DIED IN THE WEST

Mr. Leverett Estabrooks, a former well known resident of Prince William who removed to Outlook, Saskatchewan, a few years ago, died at that place quite suddenly last week. He was seventy eight years of age and is survived by two daughters, Mrs. Frank Gibson and Mrs. James Steeves, both residing in the west. Mr. Estabrooks was a successful farmer and was a prominent member of the Baptist Church. He took a keen interest in public affairs and was at one time an unsuccessful candidate on the Legislative in opposition to the late Hon. A. G. Blair. The body was brought last night and interred at Prince William.

PUPILS WHO PASSED
THE HIGH SCHOOL
ENTRANCE EXAMS.

Young Lady Student at the Charlotte Street School Likely to Get the Lieut. Governor's Medal for Highest Standing

TWENTY-ONE PASSED
IN THE FIRST DIVISION

As the result of the recent High School entrance examinations there will, no doubt, be many disappointments as in other years. The total number undergoing the examinations was ninety-six, just three more than the previous year. Among those writing the papers were pupils from various sections of York County and two or three from outside counties. As the returns have not yet been submitted to the School Board we are unable to get full particulars, but it seems to be understood that the lieutenant governor's medal will be claimed by a young lady pupil of Charlotte Street School. Here we give an alphabetical list of the applicants in three divisions. The trustees usually allow those in the third division who have made 500 or over to enter the High School on probation—of this class there are twelve.

UNDER ARREST ON
VERY SERIOUS CHARGE

Fred McKay, a Moccasin Maker in a Bad Scrape—Bestiality Charged against him

A revolting case of bestiality came to the notice of the police yesterday afternoon when Fred McKay a moccasin maker of this city was discovered committing one of the most serious offences against morality. The discovery was made by Mr. Cornelius Kelly, the well known milk dealer and Chief of Police Hawthorn being notified he soon had the man in charge.

On the case coming up for preliminary hearing this morning, Mr. Kelly wished to withdraw the charge but owing to its criminal nature was unable to do so. The prisoner who is a man of about thirty years, married, and the father of a small family, on being called to face the charge preferred against him asked that the trial of the case be left in the hands of His Honor Judge Marsh. The offence however being one punishable by the maximum penalty is one outside the jurisdiction of a magistrate's court and can only be tried by a magistrate under a proviso in the act which stipulates that the consent of the Attorney General must first be obtained. Awaiting a decision as to how he should be proceeded against, McKay was remanded until Monday, July 7th.

13 YEAR OLD BOY
DROWNED IN THE
NASHWAAK RIVER

Garret Dryden Lost his Life while Bathing near his Home at Marysville on Wednesday Evening A Sad Case

WAS SEIZED WITH CRAMPS
WHILE IN DEEP WATER

A very sad fatality shocked the residents of Marysville yesterday evening when a young lad named Garnet Dryden, son of Mr. Judson Dryden, met his death by drowning in the Nashwaak River. The little fellow who was about ten years of age, accompanied by his brother, had gone for a swim about eight o'clock last night and is thought to have taken cramps, brought on by the plunge into the cold water. His brother, who was but three years his senior, made every effort to save him but without avail and becoming exhausted decided to run for help. Although his home was but a short distance from the scene of the tragedy, the thoroughly frightened and exhausted boy had only time to rush into the house and cry out, "Garnet is drowning," before he collapsed and up to a late hour last night he had not recovered consciousness.

The unfortunate boy's mother, who was nearly prostrated by the sad news, quickly raised an alarm and a number of men who were driving by hastened to the scene of the drowning but no trace of young Dryden could be found.

Both brothers were employed at the Marysville cotton mill and had been about their usual duties yesterday. The young lad who came to so untimely an end was an exceptionally bright and precocious youth and those who talked with him yesterday remarked his cheerfulness and general bright outlook. The sympathy of the entire community is felt for the bereaved parents who have met so severe a blow.

A search was kept up for the body until late last night by the boy's father, Mr. Judson Dryden, and a large number of willing helpers. About nine o'clock this morning the body was recovered at the bottom of

SALMON RUN
ON THE TOBIQUE
THE BEST EVER

Adam Moore Back from a Trip to that Region Says Good Catches are Being Made—A Thirty Pounder Killed

COL. McLEAN TO OCCUPY
CONNAUGHT BUNGALOW

Mr. Adam Moore, the well known guide of Scotch Lake, who returned last evening from a week's trip to his camps on the headwaters of the Tobique, reports the salmon run in that river to be the best in years. A number of the members of the Tobique Salmon Club are now occupying the camps at the Forks and, according to Mr. Moore, have been enjoying capital sport. The Tobique pools, located on crown lands, are now held under lease by the Messrs. Fraser, who purchased them at the sale in March last. Recently Mr. James Tennant of this city, who is visiting his brother-in-law, Mr. Donald Fraser at Plaster Rock, killed a thirty pound salmon with a trout rod. He played the fish for three hours and a half, and being without a gaff he sent to a farm house half a mile distant for a pitchfork, with the aid of which he succeeded in landing the big fellow. Mr. Moore assures The Mail that this is not a fish story as he obtained it from eye witnesses whose veracity is unquestionable.

While on the trip Mr. Moore tried his luck at salmon fishing in the little Tobique and killed a ten pound fish. He also hooked a big fellow but, like certain of its prototypes, it managed to get away.

The Duke of Connaught and party have been compelled to abandon their contemplated fishing trip to the Tobique this year and the elaborate bungalow built especially for their use will be occupied for the next few weeks by Col. H. H. McLean, M.P., and a party of friends.

Mr. Moore reports big game very plentiful in the Tobique region. He counted eleven moose in Nictau Lake at one time, five of which were big bulls. He has been engaged to guide a number of fishing parties to that section during the month of August.
