MANY MEN ARE NOW TO BE PROVIDED FOR

London, Oct. 6—The increased scale on which the wives and dependents of soldiers serving at the front will obtain separation allowances came into operation on October 1. The agitation for the weekly payment of the allowances, and that the payments be made through the Post Office has, moreover, been successful.

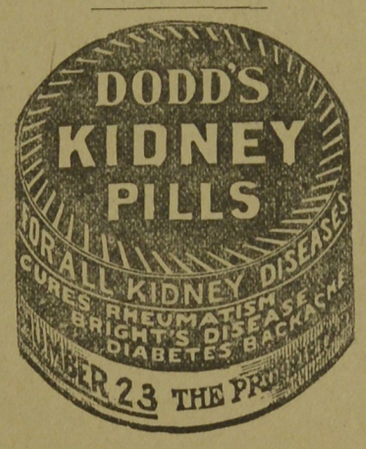

The Prime Minister, after announcing the new scale in the House of Commons recently said:

"We propose also to deal with the case of relatives, such as mothers and sisters who are dependent upon unmarried soldiers at the front. In cases where the soldier makes an allotment to such a dependent the State will supplement it by a proportionate allowance. The government are of opinion that the machinery of the Old Age Pensions Committee is most suitable for this purpose.

"As regards the navy, it has been decided to grant separation allowances to wives and children conditional upon a minimum allotment being made. The details of the scheme will be announced as soon as possible. In both cases these allowances will be payable weekly through the Post Office as from October 1.

"The question of pensions, which is of considerable complexity, is still under consideration, but the government will make public their decision on this point at the earliest possible moment."

Replying to a supplementary question, Mr. Asquith said the government would "consider sympathetically" the question of paying to the widow of a dead soldier her allowance for a certain period after the death of her husband.

CANADIAN PACIFIC FINANCES SOUND

Montreal, Oct. 7—The annual meeting of the Canadian Pacific Railway was held at the company's offices here this afternoon. The meeting ratified an increase of the company by $75,000,000, that is, from $260,000,000 to $335,000,000, in order to make it accord with the amount for which the company has the sanction of the government. No portion of the additional stolk will be issued until the permission of the shareholders has been secured.

John K. L. Ross was made a director of the company, while Sir Thomas Shaughnessy, president of the company, and Sir Thomas Skinner were reappointed to the directorate for another four years.

In the course of his annual address to the shareholders Sir Thomas Shaughnessy said that when the peace of the world had been restored emigration from Europe to the newer countries, where lands could be obtained on moderate terms, would doubtless be on a large scale and Canada should profit very substantially by the incoming of new settlers and the consequent increase in production.

Sir Thomas said that the contraction in the volume of the company's trade and travel during the year under review was greater than anticipated, but working expenses had been reduced by economical administration The period of retrenchment and financial conservatism the country had passed through would have the effect of liquidating to an important extent the injurious results of domestic mistakes. When the tide turned the country would be able to utilize her almost unlimited resources and prosecute development on sane and logical lines.

The Company's financial condition was good said the president. The C.P.R. had $50,000,000 of securities to issue for which money had been advanced by the treasury, and when the outlook improved some of these could be readily sold.

Sir Thomas said that the monetary loss from the sinking of the Empress of Ireland was not a matter of any special moment.

BOSTON BRAVES WON A VICTORY

Philadelphia Oct 9:—Playibg with the same sensational speed that marked their rush from last place to the position of pennant winners in the National League, the Bostan Braves crushed the Philadelphia Athletics hard today in the first game of the world's series by a score of 7 to 1. Although the newly constructed baseball machine of "miracle man" Stallings wabbled once or twice, it never left the track abd under the guiding hand of Pitcher Rudolph clashed through Connie Mack's champions scattering dismay aad disappointment in its trail.

The victory over the 2 to 1 American League favorites was well won no lucky breaks or baseball flukes figuring in the defeat of the famous Mackmen clan. By sharp, heavy and timely hitting the Braves piled up a lead, which, coupled with Rudolph's sterling box, work and the general defensive ol his team.-mates, left no opening through which the Philadelphia's track could penetrate.

THANKSGIVING MARKET WELL PATRONIZED

MARKET

There was a fairly large Thanksgiving market this morning, although the inclemency of the weather, no doubt, prevented a number of the farmers from bringing their produce to the city. Eggs were quite plentiful and sold at from 28 to 30 cents per dozen, while butter was selling at from 29 to 30 cents per pound. Potatoes brought from 90 to $1 per barrel and apples sold from 90 cents to $1.50 per barrel. Chickens were selling at from 75 cents to $1.25 per pair and ducks brought $1.75 per pair Turkeys sold at from 25 to 28 cents per pound and geese were selling at $1.50 each.
