NEALIS-SMITH.

Mr. Vincent Nealis and Miss Margaret Smith were married yesterday afternoon at St. Anthony's church, St. Marys, by Rev. Father Ryan. The bride was becomingly attired in white and carried a white prayer book. She was attended by the groom's sister, Miss Kate Nealis, and Mr. Fred Nealis acted as groomsmen. After the ceremony they drove to Nashwaqasis, where a reception was held. They will reside at Royal Road.

LATE SUBURBURN TOMORROW

Arrangements have been made with the I. R. C. authorities to have a train tomorrow night for the benefit of the Marysville people who wish to attend the Grand Patriotic Concert at the Opera House, Friday evening. A train will leave Marysville to bring the people to Fredericton from which a train will be run from this city after the concert.

WEISS BEER IN KINGS.

Sussex Record:—Some weeks ago Inspector Asbell took a trip around town and cleaned up all the Weiss beer on sale on the strength of an analysis he had made of this beverage, which showed it to contain more than the quantity of alcohol allowed by the Canada Temperance Act. A case was laid against Jos. O'Brien, of St. John who is connected with its manufacture and on the 5th inst. he was fined \$50 and costs by Judge Folkins, which was paid.

LADIES CAN ASSIST.

The committee to organize a new recruiting campaign in St. John may find it advantageous to call in the aid of young ladies, as in England. The present style of short skirt makes it possible to display on the ankle bright bands with appropriate inscriptions, such as "Enlist to-day," "England needs you," "Kitchener is calling." Soldiers must be had, and if the worst comes to the worst, no doubt the ladies, who have already done so much, will consent to the use of this attractive advertising space in the national interest.—Globe.

THE PATRIOTIC CONCERT.

There is a big demand for reserved seats for the Patriotic Concert to be held at the Opera House on Friday evening. An attractive program has been prepared and it will undoubtedly be the greatest musical treat of the season. Mrs. J. H. Calder, who is arranging the program, states that the concert will start at 8.20 o'clock sharp. Miss Rita Fowles of Hopewell Cape who is down for a vocal selection will arrive this evening. Miss Fowles visited Fredericton two years ago and sang at the Kirk and also at the Brunswick Street Baptist church, making a splendid impression. Miss Dayton has also been heard in public here on several occasions. Others to take part are Mrs. Montgomery late of St. John's, Newfoundland, Miss McKenzie of Rumford Falls, Miss McGrath of Boston, Miss Hudson and Miss Gibson.

PATRIOTIC SUPPER.

A supper for the Canadian Patriotic Fund was held at Bloomfield, on Tuesday evening. Thus the people of Bloomfield and vicinity have again shown their whole-souled sympathy with the Canadian soldiers, and a desire to help them. In spite of recent rains which made the roads muddy, the attendance was good. An excellent supper spoke well for the Bloomfield cooks. Ice cream and candy were also sold. The net proceeds were about forty-five dollars. After the supper, dancing was indulged in by the majority of the people until the wee small hours.

ACTIVITY AT THE LAKE GEORGE ANTIMONY MINE

Water Being Pumped From the Shafts
And Repair Work Going on—
Smelters to Start Work in
A few Days

The Lake George Antimony mines are now the scene of considerable activity, and it is expected that the smelters will be in operation in the course of a week or ten days. Manager Crowe has a force of thirty men at work pumping the water from the shafts and making repairs to the buildings and machinery. In one of the shafts it is said that water had accumulated to a depth of over two hundred feet. Messrs. Fred B. Brown and J. A. Decue, mining experts of Montreal who are interested in the new company which is to take over the property paid a visit to Lake George this week. They expressed themselves as being well satisfied with the progress being made. There is plenty of ore in sight and it is proposed to start smelting operations in the near future.

A large force of men will be employed at the mine and there will be no difficulty in disposing of the entire output at a satisfactory price.

MOTORISTS SAW BEARS.

When returning from Amherst by motor on Saturday a party composed of Messrs. Alex Wilson, L. B. Moss, M. H. Sprague, and J. Shenton met two black bears on the Athol Road. The bears were evidently not bent on trouble-making and 'took to the woods' when the car came along.
