GOVERNOR OF YUKON SENDS RESIGNATION

(Toronto News)

San Francisco, Cal., Dec. 7—Governor Black, it was said, Yukon Territory, wired his resignation as Governor to Premier Borden of Canada, it was learned here, preparatory to accepting a commission as captain in the expeditionary forces to be sent to France in the spring. Arrangements were made recently for such a course with General Sir Sam Hughes.

Governor Black, it was said, will go into the training camp at Vancouver, B. C., for three months and then will take command of a company to be recruited in the Yukon and concentrated at Dawson, whence the men will march 480 miles overland on their way to Vancouver.

Governor and Mrs. Black are here on a visit to the Panama-Pacific Exposition. They will visit relatives for a short time before the Governor takes his commission.

HIS HOPE.

"Father, I had a fight with Percy Raymond today."

"I know you did," replied the father soberly. "Mr. Raymond came to see me about it."

"Well," said the son, "I hope you came out as well as I did."—Padies Home Journal.

The worst of a cold is how suddenly it comes. No hurry to the drug store, cramp develops, the lungs are affected with pneumonia or tuberculosis and it's too late. Catarrhzone is the best remedy because it cures in nature's way; it heals, soothes and restores permanently. Carry a Catarrhzone inhaler in your pocket, use it occasionally and you'll never catch cold—that's worth remembering.

Beware of dangerous substitutes meant to deceive you for GENUINE CATARRHZONE which is sold everywhere, large size containing two months' treatment costs \$1.00; small size 50c, sample size 25c.

LIVELY.

The old man was sitting in front of his lonely cabin in the Tennessee mountains. "Them roads is vile with them automobiles," he remarked as the visitor drew rein on the deeply rutted roads.

"Why, do many come up here?" asked the surprised horseman.

"Many? Why, stranger, I don't believe there air a week but what one goes by," said the old man.—Life.

EXPLAINED.

"What do they mean by the expression, 'spiking the beans'?"

"It is from the Boston, and means the divulging of information concerning which one should have been more reticent."—Pittsburg Post.

Quite recently a warship of the Atlantic fleet found it necessary to call for a few hours at a military port on the coast of Ireland. Tommy Atkins, meeting a full-bearded Irish tar in the street a couple of hours later, said:

"Pat, when are you going to place your whiskers on the reserve list?"

"When you place your tongue on the civil list," was the Irish sailor's reply.—Tit-Bits.

A TEN-CENT HOMESTEAD

Industrious Girl Won Cheapest and Smallest Holding on Record

A little log house built with her own hands, a few square yards of garden given over to tomatoes and cabbage and 10 cents paid in cash to the government of the United States won for Miss Helen Blue of Turtle Lake, Minn., the smallest homestead in the republic to the south of us.

"Helen's 10-cent homestead" is situated on a small point of land running out into Turtle Lake. It is only 33

feet wide at the widest part, and 18 feet long.

Miss Blue, who is 27 years old, built her log house, fenced off the land lived there 17 months and cultivated a garden of tomatoes and cabbages. Then she had saved enough money to pay for the land, and expected the government would demand a pretty good price.

The government official demanded one dime as full payment.

Helen's homestead is not only the smallest, but probably the cheapest ever taken possession of in the United States.

Its total area is eight hundredths of an acre. Her log house measures 14 by 16 feet. The government would have required her to cultivate only 218 square feet of entry in order to win title, but industrious Helen Blue raised crops on 1,742 square feet.

Inez Milholland says that women should propose marriage if they wish. That is, they should come out plump and plain about it, instead of getting the innocent bystander man married before he knows what struck him.
