. 6.30 express.

## DRAMA OF CREATION

Two of the most beautiful features of the Drama of Creation, Our Lord's Miracles and His Triumphant Entry into Jerusalem are presented in part III. at the opera house this evening. The scenes are motion pictures. All are cordially invited.

Sometimes a man is considered eccentric because he attends strictly to his own business.

Beirut, Syria, for the protection of the Christian population.

## ARABIAN TOWNS SHELLED.

London, Nov. 4—The British cruiser Minerva has bombarded the Arabian town of Hieddah (Jiddah), on the Red Sea.

Available records show no seaport of Hieddah on the Red Sea, but Jiddah, a town of some thirty thousand inhabitants, is the chief seaport of Arabia, in the Province of Hejaz, sixty-five miles northwest of Mecca. Jiddah is a picturesque town, with narrow and irregular streets and houses of coralline limestone.

From the sea the white minarets show plainly the walls of the town and give it a picturesque appearance. The angles of the walls on the seafloor are surmounted by fortis. In the northern part of the town is a tomb, said to be that of Eve. Nearly half the population is Arab. Large numbers of pilgrims pass through Jiddah each year on the way to Mecca.

London, Nov. 5—The German cruiser Yorcke has struck a mine in Jade Bay and sunk. Jade Bay is a shallow season the mouth of which stands Wilhelmshaven. The Yorcke was an armoured cruiser, built in 1909 of 3350 tons, carrying a complement of six hundred and thirty eight men.
