Canada was represented by Col. Sam Hughes. Others present included Lord Roberts, Lord Kitchener, Lord Lansdowne, General Ian Hamilton, Right Hon. A. J. Balfour and other distinguished personages. Earlier in the day Col. Hughes and the other Canadian officers visited the establishments at Coventry of the Ordnance Works. Col. He has devoted much time and energy to obtaining a thorough knowledge of this subject since his arrival in England.

## REGINA WILL CHEER THE CONNAUGHTS

Regina, Sept. 21.—In connection with the preparation being made for the approaching visit of the Duke of Connaught to the Saskatchewan capital the reception committee has arranged what is to be known as the spontaneous committee. In explanation of this step it is pointed out that a marked characteristic of the western crowds is their lack of enthusiasm and their inability to cheer in good red blooded fashion. This it is said was prominently remarked at during the Governor General's present western tour and it will be the duty of the spontaneous committee to see to it that the crowds who witness the Duke's progress through the streets of Regina shall give his H.R.H. a welcome worthy of the occasion.

Winnipeg, Sept. 21.—Sir. Thomas Shaughnessy on his way east declared here that the Canadian Pacific had plenty of cars for moving the grain east though they were lying idle now owing to delay in harvesting and threshing. He found conditions satisfactory on the line between Montreal and Vancouver, all of which he inspected by daylight. He was unable to say if the C.P.R. would build a tunnel through the mountains calling it one of the difficult problems which needed study.

## MORE AIRSHIP FATALITIES

German Military officers  
Fall to Their  
Death at Freiburg

Search Being Made in Chicago for  
Men Who Robbed Canadian  
Bank

Freiburg, Saxony, Sept. 21.—Two German military officers were killed while flying near here today. This makes the third fatality in which members of the Army Flying Corps were the victims to occur in Europe within the present month.

The machine, which was of the monoplane type, was being piloted by Lieut. Berger, who was carrying Lieut. Jungmann as a passenger in a fight from Chemnitz to Berlin. When passing over this city the machine suddenly plunged from a high elevation.

The cause of the accident is not explained.

On account of the recent casualties to aviators of the British Flying Corps, in which six aviators all told, lost their lives, the British War Office recently suspended the use of monoplanes in the service.

Chicago, Sept. 21.—Aching Chief of Police Schuetzler, in charge of the search for the two Canadian bank robbers who eluded arrest here, declared today that he believed the robbers had left Chicago. He said he was co-operating with detectives in a country-wide search for the suspects. Two men who are being held in connection with the case were said by Chief Schuetzler not to be implicated in the robbery. They became acquainted with the robbers here. The police are searching for two women who were companions of the robbers in Chicago. Two Greeks said to have been engaged to assist in disposing of the Canadian currency, also are being sought.

## NOISE IN ULSTER NOT ALL BLUFF

Winnipeg, Man., Sept. 21.—The Earl of Stanhope, who has returned to Winnipeg from the west, declares in an interview that "the noise of Ulster is not all bluff."

"Study history," he said, "and you will see that since the days of Cromwell, Ulster men have always been serious in their convictions. Their attitude at this time means business, to my mind."

The Earl found the expansion in the prairie provinces during the four years since his last visit almost beyond belief.

## PHILADELPHIA COP STABBED TO DEATH

Philadelphia, Sept. 21.—David M. Simpson, a policeman was stabbed to death by Robert Henderson, a negro, here early today, while he was attempting to subdue Henderson who was running amuck with a knife. ## FEAR NOT FOR THE FUTURE SAYS THE OLD CHIEFTAIN

Tells the Electors of Cochrane That There  
Will be no East and West in Twenty-  
Five Years, But a United Canadian  
People—Sir Wilfrid Closes North On-  
tario Tour With an Eloquent and Inspir-  
ing Address—Degrading the Transcon-  
tinental

Cochrane, Ont. Sept. 21.—"You are reminded by the Conservative press, that I was buried one year ago tomorrow," observed Sir Wilfrid Laurier, addressing his meeting here last night. "Nay, Nay," he added, "I am not dead yet, the party is not dead and the ideals which we have striven for are stronger than ever. If I was defeated by the Canadian people one year ago no one has ever heard me complain over it nor have they seen me take back water. Young as I am, young as I feel, I have girded my loins to try again."

