FREDERICTON, N. B.

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000
Worth of Medicine

In order to show beyond all doubt
that I am in possession of a medicine
that will cure kidney trouble, bladder
trouble or rheumatism, I will this year give
away ten thousand dollars' worth of this
medicine, and anyone suffering from these
diseases can get a box of it absolutely free.
All that is necessary is to send me your ad-
dress.

I don't mean that you are to use a part of
it or all of it and pay me if cured. I mean
that I will send you a box of this medicine
absolutely free of charge, a gift from me to
the Uric Acid sufferers of the world, so I can
show them where and how they may be cured.
I will not expect payment for this free medi-
cine, nor would I accept it now or later if
you sent it. It is free in the real meaning of
the word.

For twenty-five years—a quarter of a cen-
tury—I have been trying to convince the pub-
lic that I have something genuine, something
better than others have for the cure of stone,
born, chronic rheumatism, for torturing kid-
ney backache, for annoying calls to urinate.
But it is hard to convince people—they try a
few things unsuccessfully and give up all hope
and refuse to listen to anyone thereafter.
Happily, I am in a position now to demon-
strate to sufferers at my own expense that I
have a medicine that cures these diseases.
I don't ask them to spend any money to find
out; I don't ask them to believe me, nor even
to take the word of reliable people, but all I
ask is that they allow me to send them the
medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand
dollars, which will be used to compound my
medicine. Much of it is ready now to be
sent out, all of it fresh and standard. There
will be enough for all sufferers, though there
be thousands of them. And anyone who
needs it can get some or it free. But in
order that I shall know that you have a dis-
ease for which this medicine is intended, I
ask you to send me some of your leading
symptoms. If you have any of the symptoms
in the list printed here you need my medicine
and if you will write me I will gladly send
you a box of it free with full directions for
use. Look the symptoms over, and write me
about as follows: "Dear Dr., I notice symp-
toms number"—here put down the numbers,
give your age, full address, and send it to me.
My address is Dr. T. Frank Lynott, 831
Franklin Building, Toronto, Can.

The ten thousand dollars I am spending for
the compounding of my medicine is only a
part of the money I am devoting to this
cause, for the package of medicine I send you
will be fully prepaid at my expense. From
any standpoint you view it, YOU incur no
expense or obligation. Just tell others who
you know are suffering how you sent you the
medicine that cured you.

I am promising to give away ten thousand
dollars' worth of medicine, and I will do that;
I am promising to send any sufferer who
writes me a box of this medicine and full
directions free of charge, and I will do that.

DR. T. FRANK LYNOTT
who is giving away \$10,000 worth of medicine.

I can say further that this medicine has been
vouched for according to law as complying in
every detail with all requirements. It will
stop rheumatism, it will stop pain and back-
ache, it will stop too frequent desire to
urinate; it will heal, soothe and strengthen.
You will be better in every way for having
taken it. There is not an ingredient that can
injure; not one but will benefit. All that I
ask is that you use it yourself so that you
may be personally convinced.

Owing to the large number of requests, I
have had ten thousand more copies of my
medical book printed. This book is new and
up to date and contains complete descriptions,
symptoms, causes, effects and cures of kidney,
bladder and rheumatic diseases. All who write
for the free medicine will be sent a copy
of this grand illustrated medical book—the
largest ever written on these diseases for free
and general distribution.

If you need medicine such as I have, if
you are anxious to be cured and don't want
to spend any money LOOKING for cures,
write me. Read the symptoms over and let
me hear from you today.

These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—Prostatic trouble.
- 6—Gas or pain in the stomach.
- 7—General debility, weakness, dizziness.
- 8—Pain or soreness under right rib.
- 9—Swelling in any part of the body.
- 10—Constipation or liver trouble.
- 11—Puffiness or pain under the heart.
- 12—Pain in the hip joint.
- 13—Pain in the neck or head.
- 14—Pain or soreness in the kidneys.
- 15—Pain or swelling of the joints.
- 16—Pain or soreness of the muscles.
- 17—Pain and soreness in nerves.
- 18—Acute or chronic rheumatism.

