NINE RECRUITS

(Continued from page eight.) addresses by Rev. Father Carney and Major Day at the A. & B. Club House last night. Other features of the program were patriotic selections by the Fredericton Brass Band and by a double male quartette organized for the occasion.

Major Day made his appeal for recruits along the line he had followed the previous night. Rev. Father Carney, who was the first speaker, made an excellent impression and was heartily applauded. He gave a clear and concise account of the development of the European War and of the part which Canada, through her attachment to the Motherland, had taken so gloriously. He mentioned the German atrocities in Belgium, many of which could hardly be spoken of. The war was not over yet and again the call had gone out for troops from Canada. Fredericton had done nobly in the past, come of her sons shedding their blood and giving their lives, but more were needed. British people had prided themselves upon their voluntary army system but in many quarters it was feared that conscription might have to be adopted before the war was over. Rev. Father Carney concluded his remarks with a humorous story about the Kaiser and King Albert of Belgium.

BOARD OF HEALTH WANTS NEW DUMP PROVIDED

The Board of Health, at its regular monthly meeting last night, passed a resolution to the effect that the City Council having ordered the dump at the foot of Westmorland street closed, should secure a place for a new dump. The resolution also suggested the use of an incinerator to burn rubbish.

A delegation from the milkmen, composed of Coun. A. B. Neill, Mr. Hamilton and Dr. G. C. McCoy, was heard. Its members requested that the law regarding the test of dairy cattle for tuberculosis be enforced and, also suggested that the test should be paid for by the Board of Health or Dominion Agriculture Department.

Secretary Beckwith gave the opinion that neither the Board nor the Dominion were called upon to pay. A resolution was passed that the secretary communicate with the Department of Agriculture with regard to the matter.

TRAIN WAS DELAYED.

The St. John train was over an hour late in arriving last evening. There were over a hundred Normal students on board and the car accommodation was so inadequate that many of them had to stand after they boarded the train on points on the I. C. R. and C. P. R. There was a big rush at the depot upon the arrival of the train here and cabs were in a great demand. One cab carried ten students and distributed them at boarding places. Seven young ladies crowded into the tonneau of one automobile.

CLAUD CLAYTON LOSES ARM IN COTTON MILL

Left Arm Caught in Carding Machine at Marysville Yesterday

Mr. Claude Clayton of Marysville, had his left arm torn off at the elbow while at work in the carding-room of the Marysville Cotton Mill yesterday afternoon. The accident occurred at about five o'clock, the arm in some way being drawn into the carding-machine at which he was working. He shouted to those at work near him but so great was the noise that he was not noticed for a time. It then was found necessary to take the machine apart. Mr. Clayton, in spite of his terrible injury, took keys from his pocket with his uninjured hand and directed others to get tools and free him and this took some time.

Dr. Ross and Dr. Atherton were summoned and attended the injured man, finding it necessary to amputate the arm at the elbow. Today Mr. Clayton is reported to be resting as easily as could be expected.

He aided in the installation of machinery in the Marysville cotton mill thirty-one years ago and when the mill was put in operation a year later he became an employee. At the time of the accident he was second hand in the carding-room and was a cord grinder. He had been police magistrate of Marysville for about five years.

LOCAL GOVERNMENT IN SESSION HERE

The members of the provincial government are all in the city and as usual they are accompanied by a retinue of camp followers. There was a meeting last evening, but very little business was transacted. In fact the time was pretty well taken up by delegations. Ex-President Gould of the St. John and Quebec Railway Company, was given a hearing and Royal Commissioner Chandler, who it seems is not to be allowed to finish his work, and Dr. Price, M. P. P., was also in conference with members of the executive.

There was no meeting this morning but a conference was held with Mr. Thomas Adams town planning expert of Ottawa.

Another meeting of the government is being held this afternoon.

Among those in the city for the meeting are, Mr. W. B. Chandler, K. C., and Dr. Price, M. P. P., of Moncton, Mr. Harry Woods, Tory organizer, M. G. Teed, K. C., of St. John, J. W. Brankley and Mr. A. R. Gould.
