of the Canadian contingent are included in casualty lists from the militia department in the past thirty-six hours, and the names continue to come to the Record office here. Private advices from London state that the losses among the Canadians in the sanguinary fighting at Langemarck and St. Julian will reach nearly six thousand. Of these eight hundred have been killed in action, and the balance is about equally divided between wounded and missing the greater part being among the infantry. This means that half of the infantry at the front with the first division has been put out of action.

BRITISH DESTROYER SUNK

A German submarine on Saturday sank the old British destroyer, which after a stern chase, overtook and sank the two German torpedo boats that had accompanied the submarine on her cruise.

Some of the crew of the Recruit were rescued by the trawler Daisy, but as the submarine fired on the fisherman they were compelled to leave the other to their fate. The British destroyers rescued most of the crews of the German torpedo boats, and two officers were picked up by a passing steamer and taken to Holland.

PREMIER CONTRADICTS NEWSPAPER ARTICLE

Ottawa, May 2—Premier Borden has felt constrained tonight to break the silence about election preparations. "The announcement in the Toronto Sunday World," says the prime minister, in a statement issued to the press, "that parliament has been dissolved and that the elections were to be held on the 28th of June is absolutely inaccurate and unfounded. Parliament has not been dissolved. The subject has not been definitely considered and any report to the contrary is entirely imaginative."

It is to be noted that while the prime minister states that parliament has not been dissolved and intimates that the exact date has not been decided upon, he qualifies his statement by saying that the subject has not been "definitely" considered.

There are few who doubt tonight, however, that the government has decided to take the plunge this summer, and there is every reason to believe that the only thing not decided upon is the exact date. It is stated tonight on the best of authority that the only members of the cabinet who still stand out against an election is Hon. T. Chas. Oasgrain, postmaster general, while it is stated that General Hughes is now disinterested either way.

Hon. Robert Rogers has again gone to Montreal today to hold further conferences with his organizers there. The discovery by the government on Friday that the address to the British government, praying for an amendment to the B.N.A. act, to provide for four members for Prince Edward Island and nine new senators for the West had not been sent, created considerable consternation. It is possible that this legislation can be received for a month, at least, allowing for time taken in transit both ways. Whether this will delay dissolution or not is uncertain.

CYCLISTS FINED.

Two cyclists charged with riding upon the sidewalk, were fined one dollar and costs in the police court this morning. R. B. Hanson appeared as counsel for one, who contested the case. The plea was that the roadway was impassable on account of mud and that discretion should be displayed by the magistrate in the matter. His Honor replied that there was a clear violation of a city bylaw and that there was only one course for him to pursue. Any discretion in the matter should be exercised by the policemen, who were supposed to possess it even if they might not, or by the Police Commission.

NEW RECRUITS.

J. H. Brooks, aged nineteen, residing in Fredericton, has enlisted in the 55th Battalion. He lately has been in the Moncton branch of the Royal Bank. Brad Gilbert, a well known hockey player of St. John, and also in the employ of the Royal Bank, enlisted in the same corps last week. Rifles are to be issued to the local detachment of the 55th in a few days.

AFTER GRANTS

The Fredericton Brass Band is expected to ask for a grant of \$500 at tonight's committee meeting of the City Council and the Local Improvement Association probably will ask for a grant of \$400.

RED CROSS BOATS AWAITS SEA BATTLE

London, May 3—Another report having to do with naval activity in the North Sea was contained in a press despatch received here yesterday from Amsterdam.

This message said urgent orders had been received at the Hook of Holland for the immediate preparation for service of four Dutch lifeboats and two Red Cross boats. These vessels were directed to wait with steam up, so that they would be able to start at a moment's notice.

The message added that there was no explanation of this order or news of a sea fight but that it was expected the vessels would be instructed to proceed to the North Hinder light-ship, in the North Sea, near the Franco-Belgian border.

FINED FIFTY DOLLARS

A fine of fifty dollars and costs was imposed in the police court this morning upon the man in whose barn nine barrels of bottled ale was seized by the police last week. The fine was imposed under the Canada Temperance Act for "storing, warehousing and delivering."

London, May 3—King George has sent to Acting Vice Admiral John Michael de Robeck, commander of the allied fleet at the Dardanelles, and to General Sir Ian Hamilton, commander-in-chief of the Dardanelles' land forces, the following despatch:

"It is with intense satisfaction I have heard of the success which, in the face of determined resistance, has attended the combined naval and military operations at the Dardanelles. Please convey to all ranks, including those of our Allies, my hearty congratulations on this splendid achievement."
