How do You test Shingles?

A roof is not a thing to be chosen lightly. You are bound to choose *metal* as sure protection from lightning and fire. But how can you tell which is best?

Let us tell you how we test PRESTON Safe-lock SHINGLES. Admit we have as much at stake as you. We think we have more. Our whole future depends on the iron we put on your and your neighbors' barns. The life of our business is the farmers' good-will. So our own test is severe. It is our own way of insuring our business against failure.

The galvanizing which forms the protection from rust and ruin, we put to the British Government tests—acid tests. This is harder on galvanizing than the storms, the wind, the heat, the frost of twenty years. But, when we send out PRESTON Safe-lock SHINGLES we know that they will give the best service, bring new friends and new business.

LIBERALS PREPARING FOR AN ELECTION

Ottawa, April 22—Sir Wilfrid Laurier will spend next week in the Province of Quebec looking after organization work and conferring with the provincial Liberal leaders. He will spend a day in Montreal, three days in the City of Quebec and a day or so in Three Rivers. Next month Sir Wilfrid will spend a few days in Toronto.

Although the Liberal leader sees no justification for a general election at this time, when the energies of the government and of the whole country should be devoted to doing Canada's full share in the empire's life and death struggle, he does not intend to be caught unprepared in case the government springs an election this summer.

Reports from all the provinces indicate that Liberals are actively getting ready for an election campaign, and the party organization will be in much better shape than it has been for years, whenever the government makes up its mind and asks the country for a new lease of life.

Conservative members who have come to the capital during the past two or three days to get a line on the election prospects and also to fix up patronage and contract matters affecting their constituents, are rather inclined now to doubt the recent forecasts of a June election. They have found Sir Robert Borden and other ministers inclined to turn down Hon. Robert Rogers' demand for an immediate appeal. The Quebec ministers are averse to an election this year at all, and Sir George Foster, Hon. Martin Burrell and General Sam Hughes and Hon. T. W. Crothers are also saying that the sentiment of the country is against an election under present conditions. The whole question will be thoroughly discussed at a full cabinet meeting early next week.

Judging from the opinions expressed today by those in close touch with Premier Borden, the decision will be to wait for a little time yet, at any rate, to see whether some signal victory by the Allies will decide in the public mind, at any rate, that a victorious peace for the allied arms is almost in sight. In that case there is no doubt but that the government would decide that the psychological time had come for an election.

WILL GET REFUND NOW IN ONE OR TWO MONTHS

Ottawa, April 20—Hereafter the travelling public who do not use railway tickets or portions of tickets will be able to get back their money back from the railway companies without having to wait from two or three months to a year for it. The Railway Commission issued an order today compelling Canadian railway companies to pay the refund on all tickets within thirty days from the time of application in cases where one line only is affected, and within sixty days when interlines are affected. The order was granted after the board had heard arguments from counsel for the companies as to why there should not be prompt payment.

Chairman Drayton during the course of the discussion declared that he had waited for two years, and was still waiting, for a refund from the C. P. R. on the return half of a ticket between Toronto and Ottawa. He was promised that his two-year-old application would now be looked after.

A NEGLECTED COLD WILL VERY OFTEN TURN TO CONSUMPTION.

Never neglect what at first seems to be only a slight cold. Perhaps you start to cough, a little irritation in the throat ensues, then it gets lower down, settles on the lungs and bronchitis sets in, and you start to raise phlegm of a greenish, yellowish color, and you cough persistently.

If you let the simple cold run it will surely develop into something very serious, and perhaps consumption.

On the first sign of a cold or cough go to your dealer and procure a bottle of

DR. WOOD'S NORWAY PINE SYRUP.

A few doses will convince you that it is just the remedy you require.

Mrs. J. W. Pearsons, Amherst, N.S., writes: "Some time ago my daughter had a very bad cough which settled on her chest. She had no rest day or night. I gave her everything I could think of, but without doing her the least bit of good. At last I thought of Dr. Wood's Norway Pine Syrup, so I got a bottle for her. She had not taken half of it before she got relief, and with the remainder she was completely cured. Now when any of the family have a cough we always know what to get for it."

Dr. Wood's is 25c and 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

ROUGH ON TOMMY.

The mails from home had just been received by a certain regiment. Not only were there letters but many parcels from relatives and friends at home for lucky soldiers. One of the Tommies received a large box addressed to himself and with a triumphant yell he rushed off to his company's lines and gathered them around him to share in the eagerly anticipated contents of his box.

"Smokes, lads!" he cried, as he unfolded the wrapping. "From the old man; I knows it. An' there's sure to be a bottle or two of Scotch."

He opened the box, gave one look at the contents and collapsed in a heap.

"What is it?" cried his comrades, pressing round. "It's from ole Auntie Mary," groaned the disappointed warrior. "Bandages an' ointment an' embrocation an' splints, an' a book on 'Ow to be yer own surgin'!"—London Tit-Bits.
