THE TRUE CAUSE OF RHEUMATISM

Due to Acid in the Blood—Can Only be Cured Through the Blood

Not many years ago even doctors thought that rheumatism was only a local pain caused by exposure to cold or wet. Now they know that the trouble is caused by the blood becoming tainted with uric acid. This condition of the blood causes the muscles to contract, stiffens the joints and irritates the nerves. If not promptly treated the stiffness spreads and the pain grows worse until you are a helpless cripple, tortured day and night. If the disease touches the heart it means sudden death. You cannot cure rheumatism with liniments, plasters or hot cloths, as so many try to do. You must go right to the root of the trouble in the blood. The scientific way to cure rheumatism is to take Dr. Williams' Pink Pills, which make new, rich blood that goes right to the root of the trouble. They sweep out the poisonous acid, loosen the aching joints and muscles and bring ease and freedom where before had been pain and misery.

Miss Beulah Sheppy, Morpeth, Ont., says: "Following an attack of measles I took inflammatory rheumatism. My joints became swollen and the pain was almost unendurable. I doctored with two doctors, but the pain was only relieved while I was taking their medicine, and soon returned. For six months I continued to suffer in this way. Then I tried electric pads but they failed to do me any good. Finally a friend persuaded me to try Dr. Williams' Pink Pills, and I had not been taking them long before I found relief. I continued using the Pills for a time and soon found myself in perfect health and feeling like a new person. I never lose an opportunity to recommend Dr. Williams' Pink Pills as I cannot say enough in favor of them."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE LABOR CONGRESS HAD BUSY SESSION

Guelph, Ont., Sept. 13—The Trades Congress put in a busy session this morning, the rush through resolutions covering a wide range of questions of interest to labor from the eight-hour day to the prohibition of the black-list by employers. On the motion of Delegates Duffy and W. W. Goodwin of Union K.L.C. of Truro, N.S., the International Trades and Labor organizations will be petitioned to send organizers through the Maritime Provinces. Resolutions were passed asking the A. F. of L. to submit a resolution at its next congress recommending the adoption of universal interchangeable membership cards, enabling members to join local unions in any part of the country without initiation fees.

Delegates O'Dell of Hamilton, and J. W. Bruce of Toronto, told of the harrowing experiences at Nova Scotia during the coal strike and how the men were hounded by private police. Delegate McLennan of Springfield, N.S., presented a resolution asking for legislation making it illegal for private corporations such as the big steel companies to employ private police. Resolutions aiming at freedom of speech, the universal eight-hour day, and asking for legislation making it an offense for employers to hire help without notifying them if there is a strike or lock-out in progress, were introduced. All three carried with unanimity.

There was a sharp discussion over the proposal to ask for legislation making it illegal for heads of departments on the railways to maintain a black-list. Delegate George Keyes, representing International Brotherhood of Maintenance of Ways, precipitated the discussion. Delegate Campbell threw a bomb into the meeting when he informed them that legislation covering this very thing had been introduced in the House of Commons by Hugh Cuthrie, the local member, and after a conference with the Trades Congress representative, it was withdrawn at their request.

The resolution of Delegate Rolfe of Hamilton, that the Congress confine itself to legislative matters and discontinue spending its member's money on organizers, precipitated a discussion which threatened at times to become violent. Magnus Sinclair of Toronto, denounced the proposition as the product of a "disgraced imagination." Delegate Arcand of Montreal, on the other hand, was equally enthusiastic in his endorsement and vigorously opposed the work of the organizers who had spent their money to help the amal-

garnated carpenters, the worse enemies the united brotherhood had. Delegate Jas. Simpson made a bigoted attack on the organizers. They had done much to consolidate the laborers and make the Trades and Labor Congress the representative body it was. At noon the delegates were going to it when Alphonse Ver-ville, M.P., proposed the adjournment of the debate but the delegates were determined to finish the fight while they were hot and carried a motion to continue in session until the question was disposed of. A few minutes later a motion was sprung, calling for the previous resolution. Immediately a dozen were on their feet, demanding to be heard. One delegate accused a member of applying "steam-roller" methods. The resolution was defeated.