INTERNATIONAL HYGIENE CONGRESS AT WASHINGTON

Washington, D. C., Sept. 21—More
than three thousand of the world's
most noted experts in hygiene and
sanitation are gathered in this city
at present, waiting to attend the
Fifteenth International Congress of
Hygiene and Demography, which is
to open here on Monday and will
remain in session through the entire
week. This will be the first time
that the Congress meets upon Ameri-
can soil and there is every indication
that the gathering next week will
surpass all its predecessors in atten-
dance and general importance. This
year's congress is held under the
auspices of the United States govern-
ment and President Taft is scheduled
formally to open the Congress, of
which he is the honorary president.

Every country of Europe, practical-
ly every civilized country of the rest
of the world, including the United
States and Canada and the South
and Central American republics, are
represented by delegates and many
of the principal countries are also
represented in the exhibition of hy-
giene and demography which was open-
ed a week ago and will continue for
two more weeks to supplement the
Congress. The delegates assembled
here include experts representing
every state of the Union, more than
one hundred municipalities, scores of
organizations active in matters of
hygiene and sanitation and nearly
every prominent university and col-
lege in the United States and Canada
as well as many scientific bodies.

Dr. Henry P. Walcott, chairman
of the State Board of Health of
Massachusetts, will be the presiding
officer at the sessions of the Congress
while the exhibition is under the con-
trol and direction of Dr. Joseph W.
Schereschewsky, of the United States
public health and marine hospital
service. The congress will be divided
into nine sections, each of which will
have its own program. The exhibi-
tion is held in a number of specially
constructed buildings in Potomac
Park and is attracting great inter-
est.

The general subject of hygiene in
all its sub-divisions will be discussed
at the sessions of the Congress next
week by experts from all parts
of the civilized globe. Among the
subjects of practical interest to be
discussed are "Sewage Disposal by
Dilution, with reference to Condi-
tions in Tidal Waters and Large
Streams"; "Water Purification in
Europe by Biological Methods"; "Dis-
posal of Waste"; "The Campaign
Against Noise"; "Hygiene of City
Babies"; "Sanitary Aspects of Hous-
ing Problems"; "Sewage Purification
by Oxidation Methods"; "Bacteri-
ological Examination of Market Milk";
"The Nutritive Requirements in Ear-
ly Infancy"; "Importance of Flies and
Other Insects as Carriers of Infec-
tious Diseases"; "Prevention of
Water-borne Diseases in River Traf-
fic"; "Transportation and Urban
Health"; "The Model Law for Munici-
palities"; "Air Pollution"; "Hy-
giene of Street Traffic"; "State and
Municipal Hygiene"; "The Sanitary
Aspect of Public Water Supplies";
"City Planning"; "Rural Better-
ment"; "State Insurance in Rela-
tion to Public Health" and scores of
other problems of an economic and
hygienic nature.

One whole section of the Congress
will be devoted to "State and Munici-
pal Hygiene" and symposiums have
been arranged for the discussion of
public health organization and ad-
ministration in England, Germany,
Denmark, Japan and other countries.
One of the most interesting papers
will be one by Colonel W. C. Gorazs,
chief sanitary officer of the Isthmian
Canal Commission, on "Administra-
tive Methods and Results Obtained in
the Canal Zone."

In addition to these and other gen-
eral subjects there will be discussion
of a number of specific subjects, like
infantile paralysis, the hookworm
disease, tuberculosis, bubonic plague
and other important subjects, by
some of the greatest authorities and
experts on these subjects known to
the world. In view of the former
great achievements of these hygienic
congresses it is believed that the
present congress will lead to even great-
er and more far-reaching results than
its predecessors.

