"THE FORTUNE HUNTER"

In "The Fortune Hunter" which will be the attraction at City Opera House next Friday evening, Nat Duncan has a scheme for winning a million dollars. It is an utterly plausible one, too, and is in operation in many neighborhoods at the present time. He doesn't win the million, but he is in a fair way to do so at the finish of Winchell Smith's comedy, which is full of pathos, as well as humor. The play is written with a fine reality and an expert sense of stagecraft that compels admiration and commends it as a classic in comedy writing. Seats now on sale at Ryan's Drug store.

TWO FIRE STATIONS

(Continued from page eight.)

Members were told by the chairman what little business ability they had and by Ald. O'Neill that he would attend no more meetings of the committee. If the chairman of the Fire Committee had stated that a deadlock had occurred such an idea had originated in his own brain. Ald. Farrell stated that he had merely desired to set himself in proper position before the council.

Ald. Cruikshank made a statement explaining that in his opinion a deadlock had occurred.

Ald. Guthrie's motion to consider and award tenders was passed.

Tenders were then opened as follows: J. Fred Ryan, \$12,300; Thos. S. Miles, \$11,700.

ALD. GUTHRIE'S MOTION

Ald. Guthrie moved that Mr. Ryan's tender be accepted doing so, he said, because of Mr. Ryan being a resident of Fredericton and a well known contractor. Mr. Miles he did not know as a contractor and he was not a ratepayer of the city. The motion was seconded by Ald. Cruikshank.

ALD. CALDER OPPOSES

Speaking to the motion Ald. Calder stated that he was sorry this matter had come up in a matter that caused a conflict between citizens who were pledged to work shoulder to shoulder for the advancement of the city.

His Worship—You're quoting the Mail, are you?"

Continuing Ald. Calder stated that his opinion was that the growth of the city warranted the erection of two fire-stations, one in the West End and the other in the East End. The season was late for the beginning of such a building operation as the erection of a new building on the site of the present central fire station. The cost probably would run up to \$15,000 or \$16,000. He was decidedly opposed to the use of the present central station site and would present an alternative to the motion before the committee calling for the securing of legislation for a further issue of debentures to erect two new fire stations next year, located as he had said. Ald. Calder moved a resolution to that effect, Ald. Moore seconding.

In support of his resolution Ald. Calder stated that such two stations properly equipped would meet the requirements of the city for the next twenty or twenty-five years.

ALD. CRUIKSHANK

Ald. Cruikshank opposed the amendment stating that a central location for a fire station was the one best suited for the protection of the business district. Eventually two or more fire stations would be needed but present requirements should be met. He favored the immediate building of a central station.

Ald. O'Neill favored the central site. It would be some years before a second station would be required.

Ald. Calder stated that with a station near Northumberland Street and one near St. John Street the central portion of the city would be well protected. The property of Mr. Donald Fraser in the extreme western part of the town would be better served. Had proper protection existed some years ago Fredericton would now have an industry which she lacked.

Ald. Guthrie stated his opinion was unchanged.

The amendment was carried on the following vote:—Yea—Kitchen, Moore, Wilkinson, Burchill, Farrell, Calder, Nay—O'Neill, Cruikshank, Guthrie.

FATHER O'NEIL LEAVES.

Rev. A. B. O'Neill, C.S.C., left St. John yesterday for his home at Notre Dame, Indiana, via Memramcook, Montreal and Columbus, Ohio. After a few days at the University of St. Joseph, Father O'Neill will proceed to Montreal, where he will pay a brief visit to his religious brethren at St. Laurent and Cote des Neiges and then proceed to Columbus where he is booked for a lecture on the 20th inst.

POLICE COMMISSION MEETS.

At the close of last night's meeting of the City Council a session of the Police Commission was held for the purpose of arranging for the purchase of overcoats for the policemen. Other matters were talked over informally.

REMOVAL AND RESIGNATION

The Royal Gazette contains notice of the removal of Joseph T. Martin as police magistrate of Edmundston and of the resignation of Ernest A. Tracey as justice of the peace for Sunbury and of Thos. L. Alexander as Commissioner of the Parish of Gladstone Civil Court, Sunbury County.

NEGOTIATIONS ON FOOT

Negotiations for the purchase of the Victoria Mill and the lands of the Scott Lumber Company are said to be on foot with a lumbering firm which formerly conducted milling operations here as the interested parties. Cruisers have been going over the property for some time and are expected to report shortly.

ENGINEER BURPEE HERE

Mr. T. C. Burpee of Moncton, Engineer of Maintenance on the Intercolonial Railway arrived here today over the Fredericton Branch of the I. C. R. on a regular trip of inspection. Mr. Burpee stated that nothing was yet known concerning the operation of the N. T. C. Railway in this province. A crew is working on the line however.

MUSICAL SUIT.

Mrs. Tappan Adney, principal of the Woodstock School of Music, through her counsel, Thane M. Jones has served papers on Dr. I. W. N. Baker and Robert G. Allen of the Woodstock Choral Society, in an action charging them with wrongfully and maliciously inducing and procuring the pupils of the plaintiff to break their contract with the plaintiff and for an injunction to restrain the defendants from further maliciously inducing or procuring other pupils of the plaintiff to break their contract with the plaintiff. The Choral Society has engaged the services of Frank B. Carvell to defend the case.

SUCCESSFUL RECITAL

The fame of Mr. Gilbert Buckton had preceded him, for the large Hall of the Normal School was filled last night with an enthusiastic audience of students assembled to listen to the special program of classical and humorous numbers at the piano which he had arranged for them. His versatility from grave to gay is extraordinary, perhaps his best number being his selection at the piano of a portion of Longfellow's "Sons of Hiawatha." The public will have the benefit of a distinctly musical merry evening in the Y.M.C.A. Hall next Monday, Oct. 14, prior to his proceeding to St. John.

AFTER GOVERNMENT JOB.

The position of car cleaner at the Gibson I.C.R. terminal is at present vacant through the dismissal of Mr. George Upton, who had been holding down the job for some time. It is rumored that Mr. Upton was discharged although some claim he resigned and that Mr. John Boyd, the mechanical superintendent, wants him back again notwithstanding that there are several after the job, including Messrs. James Burpee, Howard Dunbar and Kenneth McDonald. The chances that Mr. Burpee will land it are very bright, although Frank Dunbar, clerk in the supply shop, is pulling the ropes for his brother Howard. There are several others who are seeking the situation but they don't seem to have the pull that the three mentioned have.

FOR SALE

My farm at Mouth of Keswick, with implements, the season's crop and live stock.

GEORGE J. COLTER

Enjoyment for the DEAF

A remarkable instrument—the new Aurophone; carry it in your pocket. Takes up very little space, is inconspicuous and not more noticeable than an eyeglass chain.

A FREE DEMONSTRATION OF

The New Aurophone and Aurasage

will be given by us Thursday and Friday. Are you interested? Drop in—let an experienced demonstrator, H. T. Dale, of New York City, prove how it conveys music, low pitched conversation and other sounds; how you can hear them distinctly. It has increased the joy of living for thousands and bettered the natural hearing of hundreds.

Continuous Demonstrations, Thursday and Friday, Oct. 10-11.