"We are with you shouted a man in the audience."

The Liberal leader concluded his present Northern Ontario tour with one of his most spirited addresses.

"Fear not for the future," he said. "No, Canada will come into her own. My faith is in our country and in our Canadian people. Right William. Twenty-five years hence there will be no east and no west, no distrust and no difference. There will be continuous united Canadian sympathy from the Valley of the St. Lawrence to the Valley of the Red River. Let us hasten the day when the heart of the whole Canadian people will be as one and all our national dangers disappear."

Sir Wilfrid referred to the rumored raising on the grades on the Transcontinental Railway. There were whispers which came to their ears and through the public press that the men now responsible for the continuance of the construction of the railway were contemplating a degrading of the character of the road. The work the Liberal government contemplated was a road unrivalled on the continent a road as should be, practically level from the Atlantic to the Pacific, and which was not to exceed in grade four to six tenths of one per cent. Now they heard that this level was to be degraded and the national highway was no longer to be a first class road, but was to be a succession of camel backs from the town of Cochrane to the City of Quebec.

"I do not charge the Government at the present time," continued Sir Wilfrid, "but this is a thing which if contemplated should not be allowed to go on. We must not allow this railroad to be degraded. If it be the intention of this government to destroy the character of this road, I call upon you the men of the north to protect the national road against such action and to insist that the railway shall be completed at it was conceived by the late Government."

## NEW ARGUMENT ORDERED IN WASHINGTON APPEAL

Judgments were given Friday afternoon by the Supreme Court. Included in the cases considered was one of considerable local interest. The King vs John L. Marsh, police magistrate of Fredericton, ex parte E. S. Washington. The case arose from the prosecution of the proprietor of Washington's Cafe for keeping his place of business open upon Sunday. It was explained by Chief Justice Barker yesterday that a new argument had been ordered in this case as it had been learned that in two similar cases in Ontario it had been held that the act under which the defendants had been prosecuted had been ultra vires.

## JUDGMENTS GIVEN.

In the matter of the expropriation of lands by the Ed River Light, Heat & Power Company, payment of \$75 to each of the Dow heirs, who are of age, was ordered and the payment of a like amount to the remaining heir on coming of age or to his guardian.

In the matter of the expropriation of lands by the St. John & Quebec

Railway, an order for the publication of notice was granted.

In the case of the St. John River S. S. Company, in the matter of assigning costs, the chief justice expressed the opinion that the defendants should get the general costs in King's Bench and Chancery Division and the plaintiffs on the costs of establishing claim to wharfage in the King's Bench.

## GUNNS LTD., VS DUGUAY.

In the case of Gunn, Limited, vs J. Frank Dugay, a novel and important question of practice was decided.

The defendant had been arrested under a bailable unit issue out of the Supreme Court, at the suit of the plaintiff. He gave bail to the sheriff in due course, but did not subsequently put in special bail or take any further step to defend the action. The plaintiff thereupon instead of looking to the sheriff or taking an assignment of the bail bond and bringing an action on it, proceeded in the suit against the defendant and required judgment by defendant for the debt and costs.

## SUFFRAGETTE WAS GIVEN FREEDOM

(Canadian Press)  
Dublin, Sept. 21.—Although Mrs Leigh the imprisoned suffragette was "on license" the official notice of her discharge simply says the Lord Lieut. of Ireland ordered it so that she might be removed to the hospital for treatment. The woman was taken in charge by friends and immediately visited a hospital.

Then she went to a private house in Dublin where she now is. Her removal from prison was ordered after a medical examination by Sir Christopher Nixon, ex-president of the Royal College of Physicians of Ireland, and Sir Thos. Ayles surgeon to Richmond Hospital and practically amounts to an unconditional discharge.

## A CAMPAIGN AGAINST AMERICAN PRODUCTS

(Canadian Press)  
New York, Sept. 21.—A London cable says: "The movement against cheap automobiles is the forerunner of an attack on typewriters, cash registers, safety razors and other American products sold here."