This Congress was called into being
in 1852 to meet the problems con-
nected with the great cholera epidem-
ic in Europe which began in 1847
and raged for eight years. Since
then tremendous progress in general
sanitation and in the control of cer-
tain diseases like cholera and other
epidemic and infectious diseases, in-
cluding diphtheria, tuberculosis, mal-
aria, typhoid and hydrophobia, has

LAXATIVE FOR OLD PEOPLE—"CASCARATS"

What Glasses Are to Weak Eyes, Cas-
carats Are to Weak Bowels—A
10 cent Box Will Amaze You

Most old people must give to the
bowels some regular help, else they
suffer from constipation. The condi-
tion is perfectly natural. It is just
as natural as it is for old people to
walk slowly. For age is never so
active as youth. The muscles are less
elastic. And the bowels are muscles.
So all old people need Cascarets.
One might as well refuse to aid weak
eyes with glasses as to neglect this
gentle aid to weak bowels. The bow-
els must be kept active. This is im-
portant at all ages but never so
much as at fifty.

Age is not a time for harsh phys-
ics. Youth may occasionally whip the
bowels into activity. But a lash can't
be used every day. What the bowels
of the old need is a gentle and natural
tonic. One that can be constantly
used without harm. The only such
tonic is Cascarets and they cost only
10 cents a box at any drug store.
They work while you sleep.

FOREIGN COMPANY MAY GET CONTRACT

Washington, Sept. 20—The Hat-
field Steel Co., of Hatfield, Eng., has
underbid its nearest American com-
petitor fearfully \$200,000 on a \$1,000,-
000 contract for 2000 fourteen inch
shields. The American concerns have
called upon the Navy Department to
decide if it intends to violate an un-
written policy and award to a for-
eign company a contract for amuni-
tion for an American warship.

MANY FATALITIES REPORTED IN WEST

Winnipeg, Man., Sept. 20—A num-
ber of fatalities are reported from
different parts of the west today. At
Lethbridge an Austrian farm hand
on the C.P.R. named Peter Patrick
took his life by hanging. At Arcola
Sask., Stewart Burrell a young farm
hand whose home was in Winnipeg
drank poison and his body was found
in an oat field. Martha Horenson
the two year old daughter of Martin
Horenson of Kenora was drowned in
the lake at that place. At Fleming,
Sask., a young son of C. A. Johnson
was crushed to death under a farm
wagon.

ORANGEMEN SENDING FUNDS TO ULSTER

Winnipeg, Sept. 20—Samuel Larkin
grand auditor and deputy grand mas-
ter of the Loyal Orange Association
in Winnipeg, states that funds are
being sent from here for the protec-
tion of Ulster. The money is being
transmitted from local lodges to the
grand secretary of the Grand Lodge
at Belfast. He gives an instance of a
prominent lawyer not an Orangeman,
who solicited a contribution of \$25
towards the anti-home rule funds.

THE CONNAUGHTS VISITING VANCOUVER

Vancouver, B. C., Sept. 20—The
most interesting portion of the Duke
of Connaught's program yesterday
was the christening of the Connaught
bridge. The royal party with a
mounted escort and a guard of honor
arrived at the bridge. At the re-
quest of Mayor Findlay, Her Royal
Highness christened the bridge when
she pulled the rope of bunting that
swung the "bottle of champagne
against the steel bars. The local
Chinese have presented the Duke with
an address of welcome.

Catherine Courtise has a new play
written by some university professor
in the west which she will produce
after the holidays.

Miss Anglin will produce Edward
Knoblauch's gypsy-play "Egypt" at
Albany, N.Y., on September 30.
George Foster Platt, Mr. Ames' stage
director is mounting it.

been made as a result of the work of
the international congresses on hy-
giene and demography. The last gath-
ering was held in Berlin in September
1907.

MGR. McCORT'S CONSECRATION
Philadelphia, Pa., Sept. 17—The
Right Rev. Monsignor John J. Mc-
Cort was today consecrated aux-
iliary bishop of the Roman Catholic
diocese of Philadelphia with the title
of bishop of Azotus. The ceremony
took place in the presence of a lar-
ge assemblage of bishops, clergy and
laymen. The completed ritualistic
ceremony of the church was carried
out in the consecration. Archbishop
Prendergast officiated as chief con-
secrator and the Right Rev. Monsig-
not McDevitt preached the consecra-
tion sermon.
