How do You test Shingles?

A roof is not a thing to be chosen lightly, You are bound to choose *metal* as sure protection from lightning and fire. But how can you tell which is best?

Let us tell you how we test PRESTON Safe-lock SHINGLES. Admit we have as much at stake as you. We think we have more. Our whole future depends on the iron we put on your and your neighbors' barns. The life of our business is the farmers' good-will. So our own test is severe. It is our own way of insuring our business against failure.

The galvanizing which forms the protection from rust and ruin, we put to the British Government tests—acid tests. This is harder on galvanizing than the storms, the wind, the heat, the frost of twenty years. But, when we send out PRESTON Safe-lock SHINGLES we know that they will give the best service, bring new friends and new business.

PROSPERITY WILL COME TO CANADA WITH END OF WAR

(Montreal Mail.)
"I am confident that in the rush of prosperity that is bound to follow the finish of this great world struggle, Canada will participate to a large extent. The boom will not come right after the conclusion of the war, but will take some time, probably two years. During this time emigration to Canada will be very limited, because the men will be needed over at the other side. In two years' time, however, the rush to Canada will be enormous, and I firmly believe that in five years' time, Montreal and Toronto will be cities of over a million population." This opinion was voiced by M. Jules Matzkowski, of Paris and Cairo, expert advisor to the French and Egyptian governments, who is in the city on a visit.

BIG THING FOR TRADE

In an interview with The Mail, M. Ratzkowski said the war would kill the "Made in Germany" cry, and her commercial standing in the world would be destroyed for ever. The allied countries and Canada especially would share in the trade that has up to this time been hers. It would then be a case of "Made in Great Britain," "Made in France," and "Made in Canada."

HAS CHERRIFUL VIEW

M. Ratzkowski spoke cheerfully of the progress of the war. He voiced the opinion that the great conflict now being waged could not continue much after the month of July. This is not only his own opinion, but the same opinion as expressed by the prominent people of France, and the officers of the French army. The war according to M. Ratzkowski, was not an ordinary war, but a gigantic siege, which is slowly but surely coming to a climax.

Germany has used up all her gold and her paper money is at a discount. She cannot continue long, because her vitality has been all used up. Another two or three months will see her end.

In Paris there is very little general business being done, everything is set aside for the war. The machinery manufacturers, are, however, working night and day supplying the munitions of war. All the young men have gone to the front.

Before leaving France, M. Ratzkowski paid a visit to some of the hospitals and had conversations with several of the wounded soldiers. He met many of them who had been wounded not once but many times, and it was not their first time under treatment. But they were not complaining one bit, all jolly and contented, and eager for the day to come when they could go back to the trenches and again help their brothers in arms. M. Ratzkowski was much impressed with the deep sympathy that exists between the French and British soldiers, who fraternize just like brothers, sharing whatever they possess. He said there was a bond between them that would last forever.

FIGHTERS PREPARE TO 'LEAVE HAVANA

Havana, April 7.—Jess Willard and Jack Johnson, the two heavyweight pugilists who made ring history, here are tonight preparing to depart from Cuba. Willard, the new champion, accompanied by a numerous party, will leave for Key West early tomorrow morning, but where he will proceed from there, whether to Jacksonville, New Orleans or New York, has not been decided late tonight.

Willard was tendered a dinner and reception by the citizens of Havana this evening. Everywhere Willard went today, cheering crowds followed him. Johnson remained in seclusion most of the day. It was reported that he was packing his belongings preparatory to leaving for Santiago tomorrow and proceeding thence to Jamaica. Johnson, however, denied this and declared he would depart Thursday or Friday for the island of Martinique. He discharged his camp followers today. The big black says he no longer is of interest to the public and desires to be left alone.

The promoters of the fight today finished the counting and dividing of the gate receipts of the fight. They announced tonight that the battle drew into the box office \$110,000 and that the attendance was 32,000.

Springfield Republican.—It was the greatest good fortune for Britain that she went into this war with the Government under the control of the more democratic parts of the Kingdom—the parties that had been most opposed to aggressive imperialism and militarism. For that fact served to emphasize the contrast between British democracy and the Prussian drill master.

Had Heart Trouble FOR YEARS.

Weighted 87 Lbs.
Now Weighs 138 Lbs.

Miss Beatrice Lougheed, Staples, Ont., writes: "I feel it my duty to tell you what Milburn's Heart and Nerve Pills have done for me. I had heart trouble for quite a few years. I doctored for it, and altogether my bill amounted to \$400, and still no cure. One day when very sick I was lying on a couch close to where some almanacs were hanging. I took one down, and was reading about what Milburn's Heart and Nerve Pills cured, and thought I would try them. I got six boxes to start with; have only taken three boxes and I never felt so well in my life as I do now. I only weighed 87 pounds when I started to take them, and now I weigh 138 pounds. I hope all poor sufferers will be benefitted by them as I have been."

Wherever there is any weakness of the heart, Milburn's Heart and Nerve Pills will strengthen it and build up a strong healthy system.
