WAS A SUCCESS

The Christian Endeavor Society of St. Paul's church held a very successful verandah tea at St. Paul's Manse on Tuesday afternoon. The sum of fifty dollars was realized.

PATRIOTIC AUCTION.

The Patriotic Auction was continued on Wednesday in the Edgcombe Block, York street, and proved very successful, about \$300 being realized. It is expected that the total receipts from the auction will be about \$2,700.

DRESSED HIS OWN WOUND.

Dr. H. B. Hay of Chipman, yesterday had the misfortune to cut his right foot severely with an axe. He came to Fredericton by railway after first dressing the wound and putting in stitches himself. He afterward had it dressed here.

SUCCESSFUL PICNIC.

The picnic of the George Street United Baptist church held at Taylortown yesterday, was a great success. It was largely patronized, all steamers going to the grounds being crowded. The Fredericton Brass Band was in attendance.

BULL MOOSE IN STREETS.

Early risers yesterday morning were astonished to see a good-sized bull moose trotting through the city streets. It is thought the animal came in the Miryland Road. Persons at Moore's Stable and at the County Gaol saw the animal come down Brunswick street and turn out St. John street toward the hills.

SUCCESSFUL FESTIVAL.

The Fire Department's festival at the Old Government House last night proved a great success. There was a large attendance and dancing in the old ball-room was much enjoyed. Ticket No. 1768 won the gate-prize. Other prize-winners were: Baggettelle, George Shank, bean toss, Mrs. H. Anderson; gentlemen's bean toss, Lorae Ryan. The Fredericton Brass Band furnished the music.

LEAVING FOR ENGLAND

Mr. F. W. Sumner agent general for New Brunswick in London, will leave New York on Saturday for England. Mr. Matthew Lodge who accompanied Mr. Sumner on numerous visits to Fredericton during the recent session of the Legislature, will also accompany him to England. Mr. M. E. Agar of St. John will also be one of the party. They sail by the Steamer Philadelphia.

AUTO BROKE DOWN

A party composed of Countess of Ashburnham, Mrs. A. G. Robinson, Mrs. Dalphin and several other ladies set out yesterday in two autos on a trip to the mines at Minto. Of course they struck bad roads and at Mungerville one of the autos sustained a broken axle, but fortunately nobody was injured. The party continued their journey to Minto by train and will return on Monday.

HAD POOR LUCK.

Major C. W. Hinman of Winchester, Mass., passed through the city on Wednesday en route home from a fishing trip to the Southwest Miramichi. Two salmon was his total catch. He was accompanied by Wilfrid Norrad of Bloomfield Ridge as guide. Major Hinman, who is an all time sportsman who has made many visits to this province, will return in the autumn for a moose hunt.

ROADS ARE PAD

The roads through Gibson and the lower part of the parish of St. Mary's are something fierce. A city physician had a professional call to Barker's Point on Wednesday, and undertook to make the trip by auto. His experience was such an unpleasant one that he would not care to repeat it. He told a friend that he would rather walk than attempt to drive a car over such roads.

HAD PLEASANT OUTING

Mr. James S. Neill returned on Wednesday from his annual fishing trip to Southwest Miramichi made in company with Mr. Charles T. Duffy of Boiestown. They had a very enjoyable outing but was a little disappointed in the fishing. Very few salmon have yet reached the pools, and Mr. Neill is inclined to think that they have been hampered by a huge log jam. The itinerary for the trip as published in The Mail was faithfully carried out.

BOY SET FIRE TO WAREHOUSE OF CRYSTAL STREAM CO.

Harold Broad Held on That Charge And Robert Belyea for Breaking in--Bad Gang of Boys.

Harold Broad and Robert Belyea, aged nine or ten years, are held at the police station for breaking into the warehouse of the Crystal Stream S.S. Company last evening and young Broad is held also on the charge of setting fire to the warehouse. The examination of the boys will be resumed this afternoon. About ten youngsters were before the police magistrate this morning in connection with the matter. There was much mutual incrimination, considerable untruth and a great deal of sobbing. After much investigation the inquiry was narrowed down to Broad and Belyea. After stoutly denying that he was concerned in setting the fire Broad admitted that he and Belyea entered the warehouse by means of the window and stole fruit which was stored there. In the office they found matches in a tin box. In a spirit of mischief Broad lighted some matches and threw them into a box of excelsior and other packing material and the two escaped by the window.

The police state that the boys belong to a tough gang of youngsters and that this is not the first time the warehouse has been entered by some of its members.

The warehouse is owned by the city and is used to house freight to and from the steamer D. J. Purdy. Yesterday being a public holiday few consignees took freight from the shed and after the steamer left in the morning for St. John the agent, F.

WOMAN ATTEMPTED TO JUMP FROM BRIDGE INTO RIVER

Ada Hayes of St. John, Colored, Came Here to Elope But Was Sent Home Instead

Ada Hayes of St. John, a colored woman of mature years, made a spectacular attempt yesterday morning to jump over the railing of the Fredericton-St. Mary's bridge after she had been arrested by Policeman Marshall. The policeman dragged her from the bridge railing, placed her upon a wagon which was passing and so took her to the police station. Last night she was sent home by train.

The woman is said to be a widow and came here yesterday morning to meet a man. The police were on the watch for her and the meeting never took place. Policeman Marshall followed her across the bridge and near the St. Mary's end arrested her on the charge of vagrancy. The woman resisted and suddenly stooping seized her suitcase and threw it into the water, exclaiming: "I'll jump before you'll take me."

An elopement evidently was intended but fell through on account of the non-appearance of the man in the case.

W. Hatheway, went to Springhill for the day. The fire broke out about four o'clock in the afternoon. The alarm system being out of order the firemen had to be summoned by telephone. The shed was gutted and much freight destroyed before the fire was put out. Mr. D. J. Purdy, ex-M.P.P. of St. John, manager of the Crystal Stream Line, arrived here this morning in connection with the fire and the investigation.