One of the leaders in the British automobile movement said: "The fight on automobiles is simply the entering wedge. We hope to obtain the passage of a tariff law, which will insure the English market for English manufacturers and provide remuneration for English labor. Our movement is not anti-American but pro-English."

## ULSTERITES ARE ACTIVE

Sir Edward Carson  
Continues the Cam-  
paign against  
Home Rule

Given a Great Ovation at Londonderry  
---The Primate of all Ireland Takes  
a Hand

Londonderry, Ireland, Sept. 20.—Sir Edward Carson, former solicitor general for Ireland, today continued his campaign in Ulster County against home rule in Ireland.

He was the recipient of a remarkable ovation when he arrived here from Belfast, in which city and vicinity he addressed several large meetings yesterday. Cheering crowds lined the route from the railway station to the Guild Hall, a distance of two miles, while others formed in procession and escorted him to his destination. The streets were gaily decorated for the occasion.

The enthusiasm culminated tonight in a big demonstration at the Guild Hall, at which the Duke of Abercorn presided. Sir Edward, in the course of his speech, said:

"The covenant which all the Ulster Unionists will sign Sept. 28, pledging themselves to stand together in defending our cherished position of equal citizenship in the United Kingdom and in using all means which may be found necessary to defeat the present conspiracy to set up home rule in Ireland, has disappointed the radicals because of its moderation."

It was a solemn document, the speaker added. No fireworks had been allowed to creep into it.

Frederick Edward Smith, member of parliament for the Walton division of Liverpool, also addressed the meeting, assuring the Irish Unionists that they had England at their back in their fight against home rule. A resolution of adherence to the covenant was carried by acclamation.

## PRIMATE TAKES A HAND.

Armagh, Ireland, Sept. 20.—Most Rev. John Baptist Crozier, Primate of All Ireland of the Church of England, has designated next Sunday and the days following it, including Saturday, "Ulster Day" as "days of special intercession and prayer on behalf of our beloved native land." During the week the following special collect will be read:

"Deliver us, we pray thee from these great imminent dangers that threaten the welfare of our church and country. Grant that all that is said or done this week may tend to the glory of Thy great name and the welfare of the church and people, so that truth, justice, religion and piety may be established among us for all generations."

Belfast, Sept. 20.—The third great North of Ireland anti-home rule demonstration was held at Londonderry today. Thousands of Orangemen cheered the watchword, "Ulster will Fight."

Troops were confined to the barracks in anticipation of rioting and special trains were held in readiness on railroad sidings at neighboring centres to rush reinforcements to the scene on short notice.

The Empire to Have Unified System  
of Government---To be Open  
to Foreign Capital

London, Sept. 21.—An important program in the interests of reform has been drawn up and agreed to by the four Chinese leaders, President Yuan Shi Kai, Ex Provincial President Sun Yat Sen, Vice-President Li Yieu Heng and Acting Premier Hang Sing, according to The Daily Mail's Peking correspondent. The program, he says, represents an agreement between the opposing parties and on the question of centralization is a compromise between Yuan Shi Kai and Li Yieu Heng. The following are the principal headings of the program:

The empire is to be placed under a unified system of government, the military system is to be centralized. China will be opened to foreign capital to build railways, open mines, erect steel works and to carry on every kind of manufacturing to benefit the empire, while every encouragement will be given to agriculture, and every industrial and commercial enterprise. Finance, justice and communication are to be conducted under a central power.

Provincial affairs will be dealt with under the principles of self government, as far as circumstances will permit. The finances of the country are to be regulated at the earliest possible moment, political parties are to be harmonized and order is to be maintained.

## HOW MONTREAL YOUTH DECEIVED HIS FATHER

Montreal, Sept. 21.—After receiving several wires asking for money from his sixteen year old son, Albert, who had run away and who had been stranded in Sudbury, Ont., J. B. Souchereau of Verdun, got a message purporting to be signed by the station agent at Sudbury mentioning that Albert Souchereau was dead there. The father made all preparations for the receiving of his remains at home, having the house draped and bier installed with candles ready. He also ordered a large quantity of flowers and several friends sent wreaths. He then went to Sudbury wiring ahead to the undertaker there to have the casket ready. Much to his surprise he was met at the depot by the boy who had practised this deception in order to get home.
