UNIVERSITY ALUMNI MEETING IN ST. JOHN

St. John, Jan. 10.—The semi-annual meeting of the Alumni Association of the University of New Brunswick took place last night in the Equity Court rooms. Dr. Thomas Walker presided and the reports of the different committees showed the association to be in good condition. The chief matter of discussion was the providing of a new science building for the university and a committee was selected to act with the senate in raising funds. Fifteen thousand dollars will be required to add to the \$10,000 which will be taken from the Fisher Memorial Fund. It is expected to start work on the new structure in the spring.

The council of the association, which included Dr. Walker, E. C.

Weyman, Dr. H.V.B. Bridges, Dr. McIntosh, and William Brodie, met during the afternoon and arranged the reports for the meeting in the evening.

The examiners for the Alumni essay are Dr. H. B. Bridges and C. M. Lawson. Those present at the meeting were Dr. Thomas Walker, Chancellor, C. C. Jones, Dr. H.V.B. Bridges, Dr. Murray MacLaren, Dr. Crockett, Dr. H. S. Bridges, William Brodie, Dr. T. D. Walker, William McLean, Clarence McN. Steeves, W. D. Baskin, E. C. Weyman, W. H. Harrison, Dr. Skinner, C. M. Lawson, Charles Owens, Dr. McIntosh and Wallace Broad.

After the meeting those present were entertained at the home of Dr. Walker.

PLEURISY PAINS VANISH! CHEST COLDS CURED!

**NERVILINE HAS NEVER
FAILED TO CURE**

Don't suffer!
Nerviline is your relief.
Nerviline just rubbed on, lots of it, will ease that drawn, tight feeling over your ribs, will destroy the pain, will have you smiling and happy in no time.

"I caught cold last week while motoring," writes P. T. Mulvey, from Linden. "My chest was full of congestion, my throat was mighty sore, and I had the fiercest stitch in my side you could imagine. As a boy I was accustomed to have my mother use Nerviline for all our minor ailments, and remembering what confidence she had in Nerviline, I sent out for a bottle at once. Between noon and eight o'clock I had a whole bottle rubbed on, and then got into a perspiration under the blankets. This drove the Nerviline in good and deep, and I woke up next morning fresh as a dollar and absolutely cured. Nerviline is now always part of my travelling kit, and I will never be without it."

The large 50c family size bottle is the most economical, for you can easily get the 25c trial size from any dealer.

FOUR BOYS FACE

(Continued from page eight.)
ed in a York street barber-shop for seventy-five cents and today was recovered by Detective Roberts. There is considerable adverse comment on the fact that anyone would buy from a boy under such suspicious circumstances.

SYMPATHY EXPRESSED.

Great sympathy is expressed for the relatives of the boys who find themselves facing so serious a charge. All four are of good families and it is generally stated that their present position is the result of bad associations. It is thought that some steps should be taken to prevent boys congregating in places where bad influences are known to exist.

DR. MICHAEL CLARK TOURING NOVA SCOTIA

Dr. Michael Clark, the gifted member for Red Deer has been doing Liberal cause in the neighboring province of Nova Scotia. During the past fortnight he had addressed meetings at Pictou, New Glasgow, Antigonish, Glace Bay, Sydney and Halifax and came in for a most flattering reception at each place. Dr. Clark, although he has been only twelve years resident in Canada, has already become a national figure. He is probably the best posted man in this country on matters of trade. He is an imperialist of the sane type and is a firm believer in the poliover in the policy of a Canadian navy. The missionary work which he has done in Nova Scotia will undoubtedly be of great benefit to the Liberal party.

The Cynic's Epigrams

No man is happy unless he thinks he is.
The school of experience grants mighty few holidays.
Truth is what a man knows; what a woman believes.
There is always room at the top, but the elevator service is poor.
After a man arrives the world never asks what route he came over.
Few men reach 60 without wishing they had been more economical.
Manager Finn, of the Memphis league team, is trying to put over a trade with Minneapolis for Frank Delehanty.

FIRE INSURANCE

(Continued from page eight.)

total \$5,726.09, which is \$9,177.85 less than the year 1911, the losses on buildings being \$4,328.20 and on contents \$1,397.89; the total insurance risk, where losses have occurred, being on buildings \$26,225.00 and on contents \$8,700.00.

It is with considerable satisfaction that I can withdraw from my report a matter that has been mentioned for a number of years past, that is, the erection of a modern Fire Station, on which good progress is being made, and I trust will be ready for occupancy by the first of May next. The completion of this building will certainly be a pleasure and a benefit to the members of the department.

With this increased accommodation it will be necessary (if the department is to be kept on a fair fighting basis) to improve the equipment and I would again strongly recommend the purchase at once of a motor combination chemical and hose wagon, so that on the completion of the new Fire Station it may be fully equipped. Regarding the cost of the above, compared with horse-drawn apparatus, I am prepared to take the matter up with the Fire Committee and show the advantage in the purchase of the motor equipment.

The addition to the appliances during the year has been the purchase of 600 feet of hose. There has been sold 150 feet of obsolete hose and as there is more of the same nature to be disposed of, I would recommend the further purchase of 500 feet of cotton rubber-lined hose.

The fire alarm, which of late has not given the satisfaction it should, needs some attention and I would suggest that when the battery equipment, which is to be placed in the new station, is moved an expert be employed to go over the system so that it may be made as complete as possible.

The increase in pay to all ranks of the department, which was voted in 1912 and which was received by the members on the first of May last, has been much appreciated but I would suggest that the by-law covering the payment of the same be changed and that the checks be issued to the captains of companies, they to pay their men as previously.

To the press and citizens generally, I desire to return the thanks of the department for their kindness and assistance throughout the season just closed and express the wish that the year we have just entered upon may be a happy and prosperous one to all.
Respectfully submitted,
H. C. RUTTER,
Chief Fire Department.

Chicago, Jan. 7.—Ald. Brennan, a pitcher of the Philadelphia Nationalists, and Eugene Packard, pitcher of Cincinnati, were in conference today with Manager Joe Tinker of the Chicago Federal League team, after which Tinker said he expected them to sign. He added that he was after Dave Altizer, shortstop of Minneapolis.

Tinker said that only two members of last season's team would be retained. They are John Farrell, shortstop, and Ned Pettigrew, an outfielder.

Joe Tinker is making arrangements to take his Chicago team of the Federal League to Beaumont, Texas, for spring training.

THIS is a HOME DYE that ANYONE can use.
