SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., President
ALEXANDER LAIRD, General Manager JOHN AIRD, Asst. General Manager

CAPITAL, \$15,000,000 RESERVE FUND, \$13,500,000

BANKING BY MAIL

Accounts may be opened at every branch of The Canadian Bank of Commerce to be operated by mail, and will receive the same careful attention as is given to all other departments of the Bank's business. Money may be deposited or withdrawn in this way as satisfactorily as by a personal visit to the Bank.

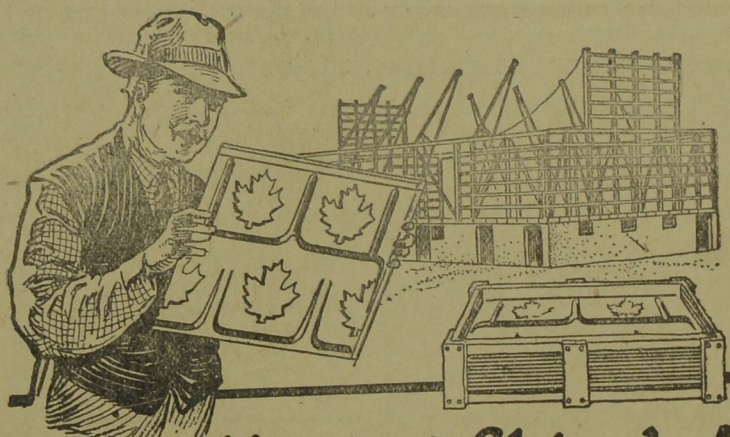

F. W. DeMILLE, MANAGER FREDERICTON BRANCH

Some men would have no excuse for living if their wives didn't take in boarders.

If the world owes us a living, why not pull off our coats and proceed to collect it?

Did you ever hear of a girl who had so many offers of marriage that she had to use printed rejection slips?

If you would have your money reach those who are needy, buy poetry with it.

How do You test Shingles?

A roof is not a thing to be chosen lightly. You are bound to choose *metal* as sure protection from lightning and fire. But how can you tell which is best?

Let us tell you how we test PRESTON Safe-lock SHINGLES. Admit we have as much at stake as you. We think we have more. Our whole future depends on the iron we put on your and your neighbors' barns. The life of our business is the farmers' good-will. So our own test is severe. It is our own way of insuring our business against failure.

The galvanizing which forms the protection from rust and ruin, we put to the British Government tests—acid tests. This is harder on galvanizing than the storms, the wind, the heat, the frost of twenty years. But, when we send out PRESTON Safe-lock SHINGLES we know that they will give the best service, bring new friends and new business.

PRESTON Safe-lock SHINGLES

Manufactured by THE METAL SHINGLE & SIDING CO., Limited, Preston.

PROMOTION FOR ARTHUR N. CARTER

St. John, April 22—St. John friends of Arthur N. Carter, Rhodes scholar and son of E. S. Carter of Fair Vale, will be pleased to learn of his promotion. He is now a first lieutenant in the York and Lancaster Regiment, Eighth Battalion. Mr. Carter, who was at Oxford when the war broke out, joined the King Edward Horse as a private. Later on he was instructed to apply for a commission, and having taken the requisite examinations with credit and spent some time as instructor, he was transferred to the York and Lancaster Regiment as a subaltern. Recently he was promoted to a first lieutenant in the Eighth Battalion. Of fifty-three officers attached to this regiment, Lieut. Carter is one of thirty to go to the front. He recently was selected to act as sanitary officer of the battalion. Another Rhodes scholar from St. John, Frank Smith, is an officer in the Lancaster Fusiliers. Thus two Rhodes scholars from St. John are now in these British regiments and are doing exceedingly well.

Lieut. Carter recently saw the Second Canadian Contingent and in a letter home he says of them:

"The Second Canadian Contingent is one of the finest bodies of soldiers in England and are getting to be universally acknowledged as such. First, their physique is such as is never seen outside the crack guard regiments over here. They are astonishingly keen on saluting and their general bearing is most soldierly. On the march they are particularly fine to watch. Their well fitting uniforms help to carry out the general impression of smartness. I can't imagine a finer set of men for hand to hand work than these. If I weren't so happy in my present battalion I would seriously consider joining the Canucks."

Lieut. Carter was formerly a member of the writing staff of The Telegraph.

LIBERALS PREPARING FOR AN ELECTION

Ottawa, April 21—Although there is still a cleavage in the cabinet in regard to the question of an early dissolution of parliament and a general election this summer, the government's preparation is going steadily forward.

The printing bureau is rushing work on the annual printing of the voter list and campaign subscriptions are being collected from various manufacturers and contractors. The staff of the clerk of the crown in chancery has been increased, in view of the extra work required in arranging for votes for soldiers. Tons of campaign literature have gone out from Ottawa during the past week, ready for distribution from local organization centres as soon as an election is announced.

Since his return from the west, Hon. Robert Rogers, minister of public works, has been urging upon his colleagues the necessity of an immediate appeal to the electorate. Mr. Rogers represents that the west as a seething mass of discontent at the senate's action in connection with the dreadnoughts and soldier votes' bills, and there is an insistent demand for a showdown. The strongest pressure for an election comes from him, and the minister of election is mainly responsible for the preparations going on.

The credit accorded to the Prime minister for the stand taken by him at the close of the session, is said, by his intimate friends to have convinced him that the statesman-like attitude is the best attitude to maintain during the present crisis, and there are several other members of the cabinet of like mind.

However, preparations are, under Mr. Rogers' directions, certainly in progress on an extensive scale, so that wherever decision is ultimately reached the government will be ready.

The franking privilege was extended tonight, which allows the sending out of literature, and the post office here is congested with tons of matter of all kinds.

The ammunition and machinery are prepared but the command to set them going has however, not yet been received. The final decision will probably not be reached until the return of Hon. Messrs. Cochrane, Reid and Hazen next week, who have been away spying out the land and finding out if the water is still warm enough to risk the plunge.

Fallen One—Officer, did you see me fall?

Officer—Yes

Fallen One—Had you ever seen me before?

Officer—No.

Fallen One—Then how did you know it was me?—Harvard Lampoon.

Wood's Phospholine.

(Formerly Windsor.)

Could Hardly Straighten Up For The Pain in Her Back.

Many women suffer from an excruciating pain in the back. They are not even able to look after the common duties of their housework, and cannot even walk at times.

The whole trouble is that the kidneys have become affected, and when the kidneys get "out of kilter" the whole system becomes deranged. On the first sign of a weak, lame, aching back you should not neglect it, for if you do, you may be sure that some serious kidney trouble will follow.

What you want is a kidney medicine, for kidneys only. This you will find in Doan's Kidney Pills. Doan's Kidney Pills know nothing but kidney disorders, because they're made for kidneys only.

Mrs. George Craigie, Rose Valley, P.E.I., writes: "I am writing to tell you what a wonderful cure Doan's Kidney Pills did for me. I was suffering with a lame back, and for several days I could hardly straighten up for the pain. I had used quite a lot of other kind of pills, but received no relief. Just then my sister told me about what 'Doan's' had done for her, so I decided to try them. I used three boxes and I am completely cured. I do not hesitate to recommend them to all."

Doan's Kidney Pills are 50c a box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

One kind of a fool man is the chap who advises his fiancée to take boxing lessons.
