MUNICIPALITIES UNION

(Continued from Page four)

chell of Fredericton Ald. J. M. Lamont of Fredericton, Coun. O'Brien of Lancaster, Mr. J. T. Jennings of Fredericton, Mr. J. King Kelly of St. John, spoke briefly.

An amendment of Mr. Price that the resolution be tabled was lost and the resolution was carried.

PAPER ON PATRIOTIC WORK

Ald. W. F. Higgins of St. Stephen read a paper on "The Municipal and Patriotic Work." The paper was highly interesting and contained valuable suggestions for cooperation between municipal and military authorities. I suggested that municipal authorities conduct the advertising portion of recruiting campaigns and organize and register all young men of military age.

Commissioner F. L. Potts of St. John moved a vote of thanks to Ald. Higgins for his excellent paper. He also suggested that attention might be bestowed upon the establishment of shipyards in New Brunswick.

Mayor Wallace of Sussex seconded the motion which was carried.

President Kelly pointed out that the essential part of the paper was the suggestion toward aiding recruiting.

Mayor Grimmer of St. Stephen followed the same line and also stated that New Brunswick had not done her duty in giving either money or men. The province had numerous men who had not yet given one hundred dollars who could give ten thousand dollars as easily.

Replying to the vote of thanks Ald. Higgins stated that he had made his appeal to each delegate to work in his own locality.

Mayor Wallace suggested that the Union give a grant to the Patriotic Fund from its funds.

President Kelly stated that the

funds could not be drawn upon for that purpose.

Mayor Wallace said that it was up to the convention to decide whether the money he devoted to that purpose or another.

On motion the matter of printing Ald. Higgins' paper was left to the executive. The question of printing a paper by Mr. R. B. Wallace on "The Union Jack" delivered at the convention in 1914 was referred to the same.

Mayor Mitchell of Fredericton pointed out that Fredericton as well as St. Stephen had done her duty in connection with patriotic effort. The city and the surrounding country had given \$20,000 to the Patriotic Fund and the city had given seven machine guns. An energetic and successful recruiting campaign in York, Sunbury and Queen's counties had also been organized in Fredericton.

The convention then adjourned until 2.30 p.m. Thursday.

VISITING AT MARYSVILLE.

Mr. John Downing who has been engaged in the shoe-business in Lewiston, Me., for the past two years is visiting his former home at Marysville, Miss T. Downing of Halifax is visiting relatives in Marysville.

SERIOUS CHARGE.

Police Sergt. Duncan of this city and Constable Barker arrested a man at Canterbury Station yesterday on the charge of criminal assault. He was brought to the city last night and placed in the county gaol.

LATE MARTIN BUTLER.

The funeral of the late Martin Butler took place this morning and was largely attended. Solemn service was conducted at St. Dunstan's Church. Interment was made at the Hermitage.

MANITOBA BOODLERS CONDEMNED

(Continued from page One.)

DESTROYED THE RECORDS

15.—That Sir Rodmond Roblin and Dr. Montague, some time after October 18, 1914, and before January 1, 1915, fearing the consequences which might result from the discovery of the aforesaid \$832,650 contract, destroyed the order-in-council passed on July 4, 1914, authorizing the execution of said contract and the several copies thereof, together with the said contract and every paper and record known to them by which its existence could be traced.

16.—That Dr. Montague agreed with the contractors, Thomas Kelly & Sonst to recoup them out of the dome construction to the extent of \$75,000 at least, for the loss they sustained in the destruction of the destroyed contract, and he sent Mr. Horwood to Chicago in company with Thomas Kelly to arrange with E. C. Shankland to increase the weight of steel in the dome plans, then being prepared by him to the extent necessary to accomplish this purpose; that Mr. Horwood did so arrange with Mr. Shankland, who did increase the weight of the steel as required.

17.—That the steel plans for the dome prepared by E. C. Shankland are overloaded to the extent of 467 tons, representing a possible overpayment to the contractors of upwards of \$80,000.

18.—That the government agreed to pay E. C. Shankland five per cent on the contract price of the dome to be erected from his plans and on December 23, 1914, paid him \$15,000 "on account." This sum is more than double what his remuneration would have been based upon the necessary tonnage of steel in the dome at reasonable ton prices.

19.—That during the session of the public accounts committee in March, 1915, W. A. Elliott, the chief inspector, at the request of Mr. Horwood, certified the yardage of concrete on the last three applications for payment in respect of the caissons, and William Salt, also at Mr. Hordwood's request, altered his records of the depth of the caissons for the purpose, in each case, of deceiving the said committee, and that in each case Mr. Hordwood acted by instructions of Mr. Coldwell.

PAID OFFICIAL TO GO AWAY

20.—That when Mr. Coldwell and Mr. Hordwood ascertained that William Salt would not falsely swear to the accuracy of the said altered depths of the caissons, he was by them sent out of the province, beyond the reach of the said committee.

21.—That this same witness, William Salt was paid various sums of money to remain out of the province during the session of the public accounts committee, and after the prorogation of the legislature he was paid large sums to remain out of the jurisdiction of your commissioners. That these actively instrumental in keeping William Salt beyond the jurisdiction during the period named were Mr. Collwell, Mr. Howden, Thomas Kelly, Mr. Hordwood and Dr. Simpson, and the agents employed by them for that purpose were Mr. W. A. Elliott, M. G. Hook, two employees of the government, and Mr. H. W. Whitla.

22.—We find that, after giving the contractors credit for all the work done and the value of the materials on the site, and the steel fabricated but not delivered, including the work done from December 8, 1914, when the last payment was made, until the work was stopped, about the middle of May, the contractors are overpaid to the amount of \$701,093.59.

23.—As our information lead us to believe the absence of the contractors from the jurisdiction may be of indefinite duration, we have thought it advisable to submit this as an interim report upon the evidence already adduced.

24.—All of which, with the evidence, is respectfully submitted this 24th day of August, 1915.

T. G. MATHEWS,
D. A. MacDONALD,
HUGH MacDONALD,
Commissioners
