HOLDING A WAR COUNCIL

London, Mar. 30--Germany's next move in the military field--for some stroke either in the east or the west is expected before the Allies attempt their spring advance--is at present the chief subject of speculation and conjecture. According to reports reaching here from Petrograd, the German emperor is now at Berlin holding a war council with Field Marshal Von Der Goltz, the German military commander of Constantinople, and other leaders, and is planning a new campaign to offset the fall of Przemyśl, and meet the situation in the Dardanelles.

REPAIRING FORTS

London, Mar. 31--A Reuter despatch from Athens says--"The Turks are repairing the damage done to the forts, and concentrating troops in Smyrna."

"The operations in the Dardanelles Sunday were confined to an intermittent bombardment of several Turkish positions, in which seaplanes co-operated. The Turkish reply was feeble"

Berlin, Mar. 31--Included in the items given out today by the Overseas News Agency, is the following--

"A special despatch received here from Constantinople says the first bombardment of the Turkish fortifications on the Bosphorus by the Russian Black Sea fleet consisted of the firing of 128 shots at the forts from a distance of seventeen kilometers, 11 miles. The forts did not reply to this fire.

FOR FORESTALLING.

A grocer, whose place of business is downtown, has been summoned to appear in the police court tomorrow on the charge of forestalling, having purchased butter in the market before the required time.

BUDGET BROUGHT DOWN

(Continued from Page One.) marks of the provincial secretary would indicate that it is coming.

While dealing with the expenses of the executive government, Dr. Landry went quite extensively into comparative statements of expense as to travelling, but did not say anything about the much larger salaries that are being paid some members of the government and the very substantial increase of \$2,400 a year to the premier's stipend.

FLEMMING DREW FULL PAY

That additional allowance, was by the way, drawn by Mr. Fleming all the time he was under "leave of absence" and investigation from the 6th day of April to the day he resigned in December. His stenographer was paid for that time as well and a considerable allowance for postage, although Mr. Fleming wonders what public business he could have engaged in. He was also paid in full for his attendance at the meetings of the Provincial Hospital commission, while as a matter of fact he only attended half of the meetings.

It is, however, pretty generally understood that although Mr. Fleming had leave of absence and was under a cloud he kept close touch with the departmental work of the provincial government and there isn't much doubt that he still knows about all that is going on and the fear of his knowledge hangs like a sword over many members of the legislature.

Another subject that Dr. Landry touched upon was the Valley Railway bridges, which he said would be built "if it was at all possible." This closing phrase lacks the confidence of the expression of two years ago when nothing was heard but "Grand Falls to St. John."

BIG DEATH DUTIES

The estimates as brought down today place the income of 1915 at more than a million and a half dollars and the expenditure at about eight thousand dollars less. It will be noted that among the large amounts of income succession duties figure. Last year the receipts were \$20,000 and up the opening of the legislature this year more than a hundred thousand dollars had already been paid. Apparently, more is expected to come for the estimated succession duties are \$135,000.

Another interesting item of \$4,300, to be paid for expenses of the Dugald investigation. Up to March 11, \$2,644 had already been paid, and yet neither the counsel nor the commissioners themselves had received a cent. According to the estimate of expenditure, the province expects to be called upon for less than \$2,000 more, and if all reports are true, the bills of each commissioner will be more than that sum.

The proposed classification of crown lands is not going to be so very expensive after all, for only \$1,200 is asked for that purpose but the item of interest which will before long, overshadow everything else is all compelling. The enormous sum of \$350,000 is asked to provide for interest, while last year the amount paid on this account was little over \$270,000.

The House meet in the evening and passed a large number of items of supply.

TO HAVE NIGHT SESSION.

A night-session of the County Court will be held tonight, beginning at eight o'clock. R. W. McLellan, for the defence, will conclude argument in the case of The King vs Fred Elliott.
